

**APPENDIX F**  
**REFERRAL LISTS**

## APPENDIX F

### REFERRALS

Title X clinics must provide for coordination and use of referrals and linkages with primary healthcare providers, other providers of healthcare services, local health and welfare departments, hospitals, voluntary agencies, and health services projects supported by other federal programs, who are in close proximity to the Title X site, when feasible, in order to promote access to services and provide a seamless continuum of care.

#### I. PRENATAL CARE

- A. Contact Local Clinics or Physicians
- B. New Mexico Midwives Association  
Home and Birth Center Deliveries  
<http://www.newmexicomidwifery.org/>

#### II. ADOPTION AGENCIES OF NEW MEXICO

Web search or local provider listing for licensed adoption agencies

#### III. ABORTIONS

- A. Contact Local Clinics or Physicians
- B. Web search or local provider listing
- C. Keep an updated referral list in the clinic to give to clients.

#### IV. INFERTILITY

Most OB/GYN practitioners do initial infertility workups.

##### **An estimate of cost:**

Consultation	\$250 includes ultrasound
Reversal of tubal ligation	\$10,000 (included physician, hospital and 3 hrs. of anesthesia)
Hysterosalpingogram (HSG)	\$900 (Hospital Extra)
Invitro Fertilization (IVF)	\$22,00 - \$26,000 (includes medications and genetic testing)

It is important to let indigent clients know these costs. Medicaid may cover some procedures, but not sterilization reversal or fertility drugs.

Medical insurance companies have various coverages and many different reimbursement levels. Some clinics may offer discounts for self-pay clients. Infertility specialists are generally located in Albuquerque. Staff should/could call local providers to assess cost for clients. For local resources, you may check with client's OB/GYN.

**V. TUBAL LIGATIONS**

**NW REGION**

UNM Center for Reproductive Health (OSIS)  
2301 Yale Blvd. SE, Building E  
Albuquerque, NM 87106
