New Mexico Youth Risk and Resiliency Survey
(YRRS)
Middle School
Grades 6-8, 2011

New Mexico Department of Health
New Mexico Public Education Department
UNM Prevention Research Center
Albuquerque Area Southwest Tribal Epidemiology Center
For information about administration and methods used in implementation of the New Mexico Youth Risk and Resiliency Survey (NM YRRS), see the volume of statewide results, New Mexico Youth Risk & Resiliency Survey: Middle School Survey Results 2011, available at www.youthrisk.org.
ACKNOWLEDGEMENTS

This report is a product of the NM Youth Risk and Resiliency Survey (YRRS), a survey that characterizes the risk behaviors and resiliency/protective factors among New Mexico youth. The YRRS is a joint project of the New Mexico Department of Health (NMDOH) and the New Mexico Public Education Department (PED), with support and technical assistance from the University of New Mexico Prevention Research Center (UNM PRC), AASTEC, and the Division of Adolescent and School Health, Centers for Disease Control and Prevention (CDC-DASH). Gratitude is extended to the individuals listed below for their contribution toward developing and producing this report. (Individuals who served on the NM-YRRS 2011 Steering Committee are identified by an asterisk (*).)

NEW MEXICO DEPARTMENT OF HEALTH
Brady McGrath, Interim Secretary
Michael Landen, MD, MPH, State Epidemiologist and Director, Epidemiology and Response Division*
Lori Zigich, MPH, Survey Section Manager, Epidemiology and Response Division*
Dan Green, MPH, Survey Epidemiologist, Epidemiology and Response Division*
James Padilla, MS, Tobacco Epidemiologist, Tobacco Use Prevention and Control Program*
James Farmer, MPH, Health Services Manager, Office of School and Adolescent Health*
Mary M. Ramos, MD, MPH, School Health Officer*

ALBUQUERQUE AREA SOUTHWEST TRIBAL EPIDEMIOLOGY CENTER
Kevin English, RPh, MPH, Director
Judith Espinoza, MPH, Epidemiologist*
Ophelia Spencer, Tribal Survey Coordinator

NEW MEXICO PUBLIC EDUCATION DEPARTMENT
Hanna Skandera, Secretary-Designate of Education
Paul Aguilar, Deputy Secretary, Finance and Operations
Denise Koscielniak, Director, Federal Programs
Kristine M. Meurer, PhD, Director, School and Family Support Bureau*
William O. Blair, PhD, Assistant Director, School and Family Support Bureau*
Dean Hopper, MAEd, Assistant Director, School and Family Support Bureau
Lonnie Barraza, MSED, HIV Program Administrator, School and Family Support Bureau*

UNIVERSITY OF NEW MEXICO DIVISION FOR PREVENTION AND POPULATION SCIENCES, HEALTH EVALUATION AND RESEARCH TEAM
Linda J. Peñaloza, PhD, Associate Research Professor*
Laura Gutman, PhD, Multi-Media Development Specialist
Courtney FitzGerald, MSSW, LMSW, Associate Scientist II
Eric Chrisp, MS, Associate Scientist II

NEW MEXICO CHILDREN, YOUTH AND FAMILIES DEPARTMENT
Julienne Smrcka, Juvenile Justice Services Education *

NEW MEXICO HUMAN SERVICES DEPARTMENT, BEHAVIORAL HEALTH SERVICES DIVISION
Karen Cheman, MPH, Prevention Staff Manager, Office of Substance Abuse Prevention *

Gratitude is expressed to the excellent survey management and administration teams of the Navajo Nation Department of Health and the Bureau of Indian Education for their expertise in coordinating the administration of multiple surveys at once.

Participation in San Miguel County

The response rate for San Miguel County was 80%.

A high response rate produces survey results that are more representative of the student population. A response rate of at least 60% allows generalization of results to the entire student body. A response rate of 70% is excellent and allows a high degree of confidence in results. Because a high response rate means that more students have been surveyed, a high response rate will also be reflected in the error bars (i.e., with a higher response rate and more students included in the survey, error bars will be smaller and confidence intervals will be narrower). Response rates below 60% are considered low, and caution should be exercised in interpreting results. Low response rates indicate that the data may represent only students who participated in the survey and not necessarily the entire student body.

