

SUSANA MARTINEZ, GOVERNOR CATHERINE D. TORRES, M.D., CABINET SECRETARY

Date: November 18, 2011

To: James McDonald, Executive Director
Provider: Animas Valley Caring Hands, LLC
Address: 1909 E. 20th Street, Suite 6, Farmington

State/Zip: New Mexico, 87401

E-mail Address: avchnm@yahoo.com

Region: Northwest

Survey Date: September 26 - 30, 2011

Program Surveyed: Developmental Disabilities Waiver

Service Surveyed: Community Living (Family Living) & Community Inclusion (Adult Habilitation & Community

Access)

Survey Type: Initial

Team Leader: Tony Fragua, BFA, Healthcare Surveyor, Division of Health Improvement/Quality

Management Bureau

Team Members: Cathy Saxton, Northwest Regional Case Management Coordinator, Developmental

Disabilities Supports Division

Dear Mr. McDonald,

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider contracts. Upon receipt of this letter and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

Quality Management Compliance Determination:

The Division of Health Improvement is issuing your agency a determination of "Substandard Compliance with Conditions of Participation."

Plan of Correction:

The attached Report of Findings identifies deficiencies found during your agency's compliance review. You are required to complete and implement a Plan of Correction. Please submit your agency's Plan of Correction in the space on the two right columns of the Report of Findings. See attachment "A" for additional guidance in completing the Plan of Correction. The response is due to the parties below within 10 business days of the receipt of this letter:

- Quality Management Bureau, Attention: Plan of Correction Coordinator 5301 Central Ave. NE Suite 400 Albuquerque, NM 87108
- 2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

DIVISION OF HEALTH IMPROVEMENT • QUALITY MANAGEMENT BUREAU

5301 Central Avenue NE, Suite 400 • Albuquerque, New Mexico • 87108 (505) 222-8623 • FAX: (505) 222-8661 • http://www.dhi.health.state.nm.us

QMB Report of Findings – Animas Valley Caring Hands, LLC – Northwest Region – September 26 - 30, 2011

Upon notification from QMB that your Plan of Correction has been approved, you must implement all remedies and corrective actions within 45 business days. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as all remedies must still be completed within 45 business days of the receipt of this letter.

Failure to submit, complete or implement your Plan of Correction within the 45 day required time frames may result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

Request for Informal Reconsideration of Findings (IRF):

If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

QMB Deputy Bureau Chief 5301 Central Ave NE Suite #400 Albuquerque, NM 87108 Attention: IRF request

See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 business days. Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please call the Plan of Correction Coordinator at 505-222-8647 if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely,

Tony Fragua, BFA

Provider Instructions for Completing the QMB Plan of Correction (POC) Process

Introduction:

After a QMB Compliance Review, your QMB Report of Findings will be sent to you via US mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued non compliance.

Agencies must submit their Plan of Correction within 10 business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 days will be referred to the Internal Review Committee [IRC] for sanctions).

If you have questions about the Plan of Correction process, call the QMB Plan of Correction Coordinator at 505-222-8647 or email at George.Perrault@state.nm.us. Requests for technical assistance must be requested through your DDSD Regional Office.

If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) days of receiving your report. The POC process cannot resolve disputes regarding findings. Please note that you must still submit a POC for findings that are in question (see Attachment "C").

Instructions for Completing Agency POC:

Required Content

Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice to prevent recurrence and information that ensures the regulation cited is in compliance. The remedies noted in your POC are expected to be added to your Agency's required, annual Quality Assurance Plan. (see page 3, DDW standards, effective; April 1, 2007, Chapter 1, Section I Continuous Quality Management System)

If a deficiency has already been corrected, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

The Plan of Correction you submit needs to address **each deficiency** in the two right hand columns with:

