Survey Date: March 22 – 26, 2010
Program Surveyed: Developmental Disabilities Waiver
Service Surveyed: Community Inclusion (Adult Habilitation, Community Access & Supported Employment)
Survey Type: Routine
Team Leader: Stephanie R. Martinez de Berenger, MPA, GCDF, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau
Team Members: Florie Alire, RN, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau & Linda Clark, BA, Community Inclusion Coordinator, Developmental Disabilities Service Division.

Dear Ms. Stafford,

The Division of Health Improvement/Quality Management Bureau has completed a quality review survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement.

Quality Management Approval Rating:

The Division of Health Improvement is issuing your agency a finding of “NON-COMPLIANCE” for basic compliance with DDSD Standards and regulations.

Plan of Correction:

The attached Report of Findings identifies deficiencies found during your agency’s survey. You are required to complete and implement a Plan of Correction (POC). Please submit your agency’s Plan of Correction (POC) in the space on the two right columns of the Report of Findings. See attachment A for additional guidance in completing the POC. The response is due to the parties below within 10 working days of the receipt of this letter:

1. Quality Management Bureau, Attention: Plan of Correction Coordinator
5301 Central Ave. NE Suite 400 Albuquerque, NM 87108
2. Developmental Disabilities Supports Division Regional Office for region of service surveyed.

Upon notification from QMB that your Plan of Correction has been approved, you must implement all remedies and corrective actions within 45 working days. If your plan of correction is denied, you must resubmit a revised plan ASAP for approval. All remedies must still be completed within 45 working days of the original submission.

“Assuring safety and quality of care in New Mexico’s health facilities and community-based programs.”

David Rodriguez, Division Director • Division of Health Improvement

Quality Management Bureau • 5301 Central Ave. NE Suite 400 • Albuquerque, New Mexico 87108
(505) 222-8623 • FAX: (505) 222-8661 • <http://dhi.health.state.nm.us>

Failure to submit, complete or implement your POC within the required time frames will result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

Request for Informal Reconsideration of Findings (IRF):

If you disagree with a determination of noncompliance (finding) you have 10 working days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

QMB Deputy Bureau Chief
5301 Central Ave NE Suite #400
Albuquerque, NM 87108
Attention: IRF request

A request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 working days. Providers may not appeal the nature or interpretation of the standard or regulation, the team composition, sampling methodology or the Scope and Severity of the finding.

If the IRF approves the change or removal of a finding, you will be advised of any changes.

This IRF process is separate and apart from the Informal Dispute Resolution (IDR) and Fair Hearing Process for Sanctions from DOH.

Please call the Team Leader at 505-690-7285, if you have questions about the survey or the report. Thank you for your cooperation and for the work you perform.

Sincerely,

Stephanie R. Martinez de Berenger, MPA, GCDF

Provider Instructions for Completing the QMB Plan of Correction (POC) Process

- After a QMB Quality Review, your Survey Report will be sent to you via certified mail. You may request that it also be sent to you electronically by calling George Perrault, Plan of Correction Coordinator at 505-222-8647.
- Within 10 business days of the date you received your survey report, you must develop and send your Plan of Correction response to the QMB office. (Providers who do not pick up their mail will be referred to the Internal Review Committee [IRC]).
- For each Deficiency in your Survey Report, include specific information about HOW you will correct each Deficiency, WHO will fix each Deficiency (“Responsible Party”), and by WHEN (“Date Due”).
- Your POC must not only address HOW, WHO and WHEN each Deficiency will be corrected, but must also address overall systemic issues to prevent the Deficiency from reoccurring, i.e., Quality Assurance (QA). Your description of your QA must include specifics about your self-auditing processes, such as HOW OFTEN you will self-audit, WHO will do it, and WHAT FORMS will be used.
- Corrective actions should be incorporated into your agency’s Quality Assurance/Quality Improvement policies and procedures.
- You may send your POC response electronically to George.Perrault@state.nm.us, by fax (505-222-8661), or by postal mail.
- Do not send supporting documentation to QMB until after your POC has been approved by QMB.
- QMB will notify you if your POC has been “Approved” or “Denied”.
- Whether your POC is “Approved” or “Denied”, you have a maximum of 45 business days to correct all survey Deficiencies from the date of receipt of your Survey Report. If your POC is “Denied” it must be revised and resubmitted ASAP, as the 45 working day limit is in effect. Providers whose revised POC is denied will be referred to the IRC.
- The POC must be completed on the official QMB Survey Report and Plan of Correction Form, unless approved in advance by the POC Coordinator.
- The following Deficiencies must be corrected within the deadlines below (after receipt of your Survey Report):
- If you have questions about the POC process, call the QMB POC Coordinator, George Perrault at 505-222-8647 for assistance.
- For Technical Assistance (TA) in developing or implementing your POC, contact your local DDSD Regional Office.
- Once your POC has been approved by QMB, the POC may not be altered or the dates changed.
- Requests for an extension or modification of your POC (post approval) must be made in writing and submitted to the POC Coordinator at QMB, and are approved on a case-by-case basis.
- When submitting supporting documentation, organize your documents by Tag #s, and annotate or label each document using Individual numbers.
- Do not submit original documents, hard copies or scanned and electronically submitted copies are fine. Originals must be maintained in the agency/client file(s) as per DDSD Standards.
- Failure to submit, complete or implement your POC within the required timeframes will result in a referral to the IRC and the possible imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