Totals may add up to more or less than 100%, because
1. For race/ethnicity, respondents were allowed to choose multiple responses.
2. Data may be missing for some demographic measures if respondents chose not to answer certain questions.
New Mexico Youth Risk and Resiliency Survey (YRRS)
Highlights
San Miguel County
Grades 6-8, 2011
Results from the 2011 NM Youth Risk and Resiliency Survey mark the second survey year of high quality middle school YRRS data at the state level. This report examines 2011 YRRS results for San Miguel County, and compares them to 2009 results and to state level 2011 results. Please use these results to help make New Mexico and your own community a safer and healthier place for all of our young people. For comprehensive YRRS results, see this website:

www.youthrisk.org

Mental Health

Suicide is the second leading cause of death among adolescents in New Mexico. Past suicide attempts are highly associated with completed suicides.

Mental Health Indicators
NM & San Miguel County
Grades 6-8, 2011

* Statistically significant difference
Tobacco Use

Cigarette smoking and other tobacco use can cause cancer, respiratory illnesses, and other conditions related to the leading causes of death for New Mexicans of all ages. The YRRS does not differentiate between ceremonial and non-ceremonial tobacco use.

Tobacco Use
NM & San Miguel County
Grades 6-8, 2011

* Statistically significant difference
Alcohol Use

Alcohol use by young people is associated with injuries such as motor vehicle crashes, the leading cause of death among adolescents. Alcohol use at an early age is also associated with an increased risk of chronic liver disease and alcohol dependence later in life.

Alcohol Use in the Past 30 Days
NM & San Miguel County
Grades 6-8, 2011

* Statistically significant difference
Drug Use

Drug use by adolescents is associated with accidental injury and death. Injection drug use is associated with infectious diseases such as HIV and Hepatitis B and C.

Drug Use

NM & San Miguel County
Grades 6-8, 2011

- Ever used marijuana: NM 15.9%, San Miguel County 23.1%
- Current marijuana use: NM 10.1%, San Miguel County 13.3%
- Ever used prescription drugs without a prescription: NM 8.0%, San Miguel County 7.1%
- Ever used painkillers to get high: NM 4.9%, San Miguel County 5.7%
- Ever used cocaine: NM 3.6%, San Miguel County 5.7%
- Ever used inhalants: NM 11.8%, San Miguel County 12.4%
- Ever used injection drugs: NM 1.2%, San Miguel County 0.4%

* Statistically significant difference
Sexual Activity

Early and unsafe sexual activity puts teens at risk of unplanned pregnancy and sexually transmitted infections.

Sexual Activity
NM & San Miguel County
Grades 6-8, 2011

- Ever had sexual intercourse:
  - NM: 10.5%
  - San Miguel County: 13.6%

- Had sexual intercourse before age 11:
  - NM: 2.9%
  - San Miguel County: 2.6%

- Used condom at last sexual intercourse (among those who ever had sex) *:
  - NM: 69.1%
  - San Miguel County: 86.6%

* Statistically significant difference
Lack of physical activity puts young people at risk of becoming overweight or obese. Obesity and overweight place teens at risk of many chronic diseases that can cause death or disability.

* Statistically significant difference
Behaviors Associated with Violence
NM & San Miguel County
Grades 6-8, 2011

A new question about cyber-bullying (electronic bullying) was added to the YRRS in 2011.

* Statistically significant difference

Violence-Related Behaviors

The next 2 questions ask about violence-related behaviors.

10. Have you ever carried a weapon, such as a gun, knife, or club?
   A. Yes 32.7 (25.8-40.5)
   B. No 67.3 (59.5-74.2)

11. Have you ever been in a physical fight?
   A. Yes 51.4 (44.9-58.0)
   B. No 48.6 (42.0-55.1)

The next 2 questions ask about bullying. Bullying is when 1 or more students tease, threaten, spread rumors about, hit, shove, or hurt another student over and over again. It is not bullying when 2 students of about the same strength or power argue or fight or tease each other in a friendly way.

12. Have you ever been bullied on school property?
   A. Yes 53.2 (46.6-59.8)
   B. No 46.8 (40.2-53.4)

13. Have you ever been electronically bullied? (Include being bullied through e-mail, chat rooms, instant messaging, Web sites, or texting.)
   A. Yes 14.6 (11.4-18.5)
   B. No 85.4 (81.5-88.6)

Sadness and Attempted Suicide

The next 3 questions ask about attempted suicide. Sometimes people feel so depressed about the future that they may consider attempting suicide or killing themselves.

