New Mexico Youth Risk and Resiliency Survey
(YRRS)
Middle School
Grades 6-8, 2011

New Mexico Department of Health
New Mexico Public Education Department
UNM Prevention Research Center
Albuquerque Area Southwest Tribal Epidemiology Center
For information about administration and methods used in implementation of the New Mexico Youth Risk and Resiliency Survey (NM YRRS), see the volume of statewide results, New Mexico Youth Risk & Resiliency Survey: Middle School Survey Results 2011, available at www.youthrisk.org.
ACKNOWLEDGEMENTS

This report is a product of the NM Youth Risk and Resiliency Survey (YRRS), a survey that characterizes the risk behaviors and resiliency/protective factors among New Mexico youth. The YRRS is a joint project of the New Mexico Department of Health (NMDOH) and the New Mexico Public Education Department (PED), with support and technical assistance from the University of New Mexico Prevention Research Center (UNM PRC), AASTEC, and the Division of Adolescent and School Health, Centers for Disease Control and Prevention (CDC-DASH). Gratitude is extended to the individuals listed below for their contribution toward developing and producing this report. (Individuals who served on the NM-YRRS 2011 Steering Committee are identified by an asterisk (*).)

NEW MEXICO DEPARTMENT OF HEALTH
- Brad McGrath, Interim Secretary
- Michael Landen, MD, MPH, State Epidemiologist and Director, Epidemiology and Response Division*
- Lori Zigich, MPH, Survey Section Manager, Epidemiology and Response Division*
- Dan Green, MPH, Survey Epidemiologist, Epidemiology and Response Division*
- James Padilla, MS, Tobacco Epidemiologist, Tobacco Use Prevention and Control Program*
- James Farmer, MPH, Health Services Manager, Office of School and Adolescent Health*
- Mary M. Ramos, MD, MPH, School Health Officer*

ALBUQUERQUE AREA SOUTHWEST TRIBAL EPIDEMIOLOGY CENTER
- Kevin English, RPh, MPH, Director
- Judith Espinoza, MPH, Epidemiologist*
- Ophelia Spencer, Tribal Survey Coordinator

NEW MEXICO PUBLIC EDUCATION DEPARTMENT
- Hanna Skandera, Secretary-Designate of Education
- Paul Aguilar, Deputy Secretary, Finance and Operations
- Denise Koscielniak, Director, Federal Programs
- Kristine M. Meurer, PhD, Director, School and Family Support Bureau*
- William O. Blair, PhD, Assistant Director, School and Family Support Bureau*
- Dean Hopper, MAEd, Assistant Director, School and Family Support Bureau
- Lonnie Barraza, MSED, HIV Program Administrator, School and Family Support Bureau*

UNIVERSITY OF NEW MEXICO DIVISION FOR PREVENTION AND POPULATION SCIENCES, HEALTH EVALUATION AND RESEARCH TEAM
- Linda J. Peñaloza, PhD, Associate Research Professor*
- Laura Gutman, PhD, Multi-Media Development Specialist
- Courtney FitzGerald, MSSW, LMSW, Associate Scientist II
- Eric Chrisp, MS, Associate Scientist II

NEW MEXICO CHILDREN, YOUTH AND FAMILIES DEPARTMENT
- Julienne Smrcka, Juvenile Justice Services Education *

NEW MEXICO HUMAN SERVICES DEPARTMENT, BEHAVIORAL HEALTH SERVICES DIVISION
- Karen Cheman, MPH, Prevention Staff Manager, Office of Substance Abuse Prevention *

Gratitude is expressed to the excellent survey management and administration teams of the Navajo Nation Department of Health and the Bureau of Indian Education for their expertise in coordinating the administration of multiple surveys at once.

Participation in Luna County

The response rate for Luna County was 62%.

A high response rate produces survey results that are more representative of the student population. A response rate of at least 60% allows generalization of results to the entire student body. A response rate of 70% is excellent and allows a high degree of confidence in results. Because a high response rate means that more students have been surveyed, a high response rate will also be reflected in the error bars (i.e., with a higher response rate and more students included in the survey, error bars will be smaller and confidence intervals will be narrower). Response rates below 60% are considered low, and caution should be exercised in interpreting results. Low response rates indicate that the data may represent only students who participated in the survey and not necessarily the entire student body.

Totals may add up to more or less than 100%, because
1. For race/ethnicity, respondents were allowed to choose multiple responses.
2. Data may be missing for some demographic measures if respondents chose not to answer certain questions.
New Mexico Youth Risk and Resiliency Survey (YRRS)
Highlights
Luna County
Grades 6-8, 2011
Highlights from the New Mexico Youth Risk and Resiliency Survey (YRRS)
Grades 6-8, 2011
Luna County

Results from the 2011 NM Youth Risk and Resiliency Survey mark the second survey year of high quality middle school YRRS data at the state level. This report examines 2011 YRRS results for Luna County, and compares them to 2009 results and to state level 2011 results. Please use these results to help make New Mexico and your own community a safer and healthier place for all of our young people. For comprehensive YRRS results, see this website:

www.youthrisk.org

Mental Health

Suicide is the second leading cause of death among adolescents in New Mexico. Past suicide attempts are highly associated with completed suicides.

