Dear Diane Metoyer;

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider agreements. Upon receipt of this letter and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

**Determination of Compliance:**

The Division of Health Improvement, Quality Management Bureau has determined your agency is in:

**Compliance:** This determination is based on your agency’s compliance with Condition of Participation level and Standard level requirements. Deficiencies found only affect a small percentage of the Individuals on the survey sample (refer to Attachment D for details). The attached QMB Report of Findings indicates Standard Level deficiencies identified and requires implementation of a Plan of Correction.

The following tags are identified as Standard Level:

- Tag # 4C07 Individual Service Planning (Visions, measurable outcomes, action steps)
Plan of Correction:
The attached Report of Findings identifies the deficiencies found during your agency’s on-site compliance review. You are required to complete and implement a Plan of Correction. Your agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the receipt of this letter.

You were provided information during the exit meeting portion of your on-site survey. Please refer to this information (Attachment A) for specific instruction on completing your Plan of Correction. At a minimum your Plan of Correction should address the following for each Tag cited:

Corrective Action for Current Citation:
- How is the deficiency going to be corrected? (i.e. obtained documents, retrain staff, individuals and/or staff no longer in service, void/adjusts completed, etc.) This can be specific to each deficiency cited or if possible an overall correction, i.e. all documents will be requested and filed as appropriate.

On-going Quality Assurance/Quality Improvement Processes:
- What is going to be done on an ongoing basis? (i.e. file reviews, etc.)
- How many individuals is this going to effect? (i.e. percentage of individuals reviewed, number of files reviewed, etc.)
- How often will this be completed? (i.e. weekly, monthly, quarterly, etc.)
- Who is responsible? (responsible position within your agency)
- What steps will be taken if issues are found? (i.e. retraining, requesting documents, filing RORA, etc.)
- How is this integrated in your agency’s QIS, QI Committee reviews and annual report?

Submission of your Plan of Correction:
Please submit your agency’s Plan of Correction in the available space on the two right-hand columns of the Report of Findings. (See attachment “A” for additional guidance in completing the Plan of Correction).

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

1. Quality Management Bureau, Attention: Amanda Castaneda, Plan of Correction Coordinator
   1170 North Solano Suite D Las Cruces, New Mexico 88001

2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Upon notification from QMB that your Plan of Correction has been approved, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.

Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a $200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

Billing Deficiencies:
If you have deficiencies noted in this report of findings under the Service Domain: Medicaid Billing/Reimbursement, you must complete a “Void/Adjust” claim or remit the identified overpayment via a check within 30 calendar days of the date of this letter to HSD/OIG/PIU, though this is not the preferred method of payment. If you choose to pay via check, please include a copy of this letter with the payment. Make the check payable to the New Mexico Human Services Department and mail to:

Survey Report #: Q.19.3.DDW.D3826.1.RTN.01.19.052
Attention: Lisa Medina-Lujan  
HSD/OIG/Program Integrity Unit  
1474 Rodeo Road  
Santa Fe, New Mexico 87505

If you have questions and would like to speak with someone at HSD/OIG/PIU, please contact:

Lisa Medina-Lujan (Lisa.medina-lujan@state.nm.us)  
OR  
Jennifer Goble (Jennifer.goble2@state.nm.us)

Please be advised that there is a one-week lag period for applying payments received by check to Void/Adjust claims. During this lag period, your other claim payments may be applied to the amount you owe even though you have sent a refund, reducing your payment amount. For this reason, we recommend that you allow the system to recover the overpayment instead of sending in a check.

**Request for Informal Reconsideration of Findings (IRF):**

If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

Request for Informal Reconsideration of Findings  
5301 Central Ave NE Suite #400  
Albuquerque, NM 87108  
Attention: IRF request/QMB

See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please call the Plan of Correction Coordinator Amanda Castaneda at 575-373-5716 if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely,

Wolf Krusemark, BFA

Wolf Krusemark, BFA

Provider Instructions for Completing the QMB Plan of Correction (POC) Process

Introduction:
After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued deficiencies and non-compliance.

Agencies must submit their Plan of Correction within ten (10) business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days may be referred to the DDSD Regional Office for purposes of contract management or the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings. Providers who fail to complete a POC within the 45-business days allowed will be referred to the IRC for possible actions or sanctions.