14 Have you ever seriously thought about killing yourself?
   A. Yes 16.0 (12.5-20.3)
   B. No 84.0 (79.7-87.5)

15 Have you ever made a plan about how you would kill yourself?
   A. Yes 11.7 (8.2-16.3)
   B. No 88.3 (83.7-91.8)

16. Have you ever tried to kill yourself?
   A. Yes 7.0 (4.6-10.7)
   B. No 93.0 (89.3-95.4)
The next 16 questions ask about tobacco use.

17. Have you ever tried cigarette smoking, even one or two puffs?
   A. Yes 23.4 (15.2-34.3)
   B. No 76.6 (65.7-84.8)

18. How old were you when you smoked a whole cigarette for the first time?
   A. I have never smoked a whole cigarette 86.2 (79.1-91.1)
   B. 8 years old or younger 1.6 (0.7-3.4)
   C. 9 years old 1.1 (0.4-2.8)
   D. 10 years old 2.9 (1.5-5.3)
   E. 11 years old 3.6 (2.0-6.4)
   F. 12 years old 2.7 (1.3-5.7)
   G. 13 years old or older 2.0 (0.8-4.8)

19. About how many cigarettes have you smoked in your entire life?
   A. 0 cigarettes 75.3 (63.7-84.1)
   B. 1 or more puffs but never a whole cigarette 10.9 (6.9-16.8)
   C. 1 cigarette 2.2 (0.8-6.2)
   D. 2 to 5 cigarettes 5.1 (2.8-9.3)
   E. 6 to 15 cigarettes (about ½ a pack total) 2.8 (0.8-8.8)
   F. 16 to 25 cigarettes (about 1 pack total) 1.4 (0.4-4.1)
   G. 26 to 99 cigarettes (more than 1 pack, but less than 5 packs) 2.2 (1.2-4.0)
   H. 100 or more cigarettes (5 or more packs) 0.2 (0.0-1.4)

20. During the past 30 days, on how many days did you smoke cigarettes?
   A. 0 days 93.8 (90.0-96.2)
   B. 1 or 2 days 3.3 (1.8-6.0)
   C. 3 to 5 days 1.1 (0.5-2.3)
   D. 6 to 9 days 0.4 (0.1-1.4)
   E. 10 to 19 days 0.4 (0.1-1.7)
   F. 20 to 29 days 0.9 (0.2-4.1)
   G. All 30 days 0.1 (0.0-1.0)
21. During the past 30 days, on how many days did you smoke cigarettes on school property?

   D. Definitely not  
   Weighted %: 4.2  
   95% Confidence Interval: (2.5-7.0)
30. Do you think that you will try smoking a cigarette soon?
   A. I have already tried smoking cigarettes 11.9 (7.3-19.0)
   B. Yes 7.0 (4.8-10.2)
   C. No 81.1 (74.7-86.1)

31. Do you think you will smoke a cigarette at anytime during the next year?
   A. Definitely yes 4.6 (1.7-12.3)
   B. Probably yes 11.0 (6.6-18.0)
   C. Probably not 14.4 (10.8-18.9)
   D. Definitely not 69.9 (59.6-78.6)

32. If one of your best friends offered you a cigarette, would you smoke it?
   A. Definitely yes 2.4 (1.2-4.6)
   B. Probably yes 12.0 (7.0-20.0)
   C. Probably not 21.4 (16.6-27.1)
   D. Definitely not 64.2 (54.0-73.2)

Alcohol

The next 8 questions ask about drinking alcohol. This includes drinking beer, wine, wine coolers, and liquor such as rum, gin, vodka, or whiskey. For these questions, drinking alcohol does not include drinking a few sips of wine for religious purposes.

33. Have you ever had a drink of alcohol, other than a few sips?
   A. Yes 35.2 (24.7-47.2)
   B. No 64.8 (52.8-75.3)

34. How old were you when you had your first drink of alcohol other than a few sips?
   A. I have never had a drink of alcohol other than a few sips 63.5 (51.2-74.2)
   B. 8 years old or younger 7.7 (4.9-11.9)
   C. 9 years old 3.2 (1.7-5.8)
   D. 10 years old 5.2 (3.1-8.5)
   E. 11 years old 6.2 (3.5-10.5)
   F. 12 years old 7.2 (4.1-12.4)
   G. 13 years old or older 7.1 (4.1-11.8)
35. During the past 30 days, on how many days did you have at least one drink of alcohol?

