Region: Metro
Survey Date: February 7 – 10, 2011
Program Surveyed: Developmental Disabilities Waiver
Service Surveyed: Community Living (Family Living)
Survey Type: Routine
Team Leader: Nadine Romero, LBSW, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau
Team Members: Stephanie Berenger, MBA, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau, Maurice Gonzales, BS, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau, Crystal Lopez-Beck, BS, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau, Tony Fragua, BFA, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau, Cynthia Nielsen, MSN, RN, ONC, CCM, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau & Rosemary Williams, Community Living Coordinator, Developmental Disabilities Supports Division

Dear Mr. Copeland,

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider contracts. Upon receipt of this letter and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

Quality Management Compliance Determination:

The Division of Health Improvement is issuing your agency a determination of “Non-Compliance with Conditions of Participation.”

Plan of Correction:

The attached Report of Findings identifies deficiencies found during your agency’s compliance review. You are required to complete and implement a Plan of Correction. Please submit your agency’s Plan of Correction in the space on the two right columns of the Report of Findings. See attachment “A” for additional guidance in completing the Plan of Correction. The response is due to the parties below within 10 business days of the receipt of this letter:

“Assuring safety and quality of care in New Mexico’s health facilities and community-based programs.”

Roger Gillespie, Acting Division Director • Division of Health Improvement

Quality Management Bureau • 5301 Central Ave. NE Suite 400 • Albuquerque, New Mexico 87108
(505) 222-8623 • FAX: (505) 222-8661 • <http://dhi.health.state.nm.us>

QMB Report of Findings –Alta Mira Specialized Family Services - Metro Region – February 7 – 10, 2011

**1. Quality Management Bureau, Attention: Plan of Correction Coordinator
5301 Central Ave. NE Suite 400 Albuquerque, NM 87108**

2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Upon notification from QMB that your Plan of Correction has been approved, you must implement all remedies and corrective actions within 45 business days. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as all remedies must still be completed within 45 business days of the receipt of this letter.

Failure to submit, complete or implement your Plan of Correction within the 45 day required time frames may result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

Request for Informal Reconsideration of Findings (IRF):

If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

QMB Deputy Bureau Chief
5301 Central Ave NE Suite #400
Albuquerque, NM 87108
Attention: IRF request

See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 business days. Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please call the Plan of Correction Coordinator at 505-222-8647 if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely,

Nadine Romero, LBSW

Provider Instructions for Completing the QMB Plan of Correction (POC) Process

Introduction:

After a QMB Compliance Review, your QMB Report of Findings will be sent to you via US mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued non compliance.

Agencies must submit their Plan of Correction within 10 business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 days will be referred to the Internal Review Committee [IRC] for sanctions).

If you have questions about the Plan of Correction process, call the QMB Plan of Correction Coordinator at 505-222-8647 or email at George.Perrault@state.nm.us. Requests for technical assistance must be requested through your DDS Regional Office.

If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) days of receiving your report. The POC process cannot resolve disputes regarding findings. Please note that you must still submit a POC for findings that are in question (see Attachment "C").

Instructions for Completing Agency POC:

Required Content

Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice to prevent recurrence and information that ensures the regulation cited is in compliance. The remedies noted in your POC are expected to be added to your Agency's required, annual Quality Assurance Plan. (see page 3, DDW standards, effective; April 1, 2007, Chapter 1, Section I Continuous Quality Management System)

If a deficiency has already been corrected, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

The Plan of Correction you submit needs to address **each deficiency** in the two right hand columns with:

1. How the corrective action will be accomplished for all cited deficiencies in the report of findings;
2. How your Agency will identify all other individuals having the potential to be affected by the same deficient practice;
3. What measures will be put into place or what systemic changes will be made to ensure that the deficient practice will not reoccur and corrective action is sustained;
4. How your Agency plans to monitor corrective actions utilizing its continuous Quality Assurance/Quality Improvement Plan to assure solutions in the plan of correction are achieved and sustained, including (if appropriate):
 - Details about how and when Consumer, Personnel and Residential files are audited by Agency personnel to ensure they contain required documents;
 - Information about how Medication Administration Records are reviewed to verify they contain all required information before they are distributed, as they are being used, and after they are completed;
 - Your processes for ensuring that all staff are trained in Core Competencies, Incident Reporting, and Individual-Specific service requirements, etc;
 - How accuracy in Billing documentation is assured;

- How health, safety is assured;
 - For Case Management Providers, how ISPs are reviewed to verify they meet requirements, how the timeliness of LOC packet submissions and consumer visits are tracked;
 - Your process for gathering, analyzing and responding to Quality data, and
 - Details about Quality Targets in various areas, current status, Root Cause Analyses about why Targets were not met, and remedies implemented.
5. The individual's title responsible for the Plan of Correction and completion date.

Note: Instruction or in-service of staff alone may not be a sufficient plan of correction. This is a good first step toward correction, but additional steps should be taken to ensure the deficiency is corrected and will not recur.

Completion Dates

The plan of correction must include a **completion date** (entered in the far right-hand column). Be sure the date is **realistic** in the amount of time your Agency will need to correct the deficiency; not to exceed 45 days.