If you have questions about the Plan of Correction process, call the Plan of Correction Coordinator at 575-373-5716 or email at AmandaE.Castaneda@state.nm.us. Requests for technical assistance must be requested through your Regional DDSD Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment C).

Instructions for Completing Agency POC:

Required Content
Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice cited to prevent recurrence and information that ensures the regulation cited comes into and remains in compliance. The remedies noted in your POC are expected to be added to your Agency’s required, annual Quality Assurance (QA) Plan.

If a deficiency has already been corrected since the on-site survey, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

The following details should be considered when developing your Plan of Correction:

The Plan of Correction must address each deficiency cited in the Report of Findings unless otherwise noted with a “No Plan of Correction Required statement.” The Plan of Correction must address the five (5) areas listed below:

1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect those individuals in similar situations.
3. What Quality Assurance measures will be put into place and what systemic changes made to ensure the deficient practice will not recur.
4. Indicate how the agency plans to monitor its performance to make certain solutions are sustained. The agency must develop a QA plan for ensuring correction is achieved and sustained. This QA plan must be implemented and the corrective action is evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and
5. Include dates when corrective actions will be completed. The corrective action completion dates must be acceptable to the State.

The following details should be considered when developing your Plan of Correction:
• Details about how and when Individual Served, agency personnel and administrative and service delivery site files are audited by agency personnel to ensure they contain required documents;
• Information about how medication administration records are reviewed to verify they contain all required information before they are distributed to service sites, as they are being used, and after they are completed;
• Your processes for ensuring that all required agency personnel are trained on required DDSD required trainings;
• How accuracy in billing/reimbursement documentation is assured;
• How health, safety is assured;
• For Case Management providers, how Individual Service Plans are reviewed to verify they meet requirements, how the timeliness of level of care (LOC) packet submissions and consumer visits are tracked;
• Your process for gathering, analyzing and responding to quality data indicators; and,
• Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

Note: Instruction or in-service of staff alone may not be a sufficient plan of correction. This is a good first step toward correction, but additional steps must be taken to ensure the deficiency is corrected and will not recur.

Completion Dates
• The plan of correction must include a completion date (entered in the far right-hand column) for each finding. Be sure the date is realistic in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
• Direct care issues should be corrected immediately and monitored appropriately.
• Some deficiencies may require a staged plan to accomplish total correction.
• Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

Initial Submission of the Plan of Correction Requirements
1. The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
2. For questions about the POC process, call the POC Coordinator, Amanda Castaneda at 575-373-5716 or email at AmandaE.Castaneda@state.nm.us for assistance.
3. For Technical Assistance (TA) in developing or implementing your POC, contact your Regional DDSD Office.
4. Submit your POC to Amanda Castaneda, POC Coordinator in any of the following ways:
   a. Electronically at AmandaE.Castaneda@state.nm.us (preferred method)
   b. Fax to 575-528-5019, or
   c. Mail to POC Coordinator, 1170 North Solano Ste D, Las Cruces, New Mexico 88001
5. Do not submit supporting documentation (evidence of compliance) to QMB until after your POC has been approved by the QMB.
6. QMB will notify you when your POC has been “approved” or “denied.”
   a. During this time, whether your POC is “approved,” or “denied,” you will have a maximum of 45-business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
   b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45-business day limit is in effect.
   c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
   d. You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
   e. Please note that all POC correspondence will be sent electronically unless otherwise requested.
7. Failure to submit your POC within 10 business days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.

POC Document Submission Requirements
Once your POC has been approved by the QMB Plan of Correction Coordinator you must submit copies of documents as evidence that all deficiencies have been corrected, as follows.
1. Your internal documents are due within a maximum of 45-business days of receipt of your Report of Findings.

2. It is preferred that you submit your documents via USPS or other carrier (scanned and saved to CD/DVD disc, flash drive, etc.). If documents containing HIPAA Protected Health Information (PHI) documents must be submitted through S-Comm (Therap), Fax or Postal System, do not send PHI directly to NMDOH email accounts. If the documents do not contain protected Health information (PHI) then you may submit your documents electronically scanned and attached to e-mails.

3. All submitted documents must be annotated; please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.

4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.

5. In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.

6. When billing deficiencies are cited, you must provide documentation to justify billing and/or void and adjust forms submitted to Xerox State Healthcare, LLC for the deficiencies cited in the Report of Findings.

Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator, prior to the due date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.
Attachment B

Department of Health, Division of Health Improvement
QMB Determination of Compliance Process

The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and other state and federal regulations. For the purpose of the case management survey the CMS waiver assurances have been grouped into five (5) Service Domains: Plan of Care (Development and Monitoring); Level of Care; Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency’s operational policies and procedures, Quality Assurance system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified during the on-site survey process and as reported in the QMB Report of Findings. All areas reviewed by QMB have been agreed to by DDSD and DHI/QMB and are reflective of CMS requirements. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Each deficiency in your Report of Findings has been predetermined to be a Standard Level Deficiency, a Condition of Participation Level Deficiency, if below 85% compliance or a non-negotiable Condition of Participation Level Deficiency. Your Agency’s overall Compliance Determination is based on a Scope and Severity Scale which takes into account the number of Standard and Condition Level Tags cited as well as the percentage of Individuals affected in the sample.

Conditions of Participation (CoPs)

CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances, in addition to the New Mexico Developmental Disability Waiver (DDW) Service Standards. The Division of Health Improvement (DHI), in conjunction with the Developmental Disability Support Division (DDSD), has identified certain deficiencies that have the potential to be a Condition of Participation Level, if the tag falls below 85% compliance based on the number of people affected. Additionally, there are what are called non-negotiable Conditions of Participation, regardless if one person or multiple people are affected. In this context, a CoP is defined as an essential / fundamental regulation or standard, which when out of compliance directly affects the health and welfare of the Individuals served. If no deficiencies within a Tag are at the level of a CoP, it is cited as a Standard Level Deficiency.

Service Domains and CoPs for Case Management are as follows:

Service Domain: Plan of Care ISP Development & Monitoring - Service plans address all participates’ assessed needs (including health and safety risk factors) and goals, either by waiver services or through other means. Services plans are updated or revised at least annually or when warranted by changes in the waiver participants’ needs.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.3 – Administrative Case File - Individual Service Plan (ISP) / ISP Components
- 4C07 – Individual Service Planning (Vision, measurable outcome, action steps)
- 4C07.1 – Individual Service Planning – Paid Services
- 4C10 – Apprv. Budget Worksheet Waiver Review Form / MAD 046
- 4C12 – Monitoring & Evaluation of Services
- 4C16 – Requirements for Reports & Distribution of ISP (Provider Agencies, Individual and/or Guardian)

Survey Report #: Q.19.3.DDW.D3826.1.RTN.01.19.052
Service Domain: Level of Care - Initial and annual Level of Care (LOC) evaluations are completed within timeframes specified by the State.

Potential Condition of Participation Level Tags, if compliance is below 85%:
- 4C04 – Assessment Activities

Service Domain: Qualified Providers - The State monitors non-licensed/non-certified providers to assure adherence to waiver requirements. The State implements its policies and procedures for verifying that provider training is conducted in accordance with State requirements and the approved waiver.

Potential Condition of Participation Level Tags, if compliance is below 85%:
- 1A22/4C02 – Case Manager: Individual Specific Competencies
- 1A22.1 / 4C02.1 – Case Manager Competencies: Knowledge of Service

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):
- 1A25.1 – Caregiver Criminal History Screening
- 1A26.1 – Consolidated On-line Registry Employee Abuse Registry

Service Domain: Health, Welfare and Safety - The State, on an ongoing basis, identifies, addresses and seeks to prevent occurrences of abuse, neglect and exploitation. Individuals shall be afforded their basic human rights. The provider supports individuals to access needed healthcare services in a timely manner.

Potential Condition of Participation Level Tags, if compliance is below 85%:
- 1A08.2 – Administrative Case File: Healthcare Requirements & Follow-up
- 1A15.2 – Administrative Case File: Healthcare Documentation (Therap and Required Plans)

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):
- 1A05 – General Requirements
Attachment C

Guidelines for the Provider
Informal Reconsideration of Finding (IRF) Process

Introduction:
Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated “Document Request,” or “Administrative Needs,” etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

Instructions:
1. The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Deputy Bureau Chief within 10 business days of receipt of the final Report of Findings.
2. The written request for an IRF must be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: https://nmhealth.org/about/dhi/cbp/irf/
3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
4. The IRF request must include all supporting documentation or evidence.
5. If you have questions about the IRF process, email the IRF Chairperson, Crystal Lopez-Beck at Crystal.Lopez-Beck@state.nm.us for assistance.

