The submitted form will be assigned a number for administrative purposes, and the form number will be sent to the healthcare provider who completed the designated form. The current version of the medical
aid in dying reporting forms will be available for completion on the department website.”

b. Section 7.2.26(B) will read as follows: “If after making reasonable efforts within 30 days of issuing the prescription, the healthcare provider is not aware of whether the prescription has been ingested, or if the prescription has not yet been ingested, the provider must complete the designated online form and mark either “not yet ingested” or “unknown”.

c. Section 7.2.26(C) will read as follows: “If a healthcare provider marks “not yet ingested” or “unknown” on the form, the healthcare provider must update that information online using the number assigned on the original form within 6 months of issuing the prescription. “Unknown” will not be accepted on the updated form. The department will send a reminder to the healthcare provider if an update has not been provided within 4 months of the initial online form submission.”

10. The Acting Cabinet Secretary finds that the proposed rule 7.2.2 NMAC, as revised by public comment received, the response of the Department, and the Hearing Officer’s recommendations, and the changes outlined in paragraph 9 above, is appropriate and consistent with the authorizing law, and the proposed revised rule, a copy of which is attached hereto, is hereby adopted.
