Note regarding the IRF Process:

The IRF process is informal and is provided as a courtesy to Providers. During the IRF process, providers must continue to implement their Plan of Correction. The IRF review is a desk review, and does not have a provision for a face-to-face meeting between the provider and the IRF Committee.

When the IRF request is received it will be processed and if approved it will be forwarded to the IRF Committee for review of the case.

The IRF Committee is comprised of 1 member from DHI, and 1 member from DDSD. The IRF Committee reviews each disputed tag / deficiency and will make a recommendation of Removal, Modification or may Uphold the disputed tag / deficiency.

Providers will be notified of the IRF outcome.

Failure to comply with requirements for filing an IRF (1 through 4 above) may stop the IRF from occurring.