40. How much do you think people risk harming themselves (physically or in other ways) if they have one or two drinks of beer, wine, or hard liquor nearly every day? (Weighted % 95% Confidence Interval)
   A. No risk 6.4 (4.2-9.7)
   B. Slight risk 15.2 (11.5-19.7)
   C. Moderate risk 23.7 (19.5-28.5)
   D. Great risk 54.7 (49.3-60.0)

Marijuana and other Drug Use

The next 8 questions ask about marijuana use and other drug use. Marijuana also is called grass or pot.

41. Have you ever used marijuana?
   A. Yes 23.1 (13.3-37.0)
   B. No 76.9 (63.0-86.7)

42. How old were you when you tried marijuana for the first time?
   A. I have never tried marijuana 76.8 (62.9-86.6)
   B. 8 years old or younger 2.6 (1.2-5.8)
   C. 9 years old 1.8 (0.7-4.5)
   D. 10 years old 2.4 (0.9-6.2)
   E. 11 years old 4.3 (2.4-7.5)
   F. 12 years old 7.0 (3.7-12.8)
   G. 13 years old or older 5.1 (2.9-8.9)

43. During the past 30 days, how many times did you use marijuana?
   A. 0 times 86.7 (76.8-92.7)
   B. 1 or 2 times 2.2 (1.1-4.6)
   C. 3 to 9 times 4.2 (2.1-8.0)
   D. 10 to 19 times 1.6 (0.7-3.3)
   E. 20 to 39 times 1.6 (0.5-5.0)
   F. 40 or more times 3.8 (1.3-10.6)

44. Have you ever taken a prescription drug (such as OxyContin, Percocet, Vicodin, codeine, Adderall, Ritalin, or Xanax) without a doctor’s prescription?
   A. Yes 7.1 (4.2-11.6)
   B. No 92.9 (88.4-95.8)

45. Have you ever used a pain killer to get high, like Vicodin, OxyContin (also called Oxy or OC), or Percocet (also called Percs)?
   A. Yes 5.7 (3.0-10.6)
   B. No 94.3 (89.4-97.0)
46. Have you ever used any form of cocaine, including powder, crack, or freebase?
   A. Yes   5.7  (2.6-12.3)
   B. No   94.3  (87.7-97.4)

47. Have you ever sniffed glue, or breathed the contents of spray cans, or inhaled any paints or sprays to get high?
   A. Yes   12.4  (7.8-19.0)
   B. No   87.6  (81.0-92.2)

48. Have you ever used a needle to inject any illegal drug into your body?
   A. Yes   0.4  (0.1-1.4)
   B. No   99.6  (98.6-99.9)

**Sexual Behavior**

The next 4 questions ask about sexual intercourse.

49. Have you ever had sexual intercourse?
   A. Yes   13.6  (7.6-23.3)
   B. No   86.4  (76.7-92.4)

50. How old were you when you had sexual intercourse for the first time?
   A. I have never had sexual intercourse   86.3  (76.5-92.4)
   B. 8 years old or younger   1.6  (0.6-4.7)
   C. 9 years old   0.0  (-. -)
   D. 10 years old   1.0  (0.4-2.6)
   E. 11 years old   0.9  (0.3-2.4)
   F. 12 years old   4.1  (2.2-7.6)
   G. 13 years old or older   6.1  (2.9-12.5)

51. With how many people have you ever had sexual intercourse?
   A. I have never had sexual intercourse   86.3  (76.5-92.4)
   B. 1 person   7.7  (4.2-13.9)
   C. 2 people   3.5  (1.6-7.3)
   D. 3 people   0.6  (0.1-2.9)
   E. 4 people   0.6  (0.2-1.8)
   F. 5 people   0.3  (0.1-1.2)
   G. 6 or more people   1.0  (0.3-3.0)
52. The last time you had sexual intercourse, did you or your partner use a condom?
   A. I have never had sexual intercourse 86.6 (76.7-92.6)
   B. Yes 11.6 (6.2-20.7)
   C. No 1.8 (0.9-3.6)

**Body Weight**

The next 4 questions ask about body weight.