QMB Scope and Severity Matrix of survey results

Each deficiency in your Report of Findings is scored on a Scope and Severity Scale. The culmination of each deficiency's Scope and Severity is used to determine degree of compliance to standards and regulations and level of QMB Certification.

			SCOPE		
			Isolated 01% - 15%	Pattern 16% - 79%	Widespread 80% - 100%
SEVERITY	High Impact	Immediate Jeopardy to individual health and or safety	J.	K.	L.
		Actual harm	G.	H.	I.
	Medium Impact	No Actual Harm Potential for more than minimal harm	D.	E.	F. (3 or more)
		D. (2 or less)	F. (no conditions of participation)		
	Low Impact	No Actual Harm Minimal potential for harm.	A.	B.	C.

Scope and Severity Definitions:

Key to Scope scale:

Isolated:

A deficiency that is limited to 1% to 15% of the sample, usually impacting no more than one or two individuals in the sample.

Pattern:

A deficiency that impacts a number or group of individuals from 16% to 79% of the sample is defined as a pattern finding. Pattern findings suggest the need for system wide corrective actions.

Widespread:

A deficiency that impacts most or all (80% to 100%) of the individuals in the sample is defined as widespread or pervasive. Widespread findings suggest the need for system wide corrective actions as well as the need to implement a Continuous Quality Improvement process to improve or build infrastructure. Widespread findings must be referred to the Internal Review Committee for review and possible actions or sanctions.

Key to Findings:

“Compliance”

“Compliance” indicates that a provider is in compliance with all ‘Conditions of Participation’ and substantial compliance with other standards and regulations. The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals’ health and safety. To be in “Compliance” the provider must not have any findings that are a Condition of Participation.

“Partial Compliance”

“Substantial Compliance” also know as, “Partial Compliance” indicates a provider has obtained a minimum level of compliance, but still has isolated Conditions of Participation out of compliance. This isolated non-compliance if not corrected is a potential for more than minimal harm (scope/severity level “D”) to individuals’ health and safety. A provider in Substantial Compliance may have any number of “D” level Conditions of Participation out of compliance, but no Conditions higher than “D” level.

“Non-Compliance”

“Non-Compliance” indicates that a provider is out of compliance with one or more Conditions of Participation and/or other additional standards and regulations. This non-compliance if not corrected is a potential for more than minimal harm (scope/severity level “E” or “F”) to individuals’ health and safety.

Providers having repeat Non-compliance findings may be referred by QMB to the Internal Review Committee (IRC) for potential actions and sanctions, including but not limited to:

- Repeat findings of Conditions of Participation
- A pattern of repeat findings

Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

Introduction:

Throughout the process, surveyors are openly communicating with providers. Open communication means that surveyors have clarified issues and/or requested missing information before completing the review. Regardless, there may still be instances where the provider disagrees with a specific finding.

To informally dispute a finding the provider must request in writing an Informal Reconsideration of the Finding (IRF) to the QMB Deputy Bureau Chief **within 10 working days** of receipt of the final report.

The written request for an IRF **must be completed on the QMB Request for Informal Reconsideration of Finding Form** (available on the QMB website: <http://dhi.health.state.nm.us/qmb>) and must specify in detail the request for reconsideration and why the finding is inaccurate. **The IRF request must include all supporting documentation or evidence that was not previously reviewed during the survey process.**

The following limitations apply to the IRF process:

- The request for an IRF and all supporting evidence must be received in 10 days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed by the survey team.
- Providers must continue to complete their plan of correction during the IRF process
- Providers may not request an IRF to challenge the Scope and Severity of a finding.
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition
- Providers may not request an IRF to challenge the QMB Quality Approval Rating and the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not made within 10 working days of receiving the report and does not include all supporting documentation or evidence to show compliance with the standards and regulations.

QMB has 30 working days to complete the review and notify the provider of the decision. The request will be reviewed by the IRF committee. The Provider will be notified in writing of the ruling, no face to face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. **Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status.** If a finding is successfully reconsidered, it will be noted and will be removed or modified from the report. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

Administrative Review Process:

If a Provider desires to challenge the decision of the IRF committee they may request an Administrative Review by the DHI and DDSD Director. The Request must be made in writing to the QMB Bureau Chief and received within 5 days of notification from the IRF decision.

Regarding IRC Sanctions:

The Informal Reconsideration of the Finding process is a separate process specific to QMB Survey Findings and should not be confused with any process associated with IRC Sanctions.