- 1. How the corrective action will be accomplished for all cited deficiencies in the report of findings;
- 2. How your Agency will identify all other individuals having the potential to be affected by the same deficient practice:
- 3. What measures will be put into place or what systemic changes will be made to ensure that the deficient practice will not reoccur and corrective action is sustained;
- 4. How your Agency plans to monitor corrective actions utilizing its continuous Quality Assurance/Quality Improvement Plan to assure solutions in the plan of correction are achieved and sustained, including (if appropriate):
 - Details about how and when Consumer, Personnel and Residential files are audited by Agency personnel to ensure they contain required documents;
 - Information about how Medication Administration Records are reviewed to verify they contain all required information before they are distributed, as they are being used, and after they are completed;
 - Your processes for ensuring that all staff are trained in Core Competencies, Incident Reporting, and Individual-Specific service requirements, etc;
 - · How accuracy in Billing documentation is assured;

- How health, safety is assured;
- For Case Management Providers, how ISPs are reviewed to verify they meet requirements, how the timeliness of LOC packet submissions and consumer visits are tracked;
- Your process for gathering, analyzing and responding to Quality data, and
- Details about Quality Targets in various areas, current status, Root Cause Analyses about why Targets were not met, and remedies implemented.
- 5. The individual's title responsible for the Plan of Correction and completion date.

Note: Instruction or in-service of staff alone may not be a sufficient plan of correction. This is a good first step toward correction, but additional steps should be taken to ensure the deficiency is corrected and will not recur.

Completion Dates

The plan of correction must include a **completion date** (entered in the far right-hand column). Be sure the date is **realistic** in the amount of time your Agency will need to correct the deficiency; not to exceed 45 days.

Direct care issues should be corrected immediately and monitored appropriately. Some deficiencies may require a staged plan to accomplish total correction. Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

Plan of Correction Submission Requirements

- Your Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
- 2. If you have questions about the POC process, call the POC Coordinator, George Perrault at 505-222-8647 for assistance.
- 3. For Technical Assistance (TA) in developing or implementing your POC, contact your local DDSD Regional Office.
- 4. Submit your POC to George Perrault, POC Coordinator in any of the following ways:
 - a. Electronically at George.Perrault@state.nm.us
 - b. Faxed to 505-222-8661, or
 - c. Mailed to QMB, 5301 Central Avenue SW, Suite 400, Albuquerque, NM 87108
- 5. Do not send supporting documentation to QMB until after your POC has been approved by QMB.
- 6. QMB will notify you when your POC has been "approve" or "denied."
 - a. Whether your POC is "approved," or "denied," you will have a maximum of 45 business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
 - b. If your POC is "Denied" it must be revised and resubmitted as soon as possible, as the 45 business day limit is in effect.
 - c. If your POC is "Denied" a second time your agency may be referred to the Internal Review Committee.
 - d. You will receive written confirmation that your POC has been approved by QMB and a final deadline for completion of your POC.
- 7. Failure to submit your POC within 10 days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.
- 8. Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator at QMB, prior to the due date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.

POC Document Submission Requirements

Once your POC has been approved by the QMB Plan of Correction Coordinator you must submit copies of documents as evidence that all deficiencies have been corrected, as follows.

- 1. Your internal documents are due within a <u>maximum</u> of 45 business days of receipt of your Report of Findings.
- 2. You may submit your documents by postal mail, fax, or electronically on disc or scanned and attached to e-mails.
- 3. All submitted documents <u>must be annotated</u>: please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.
- 4. Do not submit original documents; hard copies or scanned and electronically submitted copies are fine. Originals must be maintained in the agency file(s) per DDSD Standards.
- 5. In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.
- 6. For billing deficiencies, you must submit:
 - a. Evidence of an internal audit of billing documentation for a sample of individuals and timeframes;
 - b. Copies of "void and adjust" forms submitted to correct all over-billed or unjustified units billed identified during your internal audit.

QMB Scope and Severity Matrix

Each deficiency in your Report of Findings is scored on a Scope and Severity Scale. The culmination of each deficiency's Scope and Severity is used to determine degree of compliance to standards and regulations and level of QMB Compliance Determination.

				SCOPE	
SEVERITY			Isolated 01% - 15%	Pattern 16% - 79%	Widespread 80% - 100%
	High Impact	Immediate Jeopardy to individual health and or safety	J.	К.	L.
	High	Actual harm	G.	Н.	I.
	Medium Impact	No Actual Harm Potential for more than	D.	E.	F. (3 or more)
	Mec	minimal harm	D . (2 or less)		F. (no conditions of participation)
	Low Impact	No Actual Harm Minimal potential for harm.	А.	B.	C.