53. How do you describe your weight?
   A. Very underweight 3.9 (2.4-6.2)
   B. Slightly underweight 14.7 (10.5-20.1)
   C. About the right weight 60.5 (55.0-65.7)
   D. Slightly overweight 19.7 (15.9-24.3)
   E. Very overweight 1.3 (0.5-3.0)

54. Which of the following are you trying to do about your weight?
   A. Lose weight 43.0 (37.5-48.6)
   B. Gain weight 9.1 (6.9-11.8)
   C. Stay the same weight 23.7 (19.4-28.6)
   D. I am not trying to do anything about my weight 24.3 (18.1-31.7)

55. Have you ever gone without eating for 24 hours or more (also called fasting) to lose weight or to keep from gaining weight?
   A. Yes 17.5 (13.3-22.7)
   B. No 82.5 (77.3-86.7)

56. Have you ever vomited or taken laxatives to lose weight or to keep from gaining weight?
   A. Yes 3.0 (1.8-5.0)
   B. No 97.0 (95.0-98.2)
**Physical Activity**

The next 4 questions ask about physical activity.

57. During the past 7 days, on how many days were you physically active for a total of at least 60 minutes per day? (Add up all the time you spend in any kind of physical activity that increases your heart rate and makes you breathe hard some of the time.)

66. I often do things without thinking about what will happen.
   A. Not true at all  27.9  (22.5-34.1)
   B. A little true    47.2  (40.9-53.7)
   C. Pretty much true 13.5  (9.7-18.5)
   D. Very much true  11.3  (8.2-15.4)

67. I have a friend about my own age who really cares about me.
   A. Not true at all  7.7  (4.9-11.8)
   B. A little true  16.1  (13.4-19.1)
   C. Pretty much true 26.4  (21.2-32.4)
   D. Very much true  49.8  (44.1-55.5)

68. Outside of my home and school, there is an adult who really cares about me.
   A. Not true at all  6.3  (3.8-10.4)
   B. A little true  8.2  (5.0-13.1)
   C. Pretty much true 14.3  (11.0-18.3)
   D. Very much true  71.2  (63.8-77.7)

69. At my school there is a teacher or some other adult who really cares about me.
   A. Not true at all  18.6  (13.8-24.6)
   B. A little true  21.4  (17.2-26.4)
   C. Pretty much true 25.6  (21.1-30.6)
   D. Very much true  34.4  (26.9-42.8)

70. In my home, there is a parent or some other adult who listens to me when I have something to say.
   A. Not true at all  5.6  (3.5-8.7)
   B. A little true  13.6  (10.7-17.0)
   C. Pretty much true 21.7  (16.0-28.6)
   D. Very much true  59.2  (53.5-64.7)

71. In my home, there is a parent or some other adult who talks with me about my problems.
   A. Not true at all  14.7  (11.3-18.9)
   B. A little true  19.2  (14.3-25.5)
   C. Pretty much true 17.7  (12.2-24.9)
   D. Very much true  48.4  (43.2-53.5)
72. In my school, there are clear rules about what students can and cannot do.
   A. Not true at all 2.9 (1.2-6.5)
   B. A little true 9.4 (6.5-13.3)
   C. Pretty much true 21.4 (17.2-26.2)
   D. Very much true 66.4 (58.9-73.2)

73. When I am not at home, one of my parents/guardians knows where I am and who I am with.
   A. Not true at all 4.8 (2.9-7.9)
   B. A little true 7.4 (4.6-11.8)
   C. Pretty much true 24.2 (17.6-32.4)
   D. Very much true 63.5 (53.6-72.4)

74. Outside of my home and school, I am a part of clubs, sports teams, church/temple, or other group activities.
   A. Not true at all 19.6 (15.5-24.6)
   B. A little true 11.4 (7.7-16.7)
   C. Pretty much true 18.9 (14.7-23.9)
   D. Very much true 50.1 (44.7-55.5)
Appendix B: About this Report

This report contains county level results from the 2011 New Mexico Middle School Youth Risk and Resiliency Survey (YRRS). The YRRS is a statewide survey of public school students in middle schools and high schools throughout New Mexico. Statewide and county level results are available at www.YouthRisk.org, and www.health.state.nm.us/ERD/HealthData/yr.rs.shtml.

Together, these documents comprise a useful tool for those working on youth-related issues at the state and local level.

The YRRS is organized into two major content areas: risk behaviors and protective (resiliency) factors. Risk behaviors include behaviors associated with unintentional injury, violence, mental health, tobacco use, alcohol use, drug use, sexual activity, physical activity, and nutrition. Protective or resiliency factors are measures of the positive and supportive relationships, experiences, activities, resources and values that encourage healthy youth development. Resiliency factors and related traits include caring and supportive relationships in the family, school, community and with peers; boundaries set by the family and school; positive peer support; meaningful participation and constructive use of time in school and outside of school.