Direct care issues should be corrected immediately and monitored appropriately. Some deficiencies may require a staged plan to accomplish total correction. Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

Plan of Correction Submission Requirements

1. Your Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
2. If you have questions about the POC process, call the POC Coordinator, George Perrault at 505-222-8647 for assistance.
3. For Technical Assistance (TA) in developing or implementing your POC, contact your local DDSD Regional Office.
4. Submit your POC to George Perrault, POC Coordinator in any of the following ways:
 - a. Electronically at George.Perrault@state.nm.us
 - b. Faxed to 505-222-8661, or
 - c. Mailed to QMB, 5301 Central Avenue SW, Suite 400, Albuquerque, NM 87108
5. Do not send supporting documentation to QMB until after your POC has been approved by QMB.
6. QMB will notify you when your POC has been "approve" or "denied."
 - a. Whether your POC is "approved," or "denied," you will have a maximum of 45 business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
 - b. If your POC is "Denied" it must be revised and resubmitted as soon as possible, as the 45 business day limit is in effect.
 - c. If your POC is "Denied" a second time your agency may be referred to the Internal Review Committee.
 - d. You will receive written confirmation that your POC has been approved by QMB and a final deadline for completion of your POC.
7. Failure to submit your POC within 10 days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.
8. Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator at QMB, prior to the due date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.

POC Document Submission Requirements

Once your POC has been approved by the QMB Plan of Correction Coordinator you must submit copies of documents as evidence that all deficiencies have been corrected, as follows.

1. Your internal documents are due within a maximum of 45 business days of receipt of your Report of Findings.
2. You may submit your documents by postal mail, fax, or electronically on disc or scanned and attached to e-mails.
3. All submitted documents must be annotated: please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.
4. Do not submit original documents; hard copies or scanned and electronically submitted copies are fine. Originals must be maintained in the agency file(s) per DDSD Standards.
5. In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.
6. For billing deficiencies, you must submit:
 - a. Evidence of an internal audit of billing documentation for a sample of individuals and timeframes;
 - b. Copies of “void and adjust” forms submitted to correct all over-billed or unjustified units billed identified during your internal audit.

QMB Scope and Severity Matrix

Each deficiency in your Report of Findings is scored on a Scope and Severity Scale. The culmination of each deficiency's Scope and Severity is used to determine degree of compliance to standards and regulations and level of QMB Compliance Determination.

		SCOPE			
		Isolated 01% - 15%	Pattern 16% - 79%	Widespread 80% - 100%	
SEVERITY	High Impact	Immediate Jeopardy to individual health and or safety	J.	K.	L.
		Actual harm	G.	H.	I.
	Medium Impact	No Actual Harm Potential for more than minimal harm	D.	E.	F. (3 or more)
			D. (2 or less)		F. (no conditions of participation)
	Low Impact	No Actual Harm Minimal potential for harm.	A.	B.	C.

Scope and Severity Definitions:

- **Isolated:**
A deficiency that is limited to 1% to 15% of the sample, usually impacting few individuals in the sample.

- **Pattern:**
A deficiency that impacts a number or group of individuals from 16% to 79% of the sample is defined as a pattern finding. Pattern findings suggest the need for system wide corrective actions.

- **Widespread:**
A deficiency that impacts most or all (80% to 100%) of the individuals in the sample is defined as widespread or pervasive. Widespread findings suggest the need for system wide corrective actions as well as the need to implement a Continuous Quality Improvement process to improve or build infrastructure. Widespread findings could be referred to the Internal Review Committee for review and possible actions or sanctions.

QMB Determinations of Compliance

- “Substantial Compliance with Conditions of Participation”

The QMB determination of “Substantial Compliance with Conditions of Participation” indicates that a provider is in substantial compliance with all ‘Conditions of Participation’ and other standards and regulations. The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals’ health and safety. To qualify for a determination of Substantial Compliance with Conditions of Participation, the provider must be in compliance with all Conditions of Participation.

- “Non-Compliance with Conditions of Participation”

The QMB determination of “Non-Compliance with Conditions of Participation” indicates that a provider is out of compliance with one (1) or more ‘Conditions of Participation.’ This non-compliance, if not corrected, is likely to result in a serious negative outcome or the potential for more than minimal harm to individuals’ health and safety.

Providers receiving a repeat determination of ‘Non-Compliance’ may be referred by QMB to the Internal Review Committee (IRC) for consideration of remedies and possible actions.

- “Sub-Standard Compliance with Conditions of Participation”:

The QMB determination of “Sub-Standard Compliance with Conditions of Participation” indicates a provider is significantly out of compliance with Conditions of Participation and/or has:

- Multiple findings of widespread non-compliance with any standard or regulation with a significant potential for more than minimal harm.
- Any finding of actual harm or Immediate Jeopardy.

Providers receiving a repeat determination of ‘Substandard Compliance’ will be referred by QMB to the Internal Review Committee (IRC) for consideration of remedies and possible actions.

Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

Introduction:

Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means that surveyors have clarified issues and/or requested missing information before completing the review. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

Instructions:

1. The Informal Reconsideration of the Finding (IRF) request must be in writing to the QMB Deputy Bureau Chief **within 10 working days** of receipt of the final report.
2. The written request for an IRF must be completed on the QMB Request for Informal Reconsideration of Finding Form available on the QMB website: <http://dhi.health.state.nm.us/qmb>
3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
4. The IRF request must include all supporting documentation or evidence.

The following limitations apply to the IRF process:

- The request for an IRF and all supporting evidence must be received within 10 days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the QMB compliance determination or the length of their DDS provider contract.

A Provider forfeits the right to an IRF if the request is not made within 10 working days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

QMB has 30 working days to complete the review and notify the provider of the decision. The request will be reviewed by the IRF committee. The Provider will be notified in writing of the ruling; no face to face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. **Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status.** If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

CHAPTER 5 IV. COMMUNITY INCLUSION SERVICES PROVIDER AGENCY REQUIREMENTS

B. IDT Coordination

(1) Community Inclusion Services Provider Agencies shall participate on the IDT as specified in the ISP Regulations (7.26.5 NMAC), and shall ensure direct support staff participation as needed to plan effectively for the individual; and

(2) Coordinate with the IDT to ensure that each individual participating in Community Inclusion Services who has a score of 4, 5, or 6 on the HAT has a Health Care Plan developed by a licensed nurse, and if applicable, a Crisis Prevention/Intervention Plan.

Residence Requirements for Family Living Services and Supported Living Services</p> <p>(1) Supported Living Services and Family Living Services providers shall assure that each individual's residence has:</p> <ul style="list-style-type: none"> (a) Battery operated or electric smoke detectors, heat sensors, or a sprinkler system installed in the residence; (b) General-purpose first aid kit; (c) When applicable due to an individual's health status, a blood borne pathogens kit; (d) Accessible written procedures for emergency evacuation e.g. fire and weather-related threats; (e) Accessible telephone numbers of poison control centers located within the line of sight of the telephone; (f) Accessible written documentation of actual evacuation drills occurring at least three (3) times a year. For Supported Living evacuation drills shall occur at least once a year during each shift; (g) Accessible written procedures for the safe storage of all medications with dispensing instructions for each individual that are consistent with the Assisting with Medication Administration training or each individual's ISP; and (h) Accessible written procedures for emergency placement and relocation of individuals in the event of an emergency evacuation that makes the residence unsuitable for occupancy. The emergency evacuation procedures shall address, but are not limited to, fire, chemical and/or hazardous waste spills, and flooding. 	<p>Based on observation, the Agency failed to ensure that each individual's residence met all requirements within the standard for 4 of 21 Family Living residences.</p> <p>The following items were not found, not functioning or incomplete:</p> <ul style="list-style-type: none"> • Family Living Requirements: • General-purpose first aid kit (#14) • Accessible telephone numbers of poison control centers located within the line of sight of the telephone (#5) • Accessible written procedures for the safe storage of all medications with dispensing instructions for each individual that are consistent with the Assisting with Medication Administration training or each individual's ISP (#3) • Accessible written procedures for emergency placement and relocation of individuals in the event of an emergency evacuation that makes the residence unsuitable for occupancy. The emergency evacuation procedures shall address, but are not limited to, fire, chemical and/or hazardous waste spills, and flooding (#3 & 18) 		

ADDITIONAL FINDINGS: Reimbursement Deficiencies

**BILLING
TAG #1A12**

Developmental Disabilities (DD) Waiver Service Standards effective 4/1/2007 **Chapter 1. III. PROVIDER AGENCY DOCUMENTATION OF SERVICE DELIVERY AND LOCATION**

B. Billable Units: The documentation of the billable time spent with an individual shall be kept on the written or electronic record that is prepared prior to a request for reimbursement from the HSD. For each unit billed, the record shall contain the following:

- (1) Date, start and end time of each service encounter or other billable service interval;
- (2) A description of what occurred during the encounter or service interval; and
- (3) The signature or authenticated name of staff providing the service.

Billing for Community Living (Family Living) services was reviewed for 21 of 21 individuals. Progress notes and billing records supported billing activities for the months of October, November and December 2010

Service Surveyed: Community Living (Family Living)
Survey Type: Routine

RE: Request for an Informal Reconsideration of Findings

Dear Mr. Copeland,

Your request for a Reconsideration of Findings was received on April 18, 2011. Your request and the supporting evidence provided have been reviewed. Based on the review of applicable standards and regulations, review of the survey process and the evidence you provided, the following determinations have been made:

Regarding Tag # 1A37

Determination: The IRF committee is removing the original finding in the report of findings.

This concludes the Informal Reconsideration of Finding process. The IRF process is separate and apart from the Informal Dispute Resolution process or the Medicaid Fair Hearing process when DOH sanctions are imposed on a provider.

Thank you.
Respectfully,

QMB Report of Findings – Alta Mira Specialized Family Services - Metro Region – February 7 – 10, 2011

Survey Report #: Q11.03.D0067.METRO.001.RTN.01