Scope and Severity Definitions:

Isolated:

A deficiency that is limited to 1% to 15% of the sample, usually impacting few individuals in the sample.

Pattern:

A deficiency that impacts a number or group of individuals from 16% to 79% of the sample is defined as a pattern finding. Pattern findings suggest the need for system wide corrective actions.

Widespread:

A deficiency that impacts most or all (80% to 100%) of the individuals in the sample is defined as widespread or pervasive. Widespread findings suggest the need for system wide corrective actions as well as the need to implement a Continuous Quality Improvement process to improve or build infrastructure. Widespread findings could be referred to the Internal Review Committee for review and possible actions or sanctions.

QMB Determinations of Compliance

"Substantial Compliance with Conditions of Participation"

The QMB determination of "Substantial Compliance with Conditions of Participation" indicates that a provider is in substantial compliance with all 'Conditions of Participation' and other standards and regulations. The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of Substantial Compliance with Conditions of Participation, the provider must be in compliance with all Conditions of Participation.

"Non-Compliance with Conditions of Participation"

The QMB determination of "Non-Compliance with Conditions of Participation" indicates that a provider is out of compliance with one (1) or more 'Conditions of Participation.' This non-compliance, if not corrected, is likely to result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety.

Providers receiving a <u>repeat</u> determination of 'Non-Compliance' may be referred by QMB to the Internal Review Committee (IRC) for consideration of remedies and possible actions.

"Sub-Standard Compliance with Conditions of Participation":

The QMB determination of "Sub-Standard Compliance with Conditions of Participation" indicates a provider is significantly out of compliance with Conditions of Participation and/or has:

- Multiple findings of widespread non-compliance with any standard or regulation with a significant potential for more than minimal harm.
- Any finding of actual harm or Immediate Jeopardy.

Providers receiving a <u>repeat</u> determination of 'Substandard Compliance' will be referred by QMB to the Internal Review Committee (IRC) for consideration of remedies and possible actions.

Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

Introduction:

Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means that surveyors have clarified issues and/or requested missing information before completing the review. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

Instructions:

- 1. The Informal Reconsideration of the Finding (IRF) request must be in writing to the QMB Deputy Bureau Chief within 10 working days of receipt of the final report.
- 2. The written request for an IRF must be completed on the QMB Request for Informal Reconsideration of Finding Form available on the QMB website: http://dhi.health.state.nm.us/qmb
- 3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
- 4. The IRF request must include all supporting documentation or evidence.

The following limitations apply to the IRF process:

- The request for an IRF and all supporting evidence must be received within 10 days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the QMB compliance determination or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not made within 10 working days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

QMB has 30 working days to complete the review and notify the provider of the decision. The request will be reviewed by the IRF committee. The Provider will be notified in writing of the ruling; no face to face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. **Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status.** If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

7.1.13.9 INCIDENT MANAGEMENT SYSTEM REPORTING REQUIREMENTS FOR COMMUNITY BASED SERVICE PROVIDERS:

- E. Quality Improvement System for Community Based Service Providers: The community based service provider shall establish and implement a quality improvement system for reviewing alleged complaints and incidents. The incident management system shall include written documentation of corrective actions taken. The community based service provider shall maintain documented evidence that all alleged violations are thoroughly investigated, and shall take all reasonable steps to prevent further incidents. The community based service provider shall provide the following internal monitoring and facilitating quality improvement system:
- (1) community based service providers funded through the long-term services division to provide waiver services shall have current incident management policy and procedures in place, which comply with the department's current requirements;
- (2) community based service providers providing developmental disabilities services must have a designated incident management coordinator in place;
- (4) community based service providers providing developmental disabilities services must have an incident management committee to address internal and external incident reports for the purpose of looking at internal root causes and to take action on identified trends or issues.