Mental Health Indicators
NM & Luna County
Grades 6-8, 2011

- Ever seriously thought about killing self *
  - NM: 19.8%
  - Luna County: 39.3%

- Ever planned to kill self *
  - NM: 11.3%
  - Luna County: 25.2%

- Ever tried to kill self *
  - NM: 7.0%
  - Luna County: 13.1%

* Statistically significant difference
**Tobacco Use**

Cigarette smoking and other tobacco use can cause cancer, respiratory illnesses, and other conditions related to the leading causes of death for New Mexicans of all ages. The YRRS does not differentiate between ceremonial and non-ceremonial tobacco use.

---

**Tobacco Use**

**NM & Luna County**

**Grades 6-8, 2011**

- **Current cigarette smoking**
  - NM: 6.8%
  - Luna County: 10.3%

- **Current cigar smoking**
  - NM: 5.8%
  - Luna County: 9.8%

- **Current spit tobacco use**
  - NM: 3.7%
  - Luna County: 4.8%

* Statistically significant difference
Alcohol Use

Alcohol use by young people is associated with injuries such as motor vehicle crashes, the leading cause of death among adolescents. Alcohol use at an early age is also associated with an increased risk of chronic liver disease and alcohol dependence later in life.

Alcohol Use in the Past 30 Days
NM & Luna County
Grades 6-8, 2011

* Statistically significant difference
**Drug Use**

Drug use by adolescents is associated with accidental injury and death. Injection drug use is associated with infectious diseases such as HIV and Hepatitis B and C.

**Drug Use**

**NM & Luna County**

**Grades 6-8, 2011**

- **Ever used marijuana**
  - NM: 15.9%
  - Luna County: 17.3%

- **Current marijuana use**
  - NM: 10.1%
  - Luna County: 11.5%

- **Ever used prescription drugs without a prescription**
  - NM: 8.0%
  - Luna County: 17.3%

- **Ever used painkillers to get high**
  - NM: 4.9%
  - Luna County: 7.9%

- **Ever used cocaine**
  - NM: 3.6%
  - Luna County: 10.3%

- **Ever used inhalants**
  - NM: 11.8%
  - Luna County: 15.7%

- **Ever used injection drugs**
  - NM: 1.2%
  - Luna County: 3.4%

* Statistically significant difference
Sexual Activity

Early and unsafe sexual activity puts teens at risk of unplanned pregnancy and sexually transmitted infections.

**Sexual Activity**

**NM & Luna County**

**Grades 6-8, 2011**

- **Ever had sexual intercourse**: 10.5% (NM) vs. 15.6% (Luna County)
- **Had sexual intercourse before age 11**: 2.9% (NM) vs. 2.8% (Luna County)
- **Used condom at last sexual intercourse (among those who ever had sex)**: 69.1% (NM) vs. 79.6% (Luna County)

* Statistically significant difference
Physical Activity

Lack of physical activity puts young people at risk of becoming overweight or obese. Obesity and overweight place teens at risk of many chronic diseases that can cause death or disability.

* Statistically significant difference
A new question about cyber-bullying (electronic bullying) was added to the YRRS in 2011.

### Behaviors Associated with Violence

**NM & Luna County**  
**Grades 6-8, 2011**

- **Ever been in a physical fight**
  - NM: 48.5%
  - Luna County: 45.2%

- **Ever bullied on school property**
  - NM: 43.7%
  - Luna County: 41.8%

- **Ever bullied electronically**
  - NM: 17.2%
  - Luna County: 15.3%

* Statistically significant difference

  - Luna: 42.9%

- **I often do things without thinking about what will happen**
  - New Mexico: 10.1%
  - Luna: 12.0%
Relationship Between Selected Risk Behaviors and Resiliency/Protective Factors
### Rarely or never wore a seatbelt by Selected Resiliency Factors

**Luna County**

**Grades 6-8, 2011**

**How to read this chart:**

- Of those who said it was 'Very much true' that their friends got into a lot of trouble, 42.1% rarely or never wore a seatbelt.
- Of those who said it was 'A little or pretty much true' that their friends got into a lot of trouble, 5% rarely or never wore a seatbelt.
- Of those who said it was 'Not true at all' that their friends got into a lot of trouble, 3.5% rarely or never wore a seatbelt.