The following limitations apply to the IRF process:
- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process.
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request; the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. **Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status.** If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.
QMB Determinations of Compliance

**Compliance:**

The QMB determination of **Compliance** indicates that a provider has either no deficiencies found during a survey or that no deficiencies at the Condition of Participation Level were found. The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals’ health and safety. To qualify for a determination of **Compliance**, the provider must have received no Conditions of Participation Level Deficiencies and have a minimal number of Individuals on the sample affected by the findings indicated in the Standards Level Tags.

**Partial-Compliance with Standard Level Tags:**

The QMB determination of **Partial-Compliance with Standard Level Tags** indicates that a provider is in compliance with all Condition of Participation Level deficiencies but is out of compliance with a certain percentage of Standard Level deficiencies. This partial-compliance, if not corrected, may result in a negative outcome or the potential for more than minimal harm to individuals’ health and safety. There are two ways to receive a determination of **Partial-Compliance with Standard Level Tags**:

1. Your Report of Findings includes 16 or fewer Standards Level Tags with between 75% and 100% of the survey sample affected in any tag.
2. Your Report of Findings includes 17 or more Standard Level Tags with between 50% to 74% of the survey sample affected in any tag.

**Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags:**

The QMB determination of **Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags** indicates that a provider is out of compliance with one to five (1 – 5) Condition of Participation Level Tags. This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals’ health and safety.

**Non-Compliance:**

The QMB determination of **Non-Compliance** indicates a provider is significantly out of compliance with both Standard Level deficiencies and Conditions of Participation level deficiencies. This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals’ health and safety. There are three ways an agency can receive a determination of **Non-Compliance**:

1. Your Report of Findings includes 17 or more Standard Level Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any tag.
2. Your Report of Findings includes any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags.

- 17 or more Standard Level Tags with 50 to 74% of the individuals in the sample cited any tag.

**“Compliance”**

- Up to 16 Standard Level Tags with 0 to 74% of the individuals in the sample cited in any tag.
- 17 or more Standard Level Tags with 0 to 49% of the individuals in the sample cited in any tag.
Standard of Care | Deficiencies | Agency Plan of Correction, On-going QA/QI & Responsible Party | Date Due
---|---|---|---
**Service Domain: Plan of Care - ISP Development & Monitoring** - Service plans address all participants’ assessed needs (including health and safety risk factors) and goals, either by waiver services or through other means. Services plans are updated or revised at least annually or when warranted by changes in the waiver participants’ needs.

**Tag # 4C07 Individual Service Planning (Visions, measurable outcomes, action steps)**

Based on record review, the Agency did not ensure the ISP was developed in accordance with the rule governing ISP development, as it relates to realistic and measurable desired outcomes and vision statements to 1 of 27 Individuals.

The following was found with regards to ISP Outcomes:

**Individual #4:**
- …will lower his risk of getting full blown diabetes. Outcome does not indicate how and/or when it would be completed.

**Provider:**
- State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): →

**Provider:**
Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →

---

Survey Report #: Q.19.3.DDW.D3826.1.RTN.01.19.052
B. Long term vision: The vision statement shall be recorded in the individual's actual words, whenever possible. For example, in a long-term vision statement, the individual may describe him or herself living and working independently in the community.

C. Outcomes:
(1) The IDT has the explicit responsibility of identifying reasonable services and supports needed to assist the individual in achieving the desired outcome and long-term vision. The IDT determines the intensity, frequency, duration, location and method of delivery of needed services and supports. All IDT members may generate suggestions and assist the individual in communicating and developing outcomes. Outcome statements shall also be written in the individual's own words, whenever possible. Outcomes shall be prioritized in the ISP.

(2) Outcomes planning shall be implemented in one or more of the four "life areas" (work or leisure activities, health or development of relationships) and address as appropriate home environment, vocational, educational, communication, self-care, leisure/social, community resource use, safety, psychological/behavioral and medical/health outcomes. The IDT shall assure that the outcomes in the ISP relate to the individual's long-term vision statement. Outcomes are required for any life area for which the individual receives services funded by the developmental disabilities Medicaid waiver.

