The IRF process is informal and is provided as a courtesy to Providers. During the IRF process, providers must continue to implement their immediate Action and Safety Plan. The IRF review is a desk review, and does not have a provision for a face-to-face meeting between the provider and the IMB Bureau Chief.

When the IRF request is received it will be processed and if approved it will be forwarded to the IMB Bureau Chief for review of the case.

Providers will be notified of the IRF outcome.

Failure to comply with requirements for filing an IRF (1 through 4 above) may stop the IRF from occurring.