Using the Report

The main section of this report consists of a module of results for each main topic area of the YRRS. The risk behavior modules each start with a set of line charts illustrating change in behavior over the years of the survey (for counties that only have one recent year of data, the line charts are omitted). The line charts are followed by one or more set of three bar charts. The first bar chart in each set compares the county prevalence of a group of behaviors to the NM prevalence for the same behaviors; the second compares the county prevalence for girls to that of boys for the same behaviors, and the third compares the county prevalence for each grade level.

Following the section on distinct risk and resiliency factors is a section that illustrates the relationship between risk behaviors and protective factors. This section consists of a set of bar charts, each showing the prevalence of a particular risk behavior for students with varying levels of selected protective factors.

In some cases with very few students in a particular age or gender group, data have been suppressed to protect the anonymity of the individual respondents. Suppressed data are marked with "--". In cases where there are fewer than 25 respondents per grade level or gender, grade level or gender charts have been omitted.

-------------------------------------------------------------------------------------------------------------------------

NOTE: County level YRRS reports are freely available. School district reports have been distributed to school district offices. School districts are encouraged to reproduce and share these reports with community groups concerned with prevention and health promotion. However, school district level results will not be released without express permission of the school district superintendent. Forms for requesting school district data are available at www.YouthRisk.org.
Understanding the Charts - and A Word about Error Bars

The bar charts in this report present the percentage of students who reported engaging in any given risk behavior or who reported having any given protective factor. The height of the bars conveys the percentage of students reporting each trait, and provides a quick visual comparison between different groups of students reporting that trait. A label for each bar presents the actual percentage of students who reported each trait. For instance, the chart on page 24, Unintentional Injury, shows that 7.5% of students in New Mexico rarely or never wore seatbelts, while 8.2% of students in San Miguel County rarely or never wore seatbelts.

Because of the high cost and logistical complications involved in conducting a statewide survey, the YRRS was administered to a sample of students, rather than to every single student in each school district. Because YRRS data are from a sample of students, and not the entire student body, the results in this report are estimates. As with all estimates, there is some uncertainty associated with each of these results. On the charts in this report, this degree of uncertainty is represented by an error bar (or confidence interval). The error bar is the thin 'I' shaped line that extends above and below the end of each bar in a chart.

One of the major influences on the size of the confidence interval or error bar is the number of participants in the survey. In general, this means that with more students participating in the survey, there will be a higher degree of confidence in the results (i.e., error bars will be smaller).

The proper interpretation of an error bar can be illustrated by looking at the chart below. This chart compares the high school prevalence of smoking and cocaine use for New Mexico to the United States prevalence for 2011. The chart shows that the prevalence of current smoking was 19.9% in New Mexico and 18.1% in the United States. The error bar for the estimate of current smoking among New Mexico students extends approximately 2 percentage points in either direction, from 17.6% to 22.4%. This means that we are confident that the actual percentage of smokers in this group of students was between 17.6% and 22.4%. The error bar for the estimate of current smoking in the US extends approximately 1.5 percentage points in either direction, from 16.7% to 19.5%. We are confident that the actual percentage of smokers among this group was between 16.7% and 19.5%.

Current Cocaine Use and Current Cigarette Smoking
Grades 9-12, NM & US, 2011

- Current cocaine use:
  - NM: 5.2%
  - US: 3.0%

- Current cigarette smoking:
  - NM: 19.9%
  - US: 18.1%
How does knowing the upper and lower limits of our error bars help us? While it appears at first glance that New Mexico has a higher prevalence of smoking than the United States (19.9% vs. 18.1%), a closer look at the error bars shows a more complicated picture. The error bars for the New Mexico estimate (17.6%–22.4%) and the US estimate (16.7%-19.5%) overlap. Because of this overlap, we do not have a high degree of confidence that the prevalence of smoking in New Mexico is actually different from the prevalence in the United States. In other words, the difference between the prevalence of smoking in New Mexico and the United States is not statistically significant.

For cocaine use it also appears that New Mexico had a higher prevalence than the United States (5.2% vs. 3.0%). The error bar for New Mexico extends from 4.3% to 6.2%, and the error bar for the United States extends from 2.6% to 3.5%. Because the higher bound of the US error bar (3.5%) is lower than the lower bound of the NM error bar (4.3%), these error bars do not overlap. For cocaine use, we are confident in saying that the New Mexico prevalence was higher than the US prevalence. In other words, the difference between the prevalence of cocaine use in New Mexico and the United States was a statistically significant difference.