D. Individual preference: The individual's preferences, capabilities, strengths and needs in each life area determined to be relevant to the identified ISP outcomes shall be reflected in the ISP. The long term vision, age, circumstances, and interests of the individual, shall determine the life area relevance, if any to the individual's ISP.
E. Action plans:
(1) Specific ISP action plans that will assist the individual in achieving each identified, desired outcome shall be developed by the IDT and stated in the ISP. The IDT establishes the action plan of the ISP, as well as the criteria for measuring progress on each action step.
(2) Service providers shall develop specific action plans and strategies (methods and procedures) for implementing each ISP desired outcome. Timelines for meeting each action step are established by the IDT. Responsible parties to oversee appropriate implementation of each action step are determined by the IDT.
(3) The action plans, strategies, timelines and criteria for measuring progress, shall be relevant to each desired outcome established by the IDT. The individual’s definition of success shall be the primary criterion used in developing objective, quantifiable indicators for measuring progress.

CHAPTER 4 (CMgt) 2. Service Requirements:
C. Individual Service Planning: The Case Manager is responsible for ensuring the ISP addresses all the participant's assessed needs and personal goals, either through DDW waiver services or other means. The Case Manager ensures the ISP is updated/revised at least annually; or when warranted by changes in the participant's needs.
1. The ISP is developed through a person-centered planning process in accordance with the rules governing ISP development [7.26.5 NMAC] and includes:
   b. Sharing current assessments, including the SIS assessment, semi-annual and quarterly reports from all providers, including therapists and BSCs. Current assessment shall be distributed by the authors to all IDT members at least fourteen (14) calendar days prior to the annual IDT Meeting, in accordance with the DDSD Consumer File Matrix Requirements. The Case Manager shall notify all IDT members of the annual IDT meeting at least twenty-one (21) calendar days in advance:

D. Monitoring And Evaluation of Service Delivery:
1. The Case Manager shall use a formal ongoing monitoring process to evaluate the quality, effectiveness, and appropriateness of services and supports provided to the individual specified in the ISP.
5. The Case Manager must ensure at least quarterly that:

Community Integrated Employment Semi-Annual Reports:

Nursing Semi - Annual Reports:
- Individual #14 – None found for April 2018 - May 2018. (Term of ISP 10/8/2017-10/7/2018. ISP meeting held 6/8/2018).
a. Applicable Medical Emergency Response Plans and/or BCIPs are in place in the residence and at the day services location(s) for all individuals who have chronic medical condition(s) with potential for life threatening complications, or individuals with behavioral challenge(s) that pose a potential for harm to themselves or others; and

b. All applicable current Healthcare plans, Comprehensive Aspiration Risk Management Plan (CARMP), Positive Behavior Support Plan (PBSP or other applicable behavioral support plans (such as BCIP, PPMP, or RMP), and written Therapy Support Plans are in place in the residence and day service sites for individuals who receive Living Supports and/or Customized Community Supports (day services), and who have such plans.

6. The Case Managers will report all suspected abuse, neglect or exploitation as required by New Mexico Statutes;

7. If concerns regarding the health or safety of the individual are documented during monitoring or assessment activities, the Case Manager shall immediately notify appropriate supervisory personnel within the Provider Agency and document the concern. In situations where the concern is not urgent the provider agency will be allowed up to fifteen (15) business days to remediate or develop an acceptable plan of remediation.

8. If the Case Manager's reported concerns are not remedied by the Provider Agency within a reasonable, mutually agreed period of time, the concern shall be reported in writing to the respective DDSD Regional Office:
a. Submit the DDSD Regional Office Request for Intervention form (RORI); including documentation of requests and attempts (at least two) to resolve the issue(s).

b. The Case Management Provider Agency will keep a copy of the RORI in the individual's record.

9. Conduct an online review in the Therap system to ensure that electronic Comprehensive Health Assessment Tools (e-CHATs) and Health Passports are current for those individuals selected for the Quarterly ISP QA Review.

10. The Case Manager will ensure Living Supports are delivered in accordance with standards, including the minimum of thirty (30) hours per week of planned activities outside the residence. If the planned activities are not possible due to the needs of the individual, the ISP will contain an outcome that addresses an appropriate level of community integration for the individual. These activities do not need to be limited to paid supports but may include independent or leisure activities with natural supports appropriate to the needs of individual.

11. For individuals with Intensive Medical Living Services, the IDT is not required to plan for at least thirty (30) hours per week of planned activities outside of the residence.