If a Provider desires to Dispute or Appeal an IRC Sanction that is a separate and different process. Providers may choose the Informal Dispute Resolution Process or the Formal Medicaid Fair Hearing Process to dispute or appeal IRC sanctions, please refer to the DOH Sanction policy and section 39 of the provider contract agreement.

7.1.13.9 INCIDENT MANAGEMENT SYSTEM REPORTING REQUIREMENTS FOR COMMUNITY BASED SERVICE PROVIDERS:

E. Quality Improvement System for Community Based Service Providers: The community based service provider shall establish and implement a quality improvement system for reviewing alleged complaints and incidents. The incident management system shall include written documentation of corrective actions taken. The community based service provider shall maintain documented evidence that all alleged violations are thoroughly investigated, and shall take all reasonable steps to prevent further incidents. The community based service provider shall provide the following internal monitoring and facilitating quality improvement system:

- (1) community based service providers funded through the long-term services division to provide waiver services shall have current incident management policy and procedures in place, which comply with the department's current requirements;
- (2) community based service providers providing developmental disabilities services must have a designated incident management coordinator in place;
- (4) community based service providers providing developmental disabilities services must have an incident management committee to address internal and external incident reports for the purpose of looking at internal root causes and to take action on identified trends or issues.

RE: Request for an Informal Reconsideration of Findings

Dear Ms. Stafford,

Your request for a Reconsideration of Findings was received on June 1, 2010. Your request and the supporting evidence provided have been reviewed. Based on the review of applicable standards and regulations, review of the survey process and the evidence you provided, the following determinations have been made:

Regarding Tag # 1A03

Determination: The IRF committee is removing the original finding in the report. However, based on documentation you provided and the findings cited in the remainder of your report this committee suggests you receive technical assistance as it appears your agency QA/QI Plan is not functioning at an acceptable level as to improve quality internal to Connections, LLC.

Regarding Tag # 1A05

Determination: The IRF committee is upholding the original finding in the report. You are required to complete the remainder of your Plan of Correction as previously indicated. Based on documentation you supplied and documentation gathered by the survey team while on-site, this deficiency will be upheld. Documents submitted show a review of policies and procedures on 11/16/08; however the policies and/or procedures supplied to the survey team while on-site contradict this information. The policies/procedures supplied on-site clearly show dates out of compliance with standards, as noted in the original report of findings. The scope and severity rating for this tag will remain "F."

Regarding Tag # 1A29

Determination: The IRF committee is removing the original finding in the report. Based on documentation you supplied showing evidence of due diligence on your behalf, you are able demonstrate your agency was and continues to locate the guardian in question.

Regarding Tag # 1A22

Determination: The IRF committee is upholding the original finding in the report. You are required to complete the remainder of your Plan of Correction as previously indicated. Based on documentation you supplied and documentation gathered by the survey team while on-site, this deficiency will be upheld. The Individual Specific Training (IST) section of the ISP states training for Individual # 1 is required for allergies including tomatoes and the staff “need(s) to know,” and “Health Coordinator and or nurse to inform staff.” [sic] Other deficiencies within this tag were not disputed. The scope and severity rating for this tag will remain “E.”

Regarding Tag # 1A31

Determination: The IRF committee is upholding the original finding in the report. You are required to complete the remainder of your Plan of Correction as previously indicated. Based on documentation you supplied and documentation gathered by the survey team while on-site, this deficiency will be upheld. The deficiency in the report of findings does not cite your agency for not holding the Human Rights Committee as you are disputing; rather, you were found deficient for not having evidence of the approval of a physical restriction for Individual #2. It is advised you speak to the ancillary provider who held the Human Rights Team and maintains minutes of that meeting and collect the approval for physical restraints for your file. The scope and severity rating for this tag will remain “D.”

Regarding Tag # 5144

Determination: The IRF committee is upholding the original finding in the report. You are required to complete the remainder of your Plan of Correction as previously indicated. Based on documentation you supplied and documentation gathered by the survey team while on-site, as well as your rationale for disputing this deficiency it will be upheld. During the entrance meeting the “Administrative Needs List,” was signed by “Pamela Stafford,” stating your acknowledgement of specific items required to complete the survey including items number 14, “Copy of remittance records and supporting documentation for the months of December 2009, January 2010 and February 2010 for clients listed in #1.” The scope and severity rating for this tag will remain “B.”

Regarding Tag # 5125

Determination: The IRF committee is modifying the original finding in the report; other deficiencies within this tag were not disputed. Removed, were citations for Individual #12 for the months of December 2009 and February 2010. The scope and severity rating for this tag will remain “B.”

This concludes the Informal Reconsideration of Finding process. The IRF process is separate and apart from the Informal Dispute Resolution process or the Medicaid Fair Hearing process when DOH sanctions are imposed on a provider.

Thank you.
Respectfully,

Scott Good, MRC, CRC