For some small school districts, error bars have been removed from this report. With small populations, the number of students sampled can approach the total student population. In these cases, error bars would have limited meaning because with a high percentage of students surveyed, there is less uncertainty around the estimates than error bars suggest.
Risk Behavior and Resiliency/Protective Factor Definitions

Unintentional Injury
Rarely or never wore a bike helmet
   Of those who rode a bicycle, answered 'Never' or 'Rarely' to the question, When you ride
Rarely or never wore a seatbelt
   Answered 'Never' or 'Rarely' to the question, How often do you wear a seat belt when
Ever rode in a car with a drinking driver
   Answered 'Yes' to the question, Have you ever ridden in a car driven by someone who

Violence-Related Behaviors
Ever carried a weapon, such as a gun, knife, or club
   Answered 'Yes' to the question, Have you ever carried a weapon, such as a gun, knife, or
Ever been in a physical fight
   Answered 'Yes' to the question, Have you ever been in a physical fight?
Ever bullied on school property
   Answered 'Yes' to the question, Have you ever been bullied on school property?
Ever bullied electronically
   Answered 'Yes' to the question, Have you ever been electronically bullied? (Include being

Mental Health
Ever seriously thought about killing self
   Answered 'Yes' to the question, Have you ever seriously thought about killing
Ever planned to kill self
   Answered 'Yes' to the question, Have you ever made a plan about how you would
Ever tried to kill self
   Answered 'Yes' to the question, Have you ever tried to kill yourself?

Tobacco Use
Ever smoked cigarettes
   Answered 'Yes' to the question, Have you ever tried cigarette smoking, even
First smoked a cigarette before age 11
   Answered '10 years old' or younger to the question, How old were you when
Smoked at least one whole cigarette in life
   Answered '1 cigarette' or more to the question, About how many cigarettes
Current cigarette smoking  (Smoked cigarettes at least once in the past 30 days)
   Answered '1 or 2 days' or more to the question, During the past 30 days,
Non-smoker
   Answered '0 days' to the question, During the past 30 days, on how many
Frequent cigarette smoking
   Answered '20 to 29 days' or more to the question, During the past 30 days,
Smoked on school property
   Answered '1 or 2 days' or more to the question, During the past 30 days,
Marlboro is usual brand among current cigarette smokers
   Of current cigarette smokers, answered 'Marlboro' to the question, During the past 30
Of those who smoked in the past 12 months, tried to quit smoking
   Answered 'Yes' to the question, During the past 12 months, did you ever try
Successful quit attempt by one who smoked in the past 12 months
   Answered 'Yes' to the question, During the past 12 months, did you ever try
   - and -
   Answered '0 days' to the question, During the past 30 days, on how many days

Answered 'Yes' to the question, During the past 12 months, did you ever try
Answered '0 days' to the question, During the past 30 days, on how many days

Answered 'Yes' to the question, Have you ever been in a physical fight?
Answered 'Yes' to the question, Have you ever been bullied on school property?
Answered 'Yes' to the question, Have you ever been electronically bullied? (Include being

Answered 'Yes' to the question, Have you ever seriously thought about killing
Answered 'Yes' to the question, Have you ever made a plan about how you would
Answered 'Yes' to the question, Have you ever tried to kill yourself?
Answered 'Yes' to the question, Have you ever tried cigarette smoking, even
Answered '10 years old' or younger to the question, How old were you when
About how many cigarettes
During the past 30 days,
During the past 30 days, on how many
During the past 30 days,
During the past 30 days,
During the past 30 days
During the past 12 months, did you ever try
During the past 12 months, did you ever try
During the past 12 months, did you ever try
During the past 12 months, did you ever try
During the past 30 days, on how many days