**How to read this chart:**

- Of those who said it was 'Very much true' that their friends got into a lot of trouble, 65.3% were ever in a physical fight.
- Of those who said it was 'A little or pretty much true' that their friends got into a lot of trouble, 49% were ever in a physical fight.
- Of those who said it was 'Not true at all' that their friends got into a lot of trouble, 25.6% were ever in a physical fight.
Ever bullied on school property
by Selected Resiliency Factors
Luna County
Grades 6-8, 2011

How to read this chart:
- Of those who said it was 'Very much true' that their friends got into a lot of trouble, 35.9% were bullied on school property.
- Of those who said it was 'A little or pretty much true' that their friends got into a lot of trouble, 50.3% were bullied on school property.
- Of those who said it was 'Not true at all' that their friends got into a lot of trouble, 17.8% were bullied on school property.
Ever tried to kill self
by Selected Resiliency Factors
Luna County
Grades 6-8, 2011

How to read this chart:

- Of those who said it was 'Very much true' that their friends got into a lot of trouble, 27.4% ever tried to kill themselves.
- Of those who said it was 'A little or pretty much true' that their friends got into a lot of trouble, 10.6% ever tried to kill themselves.
- Of those who said it was 'Not true at all' that their friends got into a lot of trouble, 12.8% ever tried to kill themselves.
Current cigarette smoker by Selected Resiliency Factors
Luna County
Grades 6-8, 2011

How to read the chart:

- Of those who said it was 'Very much true' that their friends got into a lot of trouble, 26.3% were current smokers.
- Of those who said it was 'A little or pretty much true' that their friends got into a lot of trouble, 10.7% were current smokers.
- Of those who said it was 'Not true at all' that their friends got into a lot of trouble, 2.3% were current smokers.
Current drinking
by Selected Resiliency Factors
Luna County
Grades 6-8, 2011

How to read this chart:

- Of those who said it was 'Very much true' that their friends got into a lot of trouble, 40.9% were current drinkers.
- Of those who said it was 'A little or pretty much true' that their friends got into a lot of trouble, 23.2% were current drinkers.
- Of those who said it was 'Not true at all' that their friends got into a lot of trouble, 6.7% were current drinkers.
How to read this chart:

- Of those who said it was 'Very much true' that their friends got into a lot of trouble, 16.3% were binge drinkers.
- Of those who said it was 'A little or pretty much true' that their friends got into a lot of trouble, 7.1% were binge drinkers.
- Of those who said it was 'Not true at all' that their friends got into a lot of trouble, 5% were binge drinkers.
Current marijuana use
by Selected Resiliency Factors
Luna County
Grades 6-8, 2011

How to read this chart:

- Of those who said it was 'Very much true' that their friends got into a lot of trouble, 31% were current marijuana users.
- Of those who said it was 'A little or pretty much true' that their friends got into a lot of trouble, 12.1% were current marijuana users.
- Of those who said it was 'Not true at all' that their friends got into a lot of trouble, 1.1% were current marijuana users.
Ever used a prescription drug without a doctor's prescription
by Selected Resiliency Factors
Luna County
Grades 6-8, 2011

How to read this chart:
- Of those who said it was 'Very much true' that their friends got into a lot of trouble, 59.8% used prescription drugs without a doctor's prescription.
- Of those who said it was 'A little or pretty much true' that their friends got into a lot of trouble, 16.6% used prescription drugs without a doctor's prescription.
- Of those who said it was 'Not true at all' that their friends got into a lot of trouble, 2.9% used prescription drugs without a doctor's prescription.
How to read this chart:

- Of those who said it was 'Very much true' that their friends got into a lot of trouble, 26.6% ever had sexual intercourse.
- Of those who said it was 'A little or pretty much true' that their friends got into a lot of trouble, 17.3% ever had sexual intercourse.
- Of those who said it was 'Not true at all' that their friends got into a lot of trouble, 9% ever had sexual intercourse.
Ever fasted 24 hours or more to lose weight by Selected Resiliency Factors
Luna County
Grades 6-8, 2011

How to read this chart:
- Of those who said it was 'Very much true' that their friends got into a lot of trouble, 33.2% ever fasted to lose weight.
- Of those who said it was 'A little or pretty much true' that their friends got into a lot of trouble, 23.4% ever fasted to lose weight.
- Of those who said it was 'Not true at all' that their friends got into a lot of trouble, 8.1% ever fasted to lose weight.
## Daily physical activity by Selected Resiliency Factors

**Luna County**
**Grades 6-8, 2011**

### How to read this chart:
- Of those who said it was 'Very much true' that their friends got into a lot of trouble, 30.5% engaged in daily physical activity.
- Of those who said it was 'A little or pretty much true' that their friends got into a lot of trouble, 28.2% engaged in daily physical activity.
- Of those who said it was 'Not true at all' that their friends got into a lot of trouble, 17.9% engaged in daily physical activity.

</tbody>
</table>
Violence-Related Behaviors

The next 2 questions ask about violence-related behaviors.

10. Have you ever carried a weapon, such as a gun, knife, or club?
   A. Yes 31.0 (21.6-42.2)
   B. No 69.0 (57.8-78.4)

11. Have you ever been in a physical fight?
   A. Yes 45.2 (34.8-56.0)
   B. No 54.8 (44.0-65.2)

The next 2 questions ask about bullying. Bullying is when 1 or more students tease, threaten, spread rumors about, hit, shove, or hurt another student over and over again. It is not bullying when 2 students of about the same strength or power argue or fight or tease each other in a friendly way.