CHAPTER 4 IV. CASE MANAGEMENT PROVIDER AGENCY REQUIREMENTS

C. Quality Assurance Requirements: Case Management Provider Agencies will use an Internal Quality Assurance and Improvement Plan that must be submitted to and reviewed by
the Statewide Case Management Coordinator, that shall include but is not limited to the following:

(1) Case Management Provider Agencies are to:
   (a) Use a formal ongoing monitoring protocol that provides for the evaluation of quality, effectiveness and continued need for services and supports provided to the individual. This protocol shall be written and its implementation documented.
   (b) Assure that reports and ISPs meet required timelines and include required content.
   (c) Conduct a quarterly review of progress reports from service providers to verify that the individual's desired outcomes and action plans remain appropriate and realistic.
   (i) If the service providers' quarterly reports are not received by the Case Management Provider Agency within fourteen (14) days following the end of the quarter, the Case Management Provider Agency is to contact the service provider in writing requesting the report within one week from that date.
   (ii) If the quarterly report is not received within one week of the written request, the Case Management Provider Agency is to contact the respective DDSD Regional Office in writing within one business day for assistance in obtaining required reports.
   (d) Assure at least quarterly that Crisis Prevention/Intervention Plans are in place in the residence and at the Provider Agency of the Day Services for all individuals who have chronic medical condition(s) with potential for life threatening complications and/or who have behavioral challenge(s) that pose a potential for harm to themselves or others.
   (e) Assure at least quarterly that a current Health Care Plan (HCP) is in place in the residence and day service site for individuals who receive Community Living or Day Services
and who have a HAT score of 4, 5, or 6. During face-to-face visits and review of quarterly reports, the Case Manager is required to verify that the Health Care Plan is being implemented.

(f) Assure that Community Living Services are delivered in accordance with standards, including responsibility of the IDT Members to plan for at least 30 hours per week of planned activities outside the residence. If this is not possible due to the needs of the individual, a goal shall be developed that focuses on appropriate levels of community integration. These activities do not need to be limited to paid supports but may include independent or leisure activities appropriate to the individual.

(g) Perform annual satisfaction surveys with individuals regarding case management services. A copy of the summary is due each December 10th to the respective DDSD Regional Office, along with a description of actions taken to address suggestions and problems identified in the survey.

(h) Maintain regular communication with all providers delivering services and products to the individual.

(i) Establish and implement a written grievance procedure.

(j) Notify appropriate supervisory personnel within the Provider Agency if concerns are noted during monitoring or assessment activities related to any of the above requirements. If such concerns are not remedied by the Provider Agency within a reasonable mutually agreed period of time, the concern shall be reported in writing to the respective DDSD Regional Office and/or DHI as appropriate to the nature of the concern. This does not preclude Case Managers' obligations to report abuse, neglect or exploitation as required by New Mexico Statute.

(k) Utilize and submit the "Request for DDSD
Regional Office Intervention form as needed, such as when providers are not responsive in addressing a quality assurance concern. The Case Management Provider Agency is required to keep a copy in the individual's file.

(2) Case Managers and Case Management Provider Agencies are required to promote and comply with the Case Management Code of Ethics:

(a) Case Managers shall provide the individual/guardian with a copy of the Code of Ethics when Addendum A is signed.