NMAC 16.19.11.8 MINIMUM STANDARDS:

A. MINIMUM STANDARDS FOR THE DISTRIBUTION, STORAGE, HANDLING AND RECORD KEEPING OF DRUGS:

- (d) The facility shall have a Medication Administration Record (MAR) documenting medication administered to residents, **including over-the-counter medications.** This documentation shall include:
 - (i) Name of resident;
 - (ii) Date given;
 - (iii) Drug product name;
 - (iv) Dosage and form;
 - (v) Strength of drug;
 - (vi) Route of administration;
 - (vii) How often medication is to be taken;
 - (viii) Time taken and staff initials;
 - (ix) Dates when the medication is discontinued or changed;
 - (x) The name and initials of all staff

- Lisinopril 5mg (1 time daily)
- Divalproex 500mg (1 time daily)
- Ranitidine 150mg (2 times daily)

During on-site survey Physician Orders were requested. As of 9/30/2011, Physician Orders had not been provided.

July 2011

Medication Administration Records did not contain the route of administration for the following medications:

- Buproprion 100mg (1 time daily)
- Metamucil Powder (1 time daily)
- Vitamin D3 2,000U(1 time daily) (Winter Months Only)
- Prenaplus (1 time daily)
- Flovent 220mcg (2 times daily)
- Simvastatin 20mg (1 time daily)
- Paxil CR 10mg (1 time daily)
- Fantidine 20mg (1 time daily)
- Lisinopril 5mg (1 time daily)
- Divalproex 500mg (1 time daily)
- Ranitidine 150mg (2 times daily)
- Aspirin 81mg (2 times daily)

During on-site survey Physician Orders were requested. As of 9/30/2011, Physician Orders had

administering medications.

Model Custodial Procedure Manual D. Administration of Drugs

Unless otherwise stated by practitioner, patients will not be allowed to administer their own medications. Document the practitioner's order authorizing the self-administration of medications.

All PRN (As needed) medications shall have complete detail instructions regarding the administering of the medication. This shall include:

- > symptoms that indicate the use of the medication.
- > exact dosage to be used, and
- the exact amount to be used in a 24 hour period.

not been provided.

September 2011

Surveyors observed a pill bottle with medication the individual is to take. Review of the Medication Administration Record found no evidence that medication is documented on the MAR.

Mirtazapine 15mg (1 time daily)

Individual #5 June 2011

Medication Administration Records contain the following medications. No Physician's Orders were found for the following medications:

- Climdamycin Phosp Gel1% (1 time daily)
- Auita (Tretinoin) Cream 0.025%(1 time daily)
- Atrophine Sulfate Ophthalmic Sol 1% (1 time daily)

July 2011

Medication Administration Records contain the following medications. No Physician's Orders were found for the following medications:

- Climdamycin Phosp Gel1-5% (1 time daily)
- Atrophine Sulfate Ophthalmic Sol 1% (1 time daily)
- SOD Sulfacet 10% (4times daily)

Medication Administration Records did not contain the route of administration for the following medications:

• Tegretol 100mg (2 times daily)

No	In addition to stating the Plan of Correction for these findings above, also please provide your evidence of on-going Quality Assurance / Quality Improvement specific to this tag below	

agency nurse must be available to assist the caregiver upon request.

- (c) For newly allocated individuals, the HAT and the MAAT must be completed within seventy-two (72) hours of admission into direct services or two weeks following the initial ISP, whichever comes first. (d) For individuals already in services, the HAT and the MAAT must be completed at least fourteen (14) days prior to the annual ISP meeting and submitted to all members of the interdisciplinary team. The HAT must also be completed at the time of any significant change in clinical condition and upon return from any hospitalizations. In addition to annually, the MAAT must be completed at the time of any significant change in clinical condition, when a medication regime or route change requires delivery by licensed or certified staff, or when an individual has completed additional training designed to improve their skills to support selfadministration (see DDSD Medication Assessment and Delivery Policy).
- (e) Nursing assessments conducted to determine current health status or to evaluate a change in clinical condition must be documented in a signed progress note that includes time and date as well as *subjective* information including the individual complaints, signs and symptoms noted by staff, family members or other team members; *objective* information including vital signs, physical examination, weight, and other pertinent data for the given situation (e.g., seizure frequency, method in which temperature taken); *assessment* of the clinical status, and *plan* of action addressing relevant aspects of all active health problems and follow up on any recommendations of medical consultants.