12. Have you ever been bullied on school property?
   A. Yes 41.8 (33.1-51.1)
   B. No 58.2 (48.9-66.9)

13. Have you ever been electronically bullied? (Include being bullied through e-mail, chat rooms, instant messaging, Web sites, or texting.)
   A. Yes 15.3 (9.9-23.1)
   B. No 84.7 (76.9-90.1)

Sadness and Attempted Suicide

The next 3 questions ask about attempted suicide. Sometimes people feel so depressed about the future that they may consider attempting suicide or killing themselves.

14 Have you ever seriously thought about killing yourself?
   A. Yes 39.3 (27.9-51.9)
   B. No 60.7 (48.1-72.1)

15 Have you ever made a plan about how you would kill yourself?
   A. Yes 25.2 (15.6-38.0)
   B. No 74.8 (62.0-84.4)

16. Have you ever tried to kill yourself?
   A. Yes 13.1 (9.0-18.7)
   B. No 86.9 (81.3-91.0)
## Tobacco Use

The next 16 questions ask about tobacco use.

### Question 17: Have you ever tried cigarette smoking, even one or two puffs?
- **Yes**: 21.6% (10.3-40.0)
- **No**: 78.4% (60.0-89.7)

### Question 18: How old were you when you smoked a whole cigarette for the first time?
- **I have never smoked a whole cigarette**: 80.5% (61.7-91.3)
- **8 years old or younger**: 1.8% (0.3-9.3)
- **9 years old**: 0.4% (0.1-2.6)
- **10 years old**: 2.0% (0.8-4.7)
- **11 years old**: 6.6% (2.4-16.6)
- **12 years old**: 5.7% (2.2-14.1)
- **13 years old or older**: 3.0% (0.9-9.5)

### Question 19: About how many cigarettes have you smoked in your entire life?
- **0 cigarettes**: 75.3% (55.0-88.3)
- **1 or more puffs but never a whole cigarette**: 6.8% (3.7-12.3)
- **1 cigarette**: 4.1% (1.6-9.8)
- **2 to 5 cigarettes**: 8.8% (3.6-20.2)
- **6 to 15 cigarettes (about ½ a pack total)**: 0.4% (0.1-2.5)
- **16 to 25 cigarettes (about 1 pack total)**: 1.7% (0.4-7.1)
- **26 to 99 cigarettes (more than 1 pack, but less than 5 packs)**: 1.5% (0.3-7.9)
- **100 or more cigarettes (5 or more packs)**: 1.5% (0.2-9.7)

### Question 20: During the past 30 days, on how many days did you smoke cigarettes?
- **0 days**: 89.7% (77.2-95.7)
- **1 or 2 days**: 7.7% (3.2-17.4)
- **3 to 5 days**: 0.9% (0.3-2.8)
- **6 to 9 days**: 1.8% (0.4-7.0)
- **10 to 19 days**: 0.0% (.-.)
- **20 to 29 days**: 0.0% (.-.)
- **All 30 days**: 0.0% (.-.)
21. During the past 30 days, on how many days did you smoke cigarettes on school property?

   C. No  6.1 (3.0-12.0)

26. During the past 30 days, on how many days did you smoke cigars, cigarillos, or little cigars?
   A. 0 days  90.2 (78.6-95.9)
   B. 1 or 2 days  4.2 (1.7-10.3)
   C. 3 to 5 days  2.6 (1.0-6.4)
   D. 6 to 9 days  2.3 (0.8-6.5)
   E. 10 to 19 days  0.4 (0.1-3.0)
   F. 20 to 29 days  0.0 (.-.)
   G. All 30 days  0.3 (0.0-2.0)

27. During the past 30 days, on how many days did you use chewing tobacco, snuff, or dip, such as Redman, Levi Garrett, Beechnut, Skoal, Skoal Bandits, or Copenhagen?
   A. 0 days  95.2 (88.8-98.0)
   B. 1 or 2 days  3.2 (1.0-10.3)
   C. 3 to 5 days  0.9 (0.1-6.8)
   D. 6 to 9 days  0.6 (0.1-4.5)
   E. 10 to 19 days  0.0 (.-.)
   F. 20 to 29 days  0.0 (.-.)
   G. All 30 days  0.0 (.-.)