Answered 'Yes' to the question, When you ride
Answered 'Yes' to the question, How often do you wear a seat belt when
Answered 'Yes' to the question, Have you ever ridden in a car driven by someone who
Have you ever carried a weapon, such as a gun, knife, or club
Have you ever been in a physical fight
Have you ever been bullied on school property
Have you ever been electronically bullied? (Include being
Have you ever seriously thought about killing self
Have you ever made a plan about how you would
Have you ever tried to kill yourself?
Have you ever tried cigarette smoking, even
How old were you when
About how many cigarettes
During the past 30 days,
During the past 30 days,
During the past 30 days
During the past 30 days,
During the past 30 days
Unsuccessful quit attempt by one who smoked in the past 12 months
   Answered 'Yes' to the question, During the past 12 months, did you ever try
   - and -
   Answered '1 or 2 days' or more to the question, During the past 30 days,
Current cigar smoking
   Answered '1 or 2 days' or more to the question, During the past 30 days,
Current spit tobacco use
   Answered '1 or 2 days' or more to the question, During the past 30 days,
In the same room with a smoker in the past 7 days
   Answered '1 or 2 days' or more to the question, During the past 7 days, on how
Will definitely or probably smoke cigarettes in the next year
   Answered 'Probably yes' or 'Definitely yes' to the question, Do you think you will
Would definitely or probably smoke if best friend offered
   Answered 'Probably yes' or 'Definitely yes' to the question, If one of your best
Saw ads about smoking danger in the past 30 days
   Answered '1 to 3 times during the past 30 days' or more to the question,
Believes smoke from other people's cigarettes is definitely harmful
   Answered 'Definitely yes' to the question, Do you think smoke from other people's

Alcohol Use
Ever drank alcohol
   Answered 'Yes' to the question, Have you ever had a drink of alcohol, other
Drank alcohol before age 11
   Answered '10 years old' or younger to the question, How old were you when
Current drinking
   Answered '1 or 2 days' or more to the question, During the past 30 days,
Binge drinking (Had 5 or more drinks on a single occasion at least once in the past 30 days)
   Answered '1 day' or more to the question, During the past 30 days, on how
It would be very easy or sort of easy to get alcohol
   Answered 'Very easy' or 'Sort of easy' to the question, If you wanted to get
My parents think my regular alcohol use would be wrong
   Answered 'Very wrong' or 'Wrong' to the question, How wrong do your parents
I think regular alcohol use by people my age is very wrong
   Answered 'Very wrong' or 'Wrong' to the question, How wrong do you think it
People face great risk from daily alcohol use
   Answered great risk to the question, How much do you think people risk

Drug use
Ever used marijuana
   Answered 'Yes' to the question, Have you ever used marijuana?
First used marijuana before age 11
   Answered '10 years old' or younger to the question, How old were you when
Current marijuana use
   Answered '1 or 2 times' or more to the question, During the past 30 days,
Ever used a prescription drug without a doctor's prescription
   Answered 'Yes' to the question, Have you ever taken a prescription drug
Ever used a painkiller to get high
   Answered 'Yes' to the question, Have you ever used a pain killer to get high, like
Ever used cocaine
   Answered 'Yes' to the question, Have you ever used any form of cocaine,
Ever used inhalants
   Answered 'Yes' to the question, *Have you ever sniffed glue, or breathed the*

Ever used illegal injection drugs
   Answered 'Yes' to the question, *Have you ever used a needle to inject any*

Sexual Activity
Ever had sexual intercourse
   Answered 'Yes' to the question, *Have you ever had sexual intercourse?*

Had sexual intercourse before age 11
   Answered '10 years old' or younger to the question, *How old were you when*

Had sexual intercourse with three or more people in lifetime
   Answered '3 people' or more to the question, *With how many people have*

Used a condom (among those who ever had sexual intercourse)
   Answered 'Yes' to the question, *The last time you had sexual intercourse, - among those who -*
   Answered 'Yes' to the question, *Have you ever had sexual intercourse?*

Taught about HIV/AIDS
   Answered 'Yes' to the question, *Have you ever been taught about AIDS or HIV*

Body Weight and Weight Control
Self-described as slightly or very overweight
   Answered 'Very overweight' or 'Slightly overweight' to the question, *How do*

Trying to lose weight
   Answered 'Lose weight' to the question, *Which of the following are you trying*

Ever fasted to lose weight
   Answered 'Yes' to the question, *Have you ever gone without eating for 24 hours*

Ever vomited or used laxatives to lose weight
   Answered 'Yes' to the question, *Have you ever vomited or taken laxatives to*

Physical Activity
No days of physical activity per week
   Answered '0 days' to the question, *During the past 7 days, on how many days*

Five days of physical activity per week
   Answered '5 days' or more to the question, *During the past 7 days, on how many*

Daily physical activity
   Answered '7 days' to the question, *During the past 7 days, on how many*

At least one day/week of physical education
   Answered '1 day' or more to the question, *In an average week when you are*

Daily physical education at school
   Answered '5 days' to the question, *In an average week when you are in school,*

Resiliency/Protective Factors
Unless otherwise noted, responses in the resiliency/protective factor sections of this report refer to