(2) Health related plans

(a) For individuals with chronic conditions that have the potential to exacerbate into a life-threatening situation, a medical crisis prevention and intervention plan must be written by the nurse or other appropriately designated healthcare

- Bowel and Bladder
- Individual #2 As indicated by eCHAT the individual is required to have a plan. No evidence of a plan was found.
- Seizures
- Individual #2 As indicated by ECHAT the individual is required to have a plan. No evidence of a plan was found.
- Neurological/Shunt
- Individual #2 As indicated by ECHAT the individual is required to have a plan. No evidence of a plan was found.

professional.		
•		
(b) Crisis prevention and intervention plans must be		
written in user-friendly language that is easily		
understood by those implementing the plan.		
(c) The nurse shall also document training		
regarding the crisis prevention and intervention		
plan delivered to agency staff and other team		
members, clearly indicating competency		
determination for each trainee.		
(d) If the individual receives services from separate		
agencies for community living and community		
inclusion services, nurses from each agency shall		
collaborate in the development of and training		
delivery for crisis prevention and intervention plans		
to assure maximum consistency across settings.		
(3) For all individuals with a HAT score of 4, 5 or 6,		
the nurse shall develop a comprehensive healthcare		
plan that includes health related supports identified		
in the ISP (The healthcare plan is the equivalent of		
a nursing care plan; two separate documents are		
not required nor recommended):		
(a) Each healthcare plan must include a statement		
of the person's healthcare needs and list		
measurable goals to be achieved through		
implementation of the healthcare plan. Needs		
statements may be based upon supports needed		
1		
for the individual to maintain a current strength, ability or skill related to their health, prevention measures, and/or supports needed to remediate, minimize or manage an existing health condition. (b) Goals must be measurable and shall be revised when an individual has met the goal and has the potential to attain additional goals or no longer requires supports in order to maintain the goal. (c) Approaches described in the plan shall be individualized to reflect the individual's unique needs, provide guidance to the caregiver(s) and designed to support successful interactions. Some interventions may be carried out by staff, family members or other team members, and other interventions may be carried out directly by the nurse – persons responsible for each intervention		

shall be specified in the plan. (d) Healthcare plans shall be written in language that will be easily understood by the person(s) identified as implementing the interventions. (e) The nurse shall also document training on the healthcare plan delivered to agency staff and other team members, clearly indicating competency determination for each trainee. If the individual receives services from separate agencies for community living and community inclusion services. nurses from each agency shall collaborate in the development of and training delivery for healthcare plans to assure maximum consistency across settings. (f) Healthcare plans must be updated to reflect relevant discharge orders whenever an individual returns to services following a hospitalization. (g) All crisis prevention and intervention plans and healthcare plans shall include the individual's name and date on each page and shall be signed by the author. (h) Crisis prevention and intervention plans as well as healthcare plans shall be reviewed by the nurse at least quarterly, and updated as needed. (4) General Nursing Documentation (a) The nurse shall complete legible and signed progress notes with date and time indicated that describe all interventions or interactions conducted with individuals served as well as all interactions with other healthcare providers serving the individual. All interactions shall be documented whether they occur by phone or in person. (b) For individuals with a HAT score of 4, 5 or 6, or who have identified health concerns in their ISP. the nurse shall provide the interdisciplinary team with a quarterly report that indicates current health status and progress to date on health related ISP desired outcomes and action plans as well as progress toward goals in the healthcare plan.

Long Term Services Division Policy Title: Human Rights Committee Requirements Eff Date: March 1, 2003 IV. POLICY STATEMENT - Human Rights			
Committees are required for residential service provider agencies. The purpose of these			

committees with respect to the provision of Behavior Supports is to review and monitor the implementation of certain Behavior Support Plans.