28. During the past 7 days, on how many days were you in the same room with someone who was smoking cigarettes?
   A. 0 days  63.2 (50.9-74.0)
   B. 1 or 2 days  20.1 (14.7-26.7)
   C. 3 or 4 days  2.5 (0.8-8.1)
   D. 5 or 6 days  2.2 (1.1-4.3)
   E. 7 days  11.9 (7.8-17.9)

29. Do you think smoke from other people’s cigarettes is harmful to you?
   A. Definitely yes  52.2 (44.7-59.5)
   B. Probably yes  31.5 (26.3-37.3)
   C. Probably not  7.3 (5.0-10.5)
   D. Definitely not  9.0 (5.7-14.1)
30. Do you think that you will try smoking a cigarette soon?
   A. I have already tried smoking cigarettes  
      12.6 (5.7-25.3)
   B. Yes  
      12.9 (7.8-20.4)
   C. No  
      74.6 (58.0-86.2)

31. Do you think you will smoke a cigarette at anytime during the next year?
   A. Definitely yes  
      6.3 (3.7-10.5)
   B. Probably yes  
      13.8 (8.0-23.0)
   C. Probably not  
      14.7 (8.7-23.8)
   D. Definitely not  
      65.1 (50.6-77.3)

32. If one of your best friends offered you a cigarette, would you smoke it?
   A. Definitely yes  
      3.3 (1.3-8.2)
   B. Probably yes  
      15.2 (6.2-33.0)
   C. Probably not  
      12.1 (8.6-16.7)
   D. Definitely not  
      69.4 (52.7-82.2)

Alcohol

The next 8 questions ask about drinking alcohol. This includes drinking beer, wine, wine coolers, and liquor such as rum, gin, vodka, or whiskey. For these questions, drinking alcohol does not include drinking a few sips of wine for religious purposes.

33. Have you ever had a drink of alcohol, other than a few sips?
   A. Yes  
      38.5 (27.0-51.5)
   B. No  
      61.5 (48.5-73.0)

34. How old were you when you had your first drink of alcohol other than a few sips?
   A. I have never had a drink of alcohol other than a few sips  
      60.2 (46.5-72.5)
   B. 8 years old or younger  
      6.6 (3.2-13.4)
   C. 9 years old  
      4.3 (2.0-9.0)
   D. 10 years old  
      7.8 (4.2-14.1)
   E. 11 years old  
      4.5 (2.8-7.2)
   F. 12 years old  
      11.8 (5.8-22.4)
   G. 13 years old or older  
      4.6 (0.6-27.8)
35. During the past 30 days, on how many days did you have at least one drink of alcohol?

<table>
<thead>
<tr>

Marijuana and other Drug Use

The next 8 questions ask about marijuana use and other drug use. Marijuana also is called grass or pot.

41. Have you ever used marijuana?
   A. Yes 17.3 (9.3-29.8)
   B. No 82.7 (70.2-90.7)

42. How old were you when you tried marijuana for the first time?
   A. I have never tried marijuana 82.7 (70.2-90.7)
   B. 8 years old or younger 1.1 (0.4-3.1)
   C. 9 years old 0.4 (0.1-2.6)
   D. 10 years old 0.3 (0.0-2.1)
   E. 11 years old 4.7 (2.1-10.1)
   F. 12 years old 7.9 (2.8-20.1)
   G. 13 years old or older 3.0 (0.4-18.6)

43. During the past 30 days, how many times did you use marijuana?
   A. 0 times 88.5 (78.9-94.1)
   B. 1 or 2 times 7.1 (4.0-12.0)
   C. 3 to 9 times 2.7 (0.9-7.5)
   D. 10 to 19 times 0.3 (0.0-2.0)
   E. 20 to 39 times 1.4 (0.3-7.6)
   F. 40 or more times 0.0 (-.-.)

44. Have you ever taken a prescription drug (such as OxyContin, Percocet, Vicodin, codeine, Adderall, Ritalin, or Xanax) without a doctor’s prescription?
   A. Yes 17.3 (8.0-33.5)
   B. No 82.7 (66.5-92.0)

45. Have you ever used a pain killer to get high, like Vicodin, OxyContin (also called Oxy or OC), or Percocet (also called Percs)?
   A. Yes 7.9 (2.1-25.4)
   B. No 92.1 (74.6-97.4)
The next 4 questions ask about sexual intercourse.

49. Have you ever had sexual intercourse?
   A. Yes 15.6 (6.6-32.7)
   B. No 84.4 (67.3-93.4)

50. How old were you when you had sexual intercourse for the first time?
   A. I have never had sexual intercourse 84.2 (66.9-93.4)
   B. 8 years old or younger 2.8 (0.9-8.4)
   C. 9 years old 0.0 (-.-)
   D. 10 years old 0.0 (-.-)
   E. 11 years old 2.0 (0.5-7.9)
   F. 12 years old 5.8 (2.9-11.2)
   G. 13 years old or older 5.2 (1.3-18.4)

51. With how many people have you ever had sexual intercourse?
   A. I have never had sexual intercourse 84.2 (66.9-93.4)
   B. 1 person 9.9 (4.6-20.3)
   C. 2 people 3.7 (1.4-9.6)
   D. 3 people 0.0 (-.-)
   E. 4 people 0.3 (0.0-2.1)
   F. 5 people 0.0 (-.-)
   G. 6 or more people 1.9 (0.4-9.0)
52. The last time you had sexual intercourse, did you or your partner use a condom?

<table>
<thead>
<tr>

</tr>
</tbody>
</table>
The next 4 questions ask about physical activity.