(b) Complaints against a Case Manager for violation of the Code of Ethics brought to the attention of DDSD will be sent to the Case Manager's supervisor who is required to respond within 10 working days to DDSD with detailed actions taken. DDSD reserves the right to forward such complaints to the IRC.
Tag # 4C16.1  Req. for Reports & Distribution of ISP (Regional DDSD Office) | Standard Level Deficiency |  
| NMAC 7.26.5.17 DEVELOPMENT OF THE INDIVIDUAL SERVICE PLAN (ISP) - DISSEMINATION OF THE ISP, DOCUMENTATION AND COMPLIANCE: A. The case manager shall provide copies of the completed ISP, with all relevant service provider strategies attached, within fourteen (14) days of ISP approval to: (1) the individual; (2) the guardian (if applicable); (3) all relevant staff of the service provider agencies in which the ISP will be implemented, as well as other key support persons; (4) all other IDT members in attendance at the meeting to develop the ISP; (5) the individual's attorney, if applicable; (6) others the IDT identifies, if they are entitled to the information, or those the individual or guardian identifies; (7) for all developmental disabilities Medicaid waiver recipients, including Jackson class members, a copy of the completed ISP containing all the information specified in 7.26.5.14 NMAC, including strategies, shall be submitted to the local regional office of the DDSD; (8) for Jackson class members only, a copy of the completed ISP, with all relevant service provider strategies attached, shall be sent to the Jackson lawsuit office of the DDSD. B. Current copies of the ISP shall be available at all times in the individual's records located at the case management agency. The case manager shall assure that all revisions or amendments to the ISP are distributed to all IDT members, not only those affected by the revisions. Based on record review, the Agency did not follow and implement the Case Manager Requirement for Reports and Distribution of Documents as follows for 9 of 27 Individuals: The following was found indicating the agency failed to provide a copy of the ISP within 14 days of the ISP Approval to the respective DDSD Regional Office: Evidence indicated ISP was provided after 14-day window: • Individual #1: ISP effective date was 3/23/2018, ISP was sent to the DDSD Regional Office on 4/25/2018. • Individual #2: ISP effective date was 11/16/2018, ISP was sent to the DDSD Regional Office on 12/12/2018. • Individual #6: ISP effective date was 3/23/2018, ISP was sent to the DDSD Regional Office on 4/25/2018. • Individual #7: ISP effective date was 11/16/2018, ISP was sent to the DDSD Regional Office on 12/12/2018. • Individual #9: ISP effective date was 4/4/2018, ISP was sent to the DDSD Regional Office on 8/15/2018. • Individual #14: ISP effective date was 8/31/2018, ISP was sent to the DDSD Regional Office on 10/15/2018. ### Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Eff Date: 3/1/2018

**Chapter 6 Individual Service Plan (ISP) 6.7 Completion and Distribution of the ISP:** The CM is required to assure all elements of the ISP and companion documents are completed and distributed to the IDT. However, DD Waiver Provider Agencies share responsibility to contribute to the completion of the ISP. The ISP must be completed and approved prior to the expiration date of the previous ISP term. Within 14 days of the approved ISP and when available, the CM distributes the ISP to the DDSD Regional Office, the DD Waiver Provider Agencies with a SFOC, and to all IDT members requested by the person.

| **Chapter 3 Safeguards: 3.1.1 Decision Consultation Process (DCP):** Health decisions are the sole domain of waiver participants, their guardians or healthcare decision makers. Participants and their healthcare decision makers can confidently make decisions that are compatible with their personal and cultural values. Provider Agencies are required to support the informed decision making of waiver participants by supporting access to medical consultation, information, and other available resources according to the following: 1. The DCP is used when a person or his/her guardian/healthcare decision maker has concerns, needs more information about health-related issues, or has decided not to follow all or part of an order, recommendation, or suggestion. This includes, but is not limited to: a. medical orders or recommendations from the Primary Care Practitioner, Specialists or other licensed medical or healthcare practitioners such as a Nurse Practitioner (NP or CNP), Physician Assistant (PA) or Dentist; b. clinical recommendations made by registered/licensed clinicians who are either members of the IDT or clinicians who have | **Auditory Exam:**  
- Individual #14 - As indicated by the documentation reviewed, exam was completed on 6/20/2018. Follow-up was to be completed in 2 months. No documented evidence of the follow-up being completed was found. | ||
| | **Vision Exam:**  
- Individual #4 - As indicated by the documentation reviewed, exam was completed on 8/23/2016. Follow-up was to be completed in 2 years. No documented evidence of the follow-up being completed was found. | ||
| | - Individual #26 - As indicated by the documentation reviewed, exam was completed on 4/10/2015. Follow-up was to be completed in 3 years. No documented evidence of the follow-up being completed was found. (Note: Due Diligence. No plan of correction required). | ||
performed an evaluation such as a video-fluoroscopy;
c. health related recommendations or
suggestions from oversight activities such as the
Individual Quality Review (IQR) or other DOH
review or oversight activities; and
d. recommendations made through a Healthcare
Plan (HCP), including a Comprehensive
Aspiration Risk Management Plan (CARMP), or
another plan.
2. When the person/guardian disagrees with a
recommendation or does not agree with the
implementation of that recommendation,
Provider Agencies follow the DCP and attend
the meeting coordinated by the CM. During this
meeting:
a. Providers inform the person/guardian of the
rationale for that recommendation, so that the
benefit is made clear. This will be done in
layman’s terms and will include basic sharing of
information designed to assist the
person/guardian with understanding the risks
and benefits of the recommendation.
b. The information will be focused on the specific
area of concern by the person/guardian.
Alternatives should be presented when
available, if the guardian is interested in
considering other options for implementation.
c. Providers support the person/guardian to
make an informed decision.
d. The decision made by the person/guardian
during the meeting is accepted; plans are
modified; and the IDT honors this health
decision in every setting.

