Advisory Council on Quality Supports for People with Intellectual/Developmental Disabilities (ACQ)

Member Orientation
February 18, 2021
• **Statutory Authority**
  
  • The Advisory Council on Quality is authorized in accordance with the New Mexico Developmental Disabilities Act of 2017 (Section 28-16A-13 NMSA 2017). “...the department may... establish advisory councils and task forces as necessary to guide the development and review of support and services to persons with developmental disabilities.”

• **Centers for Medicaid and Medicare Services (CMS) Waiver Applications (included for all DD waivers)**
  
  • “DOH/DDSD work with providers and families to obtain stakeholder input and to assist the State with the on-going evaluation of the DD Waiver. The Advisory Council on Quality Supports (ACQ) is statutorily required to advise the DOH on policy related to the programs administered by DOH. The ACQ meets quarterly and is comprised of DD Waiver stakeholders, including individuals and their families. The ACQ participants give feedback and recommendations to DOH/DDSD.”

Mission and Vision

Mission: The Advisory Council advises the New Mexico Department of Health on the systems guiding the provision of services and supports that assist people with Intellectual/Developmental Disabilities (I/DD) of all ages to be fully included in New Mexico communities.

Vision: People with I/DD of all ages receive the supports and services needed to live inclusively and as independently as possible within their community.
Values

- **Families and Support Networks:** In order to maximize their rights in receiving and accessing services and being fully included in their communities, individuals with I/DD count on families and natural support networks.

- **Community Inclusion:** People with I/DD of all ages are fully included in community life, are able to secure and maintain naturally occurring support, and are able to rely upon services and supports that enhance life choices in relationships, school, work, where to live and how to participate in community;

- **Everyone is Valued:** People with I/DD have gifts and strengths and are valued members of New Mexico communities;

- **Self-Determination:** People with I/DD have the freedom to make life choices, are able to self-direct supports and services, have access to the information necessary to make informed decisions regarding available supports and services, and are accountable and responsible for their choices and decisions;

- **Respect:** The diversity, culture, differences, history and privacy of people with I/DD are respected;

- **Quality of Life:** Quality of life is individually determined by persons with I/DD;

- **Quality of Services:** Good quality services and supports are readily available, adequate and appropriate, ethical, person-centered and holistic;

- **Dignity of Risk:** People with I/DD, together with their support network and families can determine how they want to balance safety with the opportunities they wish to pursue. Regulation and monitoring should be utilized to ensure the safety of people with I/DD, not be intrusive and should not deter people and their support networks from deciding how they will balance safety and opportunity; and

- **Support Networks:** Those providing supports and services respect the choices and the self-direction of people with I/DD. Providers of supports and services are respected for the good work they do.

Supports Waiver Listening Sessions

As the Supports Waiver begins operation and individuals start both the waiver eligibility process and begin to receive services, the Supports Waiver DDSD Program Staff will hold listening sessions in 2021 to engage Supports Waiver participants and other interested individuals.

The goal of listening sessions will be to:

• Create a foundational space that values the voice of the Supports Waiver participant
• Understand the experiences of individuals as they prepare for and begin to receive Supports Waiver services
• Assist the Supports Waiver Program to identify areas that may benefit from additional communication and education
• Inform a recommendation to the ACQ regarding the development and formation of a Supports Waiver Advisory Committee

Updates will be provided to the ACQ from the Supports Waiver listening sessions by the Supports Waiver Program Manager culminating in a recommendation for the creation of a Supports Waiver Advisory Committee.

Department of Health/Developmental Disabilities Supports Division
Mission

**Vision** - Our vision is for people with intellectual and developmental disabilities to live the lives they prefer in their communities.

**Mission** - Our mission is to effectively administer a system of person-centered community supports and services that promotes positive outcomes for all stakeholders with a primary focus on assisting individuals with developmental disabilities and their families to exercise their right to make choices, grow and contribute to their community.
Human Services Department/Medical Assistance Division
Mission

• To transform lives. Working with our partners, we design and deliver innovative, high quality health and human services that improve the security and promote independence for New Mexicans in their communities.
Organization

The Human Services Department (HSD) administers a wide variety of services through four Program Divisions: Medical Assistance Division (MAD), Income Support Division (ISD), Child Support Enforcement Division (CSED), and Behavioral Health Services Division (BHSD).

HSD is the Administrative Agency for the 1915(c) Home and Community Based Services (HCBS) waivers including the Developmental Disabilities, Mi Via, Medically Fragile, and Supports waiver programs.

MAD is the division responsible for oversight of the 1915(c) HCBS waivers. Within MAD the Exempt Services and Programs Bureau (ESPB) directly oversees these programs.

ESPB coordinates with multiple bureaus including, but not limited to, Quality Bureau and Long-Term Services and Supports Bureau to ensure coordinated care for people eligible for the waivers.
New Mexico Centennial Care

- Centennial Care is the New Mexico Medicaid managed care program administered through HSD/MAD. Centennial Care services are provided through one of three managed care organizations (MCOs): Blue Cross Blue Shield, Western Sky Community Care, or Presbyterian Health Plan.

- Covered services include physical health (medical, dental, and vision), behavioral health (to help with issues such as stress, depression, anxiety, and addictions), long-term care, and Community Benefit (services like adult day health, respite care and personal care services).
• Centennial Care Members receive an initial Health Risk Assessment (HRA) to obtain basic health and demographic information and determine the need for a Comprehensive Needs Assessment (CNA).
• Members may be assigned to a care coordinator or request one, should they need additional assistance.
• A care coordinator is someone who looks at a Member’s physical and/or behavioral health needs and works directly with the Member and their family to get the services the Member needs. These services may include housing, transportation, employment, financial assistance and connecting with community resources.
• Community Benefit is an option for Members who meet a nursing facility level of care, meaning they need assistance with activities such as dressing, bathing, brushing teeth, toileting, etc. Services like adult day health, personal care services, and respite care are included in this option.
• Community Benefit is available for people on the DD Wait List, whereby the Member works with their MCO to access home and community-based services while waiting for the DD Waiver or Mi Via.
Programs for Individuals with Intellectual and Developmental Disabilities
DD Waiver Wait List

• When a person is found to match the definition of Intellectual/Developmental Disability (IDD), their name is placed on the DD Waiver Wait List until funding becomes available for allocations.

• As money becomes available, persons on the Wait List are offered an opportunity to receive services through the DD Waiver. This is called an allocation.

• The Developmental Disabilities Supports Division (DDSD) makes allocations based upon the person’s registration date.
Developmental Disabilities Waiver