57. During the past 7 days, on how many days were you physically active for a total of at least 60 minutes per day? (Add up all the time you spend in any kind of physical activity that increases your heart rate and makes you breathe hard some of the time.)
   A. 0 days 23.0 (18.6-28.0)
   B. 1 day 10.3 (4.0-24.4)
   C. 2 days 9.1 (6.1-13.4)
   D. 3 days 10.8 (7.1-16.2)
   E. 4 days 7.2 (4.9-10.5)
   F. 5 days 8.3 (4.4-15.0)
   G. 6 days 4.8 (3.0-7.7)
   H. 7 days 26.4 (18.3-36.4)

58. On an average school day, how many hours do you watch TV?
   A. I do not watch TV on an average school day 7.5 (4.7-11.6)
   B. Less than 1 hour per day 17.6 (14.5-21.2)
   C. 1 hour per day 16.8 (12.4-22.3)
   D. 2 hours per day 21.9 (13.3-33.9)
   E. 3 hours per day 19.0 (10.6-31.7)
   F. 4 hours per day 5.8 (3.0-10.9)
   G. 5 or more hours per day 11.5 (6.9-18.5)

59. On an average school day, how many hours do you play video or computer games or use a computer for something that is not school work? (Include activities such as Xbox, PlayStation, Nintendo DS, iPod touch, Facebook, and the Internet.)
   A. I do not play video or computer games or use a computer for something that is not school work 20.7 (15.4-27.2)
   B. Less than 1 hour per day 17.3 (10.7-26.8)
   C. 1 hour per day 17.8 (12.9-24.1)
   D. 2 hours per day 22.3 (15.3-31.4)
   E. 3 hours per day 9.5 (5.7-15.3)
   F. 4 hours per day 4.5 (2.6-7.6)
   G. 5 or more hours per day 7.9 (5.2-11.7)
60. In an average week when you are in school, on how many days do you go to physical education (PE) classes?

<table>

Appendix B
About this Report
Appendix B: About this Report

This report contains county level results from the 2011 New Mexico Middle School Youth Risk and Resiliency Survey (YRRS). The YRRS is a statewide survey of public school students in middle schools and high schools throughout New Mexico. Statewide and county level results are available at www.YouthRisk.org, and www.health.state.nm.us/ERD/HealthData/yyrs.shtml.

Together, these documents comprise a useful tool for those working on youth-related issues at the state and local level.

The YRRS is organized into two major content areas: risk behaviors and protective (resiliency) factors. Risk behaviors include behaviors associated with unintentional injury, violence, mental health, tobacco use, alcohol use, drug use, sexual activity, physical activity, and nutrition. Protective or resiliency factors are measures of the positive and supportive relationships, experiences, activities, resources and values that encourage healthy youth development. Resiliency factors and related traits include caring and supportive relationships in the family, school, community and with peers; boundaries set by the family and school; positive peer support; meaningful participation and constructive use of time in school and outside of school.

Using the Report

The main section of this report consists of a module of results for each main topic area of the YRRS. The risk behavior modules each start with a set of line charts illustrating change in behavior over the years of the survey (for counties that only have one recent year of data, the line charts are omitted). The line charts are followed by one or more set of three bar charts. The first bar chart in each set compares the county prevalence of a group of behaviors to the NM prevalence for the same behaviors; the second compares the county prevalence for girls to that of boys for the same behaviors, and the third compares the county prevalence for each grade level.

Following the section on distinct risk and resiliency factors is a section that illustrates the relationship between risk behaviors and protective factors. This section consists of a set of bar charts, each showing the prevalence of a particular risk behavior for students with varying levels of selected protective factors.

In some cases with very few students in a particular age or gender group, data have been suppressed to protect the anonymity of the individual respondents. Suppressed data are marked with "--". In cases where there are fewer than 25 respondents per grade level or gender, grade level or gender charts have been omitted.

-------------------------------------------------------------------------------------------------------------------------

NOTE: County level YRRS reports are freely available. School district reports have been distributed to school district offices. School districts are encouraged to reproduce and share these reports with community groups concerned with prevention and health promotion. However, school district level results will not be released without express permission of the school district superintendent. Forms for requesting school district data are available at www.YouthRisk.org.
Understanding the Charts - and A Word about Error Bars

The bar charts in this report present the percentage of students who reported engaging in any given risk behavior or who reported having any given protective factor. The height of the bars conveys the percentage of students reporting each trait, and provides a quick visual comparison between different groups of students reporting that trait. A label for each bar presents the actual percentage of students who reported each trait. For instance, the chart on page 24, Unintentional Injury, shows that 7.5% of students in New Mexico rarely or never wore seatbelts, while 8.1% of students in Luna County rarely or never wore seatbelts.