Chapter 20: Provider Documentation and
Client Records: 20.2 Client Records

Requirements: All DD Waiver Provider
Agencies are required to create and maintain
individual client records. The contents of client
records vary depending on the unique needs of
the person receiving services and the resultant
information produced. The extent of
documentation required for individual client
records per service type depends on the location
of the file, the type of service being provided,
and the information necessary.
DD Waiver Provider Agencies are required to
adhere to the following:
1. Client records must contain all documents
essential to the service being provided and
essential to ensuring the health and safety of the
person during the provision of the service.
2. Provider Agencies must have readily
accessible records in home and community
settings in paper or electronic form. Secure
access to electronic records through the Therap
web-based system using computers or mobile
devices is acceptable.
3. Provider Agencies are responsible for
ensuring that all plans created by nurses, RDs,
therapists or BSCs are present in all needed
settings.
4. Provider Agencies must maintain records of
all documents produced by agency personnel or
contractors on behalf of each person, including
any routine notes or data, annual assessments,
semi-annual reports, evidence of training
provided/received, progress notes, and any
other interactions for which billing is generated.
1. Each Provider Agency is responsible for
maintaining the daily or other contact notes
documenting the nature and frequency of
service delivery, as well as data tracking only for
the services provided by their agency.
2. The current Client File Matrix found in
Appendix A Client File Matrix details the
minimum requirements for records to be stored
in agency office files, the delivery site, or with
DSP while providing services in the community.
3. All records pertaining to JCMs must be
retained permanently and must be made
available to DDSD upon request, upon the
termination or expiration of a provider
agreement, or upon provider withdrawal from
services.
20.5.3 Health Passport and Physician
Consultation Form: All Primary and Secondary
Provider Agencies must use the Health Passport
and Physician Consultation form from the
Therap system. This standardized document
contains individual, physician and emergency
contact information, a complete list of current
medical diagnoses, health and safety risk
factors, allergies, and information regarding
insurance, guardianship, and advance
directives. The Health Passport also includes a
standardized form to use at medical
appointments called the Physician Consultation
form. The Physician Consultation form contains
a list of all current medications. Requirements
for the Health Passport and Physician
Consultation form are:
1. The Case Manager and Primary and
Secondary Provider Agencies must
communicate critical information to each other
and will keep all required sections of Therap
updated in order to have a current and thorough
Health Passport and Physician Consultation
Form available at all times. Required sections of
Therap include the IDF, Diagnoses, and
Medication History.

</tbody>
</table>

**Progress notes and billing records supported billing activities for the months of October, November, and December 2008**
1. A month is considered a period of 30 calendar days.
2. At least one hour of face-to-face billable services shall be provided during a calendar month where any portion of a monthly unit is billed.
3. Monthly units can be prorated by a half unit.
4. Agency transfers not occurring at the beginning of the 30-day interval are required to be coordinated in the middle of the 30-day interval so that the discharging and receiving agency receive a half unit.
Dear Diane Metoyer;

The Division of Health Improvement/Quality Management Bureau has received, reviewed and approved the supporting documents you submitted for your Plan of Correction. The documents you provided verified that all previously cited survey Deficiencies have been corrected.

**The Plan of Correction process is now complete.**

Furthermore, your agency is now determined to be in Compliance with all Conditions of Participation.

To maintain ongoing compliance with standards and regulations, continue to use the Quality Assurance (self-auditing) processes you described in your Plan of Correction.

Consistent use of these Quality Assurance processes will enable you to identify and promptly respond to problems, enhance your service delivery, and result in fewer deficiencies cited in future QMB surveys.

Thank you for your cooperation with the Plan of Correction process, for striving to come into compliance with standards and regulations, and for helping to provide the health, safety and personal growth of the people you serve.

Sincerely,

Amanda Castañeda

Amanda Castañeda
Plan of Correction Coordinator
Quality Management Bureau/DHI
