Dear Ms. Kathy Chavez:

In review of your Report of Findings the Division of Health Improvement/Quality Management Bureau has discovered a blank entry on page 6 Tag # 1A32 & 6L14 (CoP) ISP Implementation. In an oversight we failed to note that the particular deficiencies in that area were completed. After review of information we have determined the tag was completed. Hence, we are issuing you a corrected version of your verification survey report.

The Division of Health Improvement/Quality Management Bureau has completed a verification survey of the services identified above. The purpose of the survey was to determine compliance with you Plan of Correction submitted to DHI regarding the Routine Survey on June 6 - 10, 2011. There were no deficiencies noted. The Routine Survey and subsequent Plan of Correction process is now complete. The Division of Health Improvement, Quality Management Bureau has determined your agency is in:

**Compliance with Conditions of Participation**

This concludes your Survey process. Please call the Plan of Correction Coordinator at 505-699-0714, if you have questions about the survey or the report. Thank you for your cooperation and for the work you perform.

Sincerely,

Valerie V. Valdez, M.S

QMB Determinations of Compliance

- **“Compliance with Conditions of Participation”**
  The QMB determination of "Compliance with Conditions of Participation," indicates that a provider is in compliance with all ‘Conditions of Participation,’ (CoP) but may have standard level deficiencies (deficiencies which are not at the condition level) out of compliance. The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of Compliance with Conditions of Participation, the provider must be in compliance with all Conditions of Participation.

- **“Partial-Compliance with Conditions of Participation”**
  The QMB determination of “Partial-Compliance with Conditions of Participation” indicates that a provider is out of compliance with one (1) to three (3) ‘Conditions of Participation.’ This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. The Agency may also have standard level deficiencies (deficiencies which are not at the condition level).

  Providers receiving a repeat determination of 'Partial-Compliance' for repeat deficiencies of CoPs may be referred by the Quality Management Bureau to the Internal Review Committee (IRC) for consideration of remedies and possible actions.

- **“Non-Compliant with Conditions of Participation”:**
  The QMB determination of “Non-Compliance with Conditions of Participation,” indicates a provider is significantly out of compliance with Conditions of Participation and/or has:
  - Four (4) Conditions of Participation out of compliance.
  - Multiple findings of widespread non-compliance with any standard or regulation with a significant potential for more than minimal harm.
  - Any finding of actual harm or Immediate Jeopardy.

  The Agency may also have standard level deficiencies (deficiencies which are not at the condition level).

  Providers receiving a repeat determination of ‘Non-Compliance’ will be referred by Quality Management Bureau to the Internal Review Committee (IRC) for consideration of remedies and possible actions.