Human Rights Committees may not approve any of the interventions specifically prohibited in the following policies:

- Aversive Intervention Prohibitions
- Psychotropic Medications Use
- Behavioral Support Service Provision.

A Human Rights Committee may also serve other agency functions as appropriate, such as the review of internal policies on sexuality and incident management follow-up.

A. HUMAN RIGHTS COMMITTEE ROLE IN BEHAVIOR SUPPORTS

Only those Behavior Support Plans with an aversive intervention included as part of the plan or associated Crisis Intervention Plan need to be reviewed prior to implementation. Plans not containing aversive interventions do not require Human Rights Committee review or approval.

- 2. The Human Rights Committee will determine and adopt a written policy stating the frequency and purpose of meetings. Behavior Support Plans approved by the Human Rights Committee will be reviewed at least quarterly.
- 3. Records, including minutes of all meetings will be retained at the agency with primary responsibility for implementation for at least five years from the completion of each individual's Individual Service Plan.

	HAPTER 6. IX. REIMBURSEMENT FOR			
	OMMUNITY LIVING SERVICES			

- B. Reimbursement for Family Living Services
- (1) Billable Unit: The billable unit for Family Living Services is a daily rate for each individual in the residence. A maximum of 340 days (billable units) are allowed per ISP year.
- (2) Billable Activities shall include:
 - (a) Direct support provided to an individual in the residence any portion of the day;
 - (b) Direct support provided to an individual by the Family Living Services direct support or substitute care provider away from the residence (e.g., in the community); and
 - (c) Any other activities provided in accordance with the Scope of Services.
- (3) Non-Billable Activities shall include:
 - (a) The Family Living Services Provider Agency may not bill the for room and board;
 - (b) Personal care, nutritional counseling and nursing supports may not be billed as separate services for an individual receiving Family Living Services; and
 - (c) Family Living services may not be billed for the same time period as Respite.
 - (d) The Family Living Services Provider Agency may not bill on days when an individual is hospitalized or in an institutional care setting. For this purpose a day is counted from one midnight to the following midnight.

Developmental Disabilities (DD) Waiver Service Standards effective 4/1/2007 - Chapter 6 -COMMUNITY LIVING SERVICES III. REQUIREMENTS UNIQUE TO FAMILY LIVING SERVICES

C. Service Limitations. Family Living Services cannot be provided in conjunction with any other Community Living Service, Personal Support Service, Private Duty Nursing, or Nutritional Counseling. In addition, Family Living may not be delivered during the same time as respite; therefore,

a specified deduction to the daily rate for Family Living shall be made for each unit of respite received.		
Developmental Disabilities (DD) Waiver Service Standards effective 4/1/2007 - DEFINITIONS SUBSTITUTE CARE means the provision of family living services by an agency staff or subcontractor during a planned/scheduled or emergency absence of the direct service provider.		
RESPITE means a support service to allow the primary caregiver to take a break from care giving responsibilities while maintaining adequate supervision and support to the individual during the absence of the primary caregiver.		

SUSANA MARTINEZ, GOVERNOR

CATHERINE D. TORRES, M.D., CABINET SECRETARY

Date: December 20, 2011

To: James McDonald, Executive Director Provider: Animas Valley Caring Hands, LLC Address: 1909 E. 20th Street, Suite 6, Farmington

State/Zip: New Mexico, 87401

E-mail Address: avchnm@yahoo.com

Region: Northwest

Survey Date: September 26 - 30, 2011

Program Surveyed: Developmental Disabilities Waiver

Service Surveyed: Community Living (Family Living) & Community Inclusion (Adult Habilitation & Community Access)

Survey Type: Initial

RE: Request for an Informal Reconsideration of Findings

Dear Mr. McDonald.

Your request for a Reconsideration of Findings was received on November 30, 2011. Your request and the supporting evidence provided have been reviewed. Based on the review of applicable standards and regulations, review of the survey process and the evidence you provided, the following determinations have been made:

Regarding Tag # 1A03

Determination: The IRF committee is removing the original finding in the report of findings.