Because of the high cost and logistical complications involved in conducting a statewide survey, the YRRS was administered to a sample of students, rather than to every single student in each school district. Because YRRS data are from a sample of students, and not the entire student body, the results in this report are estimates. As with all estimates, there is some uncertainty associated with each of these results. On the charts in this report, this degree of uncertainty is represented by an error bar (or confidence interval). The error bar is the thin ‘I’ shaped line that extends above and below the end of each bar in a chart. One of the major influences on the size of the confidence interval or error bar is the number of participants in the survey. In general, this means that with more students participating in the survey, there will be a higher degree of confidence in the results (i.e., error bars will be smaller).

The proper interpretation of an error bar can be illustrated by looking at the chart below. This chart compares the high school prevalence of smoking and cocaine use for New Mexico to the United States prevalence for 2011. The chart shows that the prevalence of current smoking was 19.9% in New Mexico and 18.1% in the United States. The error bar for the estimate of current smoking among New Mexico students extends approximately 2 percentage points in either direction, from 17.6% to 22.4%. This means that we are confident that the actual percentage of smokers in this group of students was between 17.6% and 22.4%. The error bar for the estimate of current smoking in the US extends approximately 1.5 percentage points in either direction, from 16.7% to 19.5%. We are confident that the actual percentage of smokers among this group was between 16.7% and 19.5%.

![Chart showing current cocaine use and current cigarette smoking](chart.png)
How does knowing the upper and lower limits of our error bars help us? While it appears at first glance that New Mexico has a higher prevalence of smoking than the United States (19.9% vs. 18.1%), a closer look at the error bars shows a more complicated picture. The error bars for the New Mexico estimate (17.6%–22.4%) and the US estimate (16.7%-19.5%) overlap. Because of this overlap, we do not have a high degree of confidence that the prevalence of smoking in New Mexico is actually different from the prevalence in the United States. In other words, the difference between the prevalence of smoking in New Mexico and the United States is not statistically significant.

For cocaine use it also appears that New Mexico had a higher prevalence than the United States (5.2% vs. 3.0%). The error bar for New Mexico extends from 4.3% to 6.2%, and the error bar for the United States extends from 2.6% to 3.5%. Because the higher bound of the US error bar (3.5%) is lower than the lower bound of the NM error bar (4.3%), these error bars do not overlap. For cocaine use, we are confident in saying that the New Mexico prevalence was higher than the US prevalence. In other words, the difference between the prevalence of cocaine use in New Mexico and the United States was a statistically significant difference.

![Current Cocaine Use and Current Cigarette Smoking](image)

- Error bars overlap - There is not a statistically significant difference between the US and NM rates.
- Error bars do not overlap - There is a statistically significant difference between the US and NM.

For some small school districts, error bars have been removed from this report. With small populations, the number of students sampled can approach the total student population. In these cases, error bars would have limited meaning because with a high percentage of students surveyed, there is less uncertainty around the estimates than error bars suggest.
Risk Behavior and Resiliency/Protective Factor Definitions

Unintentional Injury
- Rarely or never wore a bike helmet
  - Of those who rode a bicycle, answered 'Never' or 'Rarely' to the question, *When you ride*
- Rarely or never wore a seatbelt
  - Answered 'Never' or 'Rarely' to the question, *How often do you wear a seat belt when*
- Ever rode in a car with a drinking driver
  - Answered 'Yes' to the question, *Have you ever ridden in a car driven by someone who*

Violence-Related Behaviors
- Ever carried a weapon, such as a gun, knife, or club
  - Answered 'Yes' to the question, *Have you ever carried a weapon, such as a gun, knife, or*
- Ever been in a physical fight
  - Answered 'Yes' to the question, *Have you ever been in a physical fight?*
- Ever bullied on school property
  - Answered 'Yes' to the question, *Have you ever been bullied on school property?*
- Ever bullied electronically
  - Answered 'Yes' to the question, *Have you ever been electronically bullied? (Include being*

Mental Health
- Ever seriously thought about killing self
  - Answered 'Yes' to the question, *Have you ever seriously thought about killing*
- Ever planned to kill self
  - Answered 'Yes' to the question, *Have you ever made a plan about how you would*
- Ever tried to kill self
  - Answered 'Yes' to the question, *Have you ever tried to kill yourself?*

