

# Southeast Region Health Promotion

## What Does The Southeast Region Health Promotion Team Do?

- Works within their local Public Health Offices
- Serves as the connection between the region, NMDOH staff and their local communities
- Performs community-based health promotion in the region through collaboration with community health councils, coalitions, and other networks
- Accesses resources and funding for their communities
- Creates health literacy materials and performs trainings
- Links the community to data resources, evidence-based interventions and programs
- Provides hands-on support and technical assistance to local community partners with community health assessments and other health initiatives
- Facilitates open communication between organizations
- Engages with advocacy and policy development around community and state-wide health issues

### ***Mission Statement***

To promote health and wellness, improve health outcomes, and assure safety net services for all people in New Mexico

### ***Team Vision***

Striving For A Healthier New Mexico

### ***Core Values***

- Flexibility within our role in our communities
- Mobilize Communities
- Respect for a Variety of Organizational Processes
- Positive & Dynamic Teamwork
- Building Healthy Relationships

# YOUR HEALTH PROMOTION TEAM

## Connecting Communities One County at A Time

Community Partners: Local Public Health Offices, Community Health Councils, School Health Advisory Councils (SHACs), Community Organizations, and many more!