Regarding Tag # 1A20

Determination: The IRF committee is upholding the original finding in the report of findings. You are required to complete the remainder of your Plan of Correction as previously indicated. Based on the document request form specific to training, the documents needed to demonstrate trainings had occurred were requested

QMB Report of Findings – Animas Valley Caring Hands, LLC - Northwest Region – September 26 - 30, 2011

from and signed by Lindsay McDonald on 9/28/11 and not received prior to the end of the survey; also, the DDSD/UNM Training database reflects the "date of entry: into the database, not the agency's original date of hire. The date of hire given to the team by your agency for #59 was 5/28/11, outside the required 90 day timeframe for PCP training to be completed. The scope and severity rating will remain "E."

Regarding Tag # 1A26

Determination: The IRF committee is removing the original finding in the report of findings.

Regarding Tag # 1A29

Determination: The IRF committee is upholding the original finding in the report of findings. You are required to complete the remainder of your Plan of Correction as previously indicated. Based on the request for documents, the information for Individual #4 was requested and signed for by L McDonald on 9/28/11 and not received prior to the end of the survey. The scope and severity rating for this tag will remain "A."

Regarding Tag # 1A31

Determination: The IRF committee is removing the original finding in the report of findings.

Regarding Tag # 1A32/6L14

Determination: The IRF committee is upholding the original finding in the report of findings. You are required to complete the remainder of your Plan of Correction as previously indicated. Based on documentation supplied the Residential Interview and Case File Review Tool, the documents were requested from Ms. Bryson on 9/27/11; she was unable to find them in the file. The scope and severity rating will remain "D."

Regarding Tag # 1A33

Determination: The IRF committee is removing the original finding in the report of findings.

Regarding Tag # 1A37

Determination: The IRF committee is upholding the original finding in the report of findings. You are required to complete the remainder of your Plan of Correction as previously indicated. Based on the request for documents, the evidence of training for staff #40 was requested and signed for by L McDonald on 9/28/11 and not received prior to the end of the survey. The scope and severity rating for this tag will remain "D."

Regarding Tag # 5l36

Determination: The IRF committee is upholding the original finding in the report of findings. You are required to complete the remainder of your Plan of Correction as previously indicated. Based on the Administrative needs list, the information was requested and signed for by L McDonald on 9/26/11 and not received prior to the end of the survey. Information was received for the month of May, 2011, but not June and July. The scope and severity rating for this tag will remain "B."

Regarding Tag # 6L26

Determination: The IRF committee is upholding the original finding in the report of findings. You are required to complete the remainder of your Plan of Correction as previously indicated. Based on the Administrative needs list, the information was requested and signed for by L McDonald on 9/26/11 and not received prior to the end of the survey. Also, the IRF did not contain a rationale for the dispute of the citation. The scope and severity rating for this tag will remain "A."

Due to the changes in determined by this IRF process your quality determination of "Substandard Compliance with Conditions of Participation," was changed to "Partial Compliance with Conditions of Participation."

This concludes the Informal Reconsideration of Finding process. The IRF process is separate and apart from the Informal Dispute Resolution process or the Medicaid Fair Hearing process when DOH sanctions are imposed on a provider.

Thank you. Respectfully,

Scott Good

Routine Survey: September 26 - 30, 2011

Verification Survey: April 24, 2012

Program Surveyed: Developmental Disabilities Waiver

Service Surveyed: Community Living (Family Living) & Community Inclusion (Adult Habilitation & Community Access)

Survey Type: Verification

Team Leader: Tony Fragua, BFA, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau

Dear Mr. McDonald,

The Division of Health Improvement/Quality Management Bureau has completed a Verification survey of the services identified above. The purpose of the survey was to determine compliance with your Plan of Correction submitted to DHI regarding the Routine Survey on September 26 – 30, 2011. There were no deficiencies noted. The Routine Survey and subsequent Plan of Correction process is now complete. The Division of Health Improvement, Quality Management Bureau has determined your agency is in:

Compliance with Conditions of Participation

This concludes your Survey process. Please call the Plan of Correction Coordinator at 505-699-0714, if you have questions about the survey or the report. Thank you for your cooperation and for the work you perform.

Sincerely,

Tony Fragua, BFA