Tobacco Use
- Ever smoked cigarettes
  - Answered 'Yes' to the question, *Have you ever tried cigarette smoking, even*
- First smoked a cigarette before age 11
  - Answered '10 years old' or younger to the question, *How old were you when*
- Smoked at least one whole cigarette in life
  - Answered '1 cigarette' or more to the question, *About how many cigarettes*
- Current cigarette smoking  (Smoked cigarettes at least once in the past 30 days)
  - Answered '1 or 2 days' or more to the question, *During the past 30 days,*
- Non-smoker
  - Answered '0 days' to the question, *During the past 30 days, on how many*
- Frequent cigarette smoking
  - Answered '20 to 29 days' or more to the question, *During the past 30 days,*
- Smoked on school property
  - Answered '1 or 2 days' or more to the question, *During the past 30 days,*
- Marlboro is usual brand among current cigarette smokers
  - Of current cigarette smokers, answered 'Marlboro' to the question, *During the past 30*
- Of those who smoked in the past 12 months, tried to quit smoking
  - Answered 'Yes' to the question, *During the past 12 months, did you ever try*
- Successful quit attempt by one who smoked in the past 12 months
  - Answered 'Yes' to the question, *During the past 12 months, did you ever try*
  - and -
  - Answered '0 days' to the question, *During the past 30 days, on how many days*
Unsuccessful quit attempt by one who smoked in the past 12 months
  Answered 'Yes' to the question, *During the past 12 months, did you ever try*
  - and -
  Answered '1 or 2 days' or more to the question, *During the past 30 days*,
Current cigar smoking
  Answered '1 or 2 days' or more to the question, *During the past 30 days*,
Current spit tobacco use
  Answered '1 or 2 days' or more to the question, *During the past 30 days*,
In the same room with a smoker in the past 7 days
  Answered '1 or 2 days' or more to the question, *During the past 7 days, on how*
Will definitely or probably smoke cigarettes in the next year
  Answered 'Probably yes' or 'Definitely yes' to the question, *Do you think you will*
Would definitely or probably smoke if best friend offered
  Answered 'Probably yes' or 'Definitely yes' to the question, *If one of your best*
Saw ads about smoking danger in the past 30 days
  Answered '1 to 3 times during the past 30 days' or more to the question,
Believes smoke from other people's cigarettes is definitely harmful
  Answered 'Definitely yes' to the question, *Do you think smoke from other people’s*
Alcohol Use
  Ever drank alcohol
    Answered 'Yes' to the question, *Have you ever had a drink of alcohol, other*
Drank alcohol before age 11
    Answered '10 years old' or younger to the question, *How old were you when*
Current drinking
    Answered '1 or 2 days' or more to the question, *During the past 30 days*,
Binge drinking (Had 5 or more drinks on a single occasion at least once in the past 30 days)
    Answered '1 day' or more to the question, *During the past 30 days, on how*
It would be very easy or sort of easy to get alcohol
    Answered 'Very easy' or 'Sort of easy' to the question, *If you wanted to get*
My parents think my regular alcohol use would be wrong
    Answered 'Very wrong' or 'Wrong' to the question, *How wrong do your parents*
I think regular alcohol use by people my age is very wrong
    Answered 'Very wrong' or 'Wrong' to the question, *How wrong do you think it*
People face great risk from daily alcohol use
    Answered *great risk  to the question, How much do you think people risk*
Drug use
  Ever used marijuana
    Answered 'Yes' to the question, *Have you ever used marijuana?*
First used marijuana before age 11
    Answered '10 years old' or younger to the question, *How old were you when*
Current marijuana use
    Answered '1 or 2 times' or more to the question, *During the past 30 days*,
Ever used a prescription drug without a doctor's prescription
    Answered 'Yes' to the question, *Have you ever taken a prescription drug*
Ever used a painkiller to get high
    Answered 'Yes' to the question, *Have you ever used a pain killer to get high, like*
Ever used cocaine
    Answered 'Yes' to the question, *Have you ever used any form of cocaine,*
Ever used inhalants
   Answered 'Yes' to the question, Have you ever sniffed glue, or breathed the

Ever used illegal injection drugs
   Answered 'Yes' to the question, Have you ever used a needle to inject any

Sexual Activity
Ever had sexual intercourse
   Answered 'Yes' to the question, Have you ever had sexual intercourse?

Had sexual intercourse before age 11
   Answered '10 years old' or younger to the question, How old were you when

Had sexual intercourse with three or more people in lifetime
   Answered '3 people' or more to the question, With how many people have

Used a condom (among those who ever had sexual intercourse)
   Answered 'Yes' to the question, The last time you had sexual intercourse, - among those who -
   Answered 'Yes' to the question, Have you ever had sexual intercourse?

Taught about HIV/AIDS
   Answered 'Yes' to the question, Have you ever been taught about AIDS or HIV

Body Weight and Weight Control
Self-described as slightly or very overweight
   Answered 'Very overweight' or 'Slightly overweight' to the question, How do

Trying to lose weight
   Answered 'Lose weight' to the question, Which of the following are you trying

Ever fasted to lose weight
   Answered 'Yes' to the question, Have you ever gone without eating for 24 hours

Ever vomited or used laxatives to lose weight
   Answered 'Yes' to the question, Have you ever vomited or taken laxatives to

Physical Activity
No days of physical activity per week
   Answered '0 days' to the question, During the past 7 days, on how many days

Five days of physical activity per week
   Answered '5 days' or more to the question, During the past 7 days, on how many

Daily physical activity
   Answered '7 days' to the question, During the past 7 days, on how many

At least one day/week of physical education
   Answered '1 day' or more to the question, In an average week when you are

Daily physical education at school
   Answered '5 days' to the question, In an average week when you are in school,

Resiliency/Protective Factors
Unless otherwise noted, responses in the resiliency/protective factor sections of this report refer to
