Dear Ms. Arp,

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider agreements. Upon receipt of this letter and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

**Determination of Compliance:**

The Division of Health Improvement, Quality Management Bureau has determined your agency is in:

**Partial Compliance with Standard Level Tags and Conditions of Participation Level Tags:** This determination is based on noncompliance with one to five (1 – 5) Condition of Participation Level Tags (refer to Attachment D for details). The attached QMB Report of Findings indicates Standard Level and Condition of Participation Level deficiencies identified and requires completion and implementation of a Plan of Correction.

The following tags are identified as Condition of Participation Level:

- **Tag # 1A32 Administrative Case File: Individual Service Plan Implementation** *(Removed by IRF)*

---

**DIVISION OF HEALTH IMPROVEMENT**

5301 Central Avenue NE, Suite 400 • Albuquerque, New Mexico • 87108

(505) 222-8623 • FAX: (505) 222-8661 • [https://nmhealth.org/about/dhi/](https://nmhealth.org/about/dhi/)
• Tag # LS14 Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
• Tag #IA09 Medication Delivery Routine Medication Administration

The following tags are identified as Standard Level:
• Tag # 1A32.1 Administrative Case File: Individual Service Plan Implementation
• Tag # IS04 Community Life Engagement
• Tag # 1A38 Living Care Arrangement / Community Inclusion Reporting Requirements
• Tag # IS12 Person Centered Assessment (Community Inclusion)
• Tag # LS14.1 Residential Service Delivery Site Case File (Other Req. Documentation)
• Tag # 1A22 Agency Personnel Competency
• Tag # 1A43.1 General Events Reporting: Individual Reporting
• Tag # 1A09.1 Medication Delivery PRN Medication Administration
• Tag # 1A29 Complaints / Grievances Acknowledgement
• Tag # 1A33.1 Board of Pharmacy – License
• Tag # LS25 Residential Health & Safety (Supported Living / Family Living / Intensive Medical Living)
• Tag # IS30 Customized Community Supports Reimbursement

Plan of Correction:
The attached Report of Findings identifies the deficiencies found during your agency’s on-site compliance review. You are required to complete and implement a Plan of Correction. Your agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the receipt of this letter.

You were provided information during the exit meeting portion of your on-site survey. Please refer to this information (Attachment A) for specific instruction on completing your Plan of Correction. At a minimum your Plan of Correction should address the following for each Tag cited:

Corrective Action for Current Citation:
• How is the deficiency going to be corrected? (i.e. obtained documents, retrain staff, individuals and/or staff no longer in service, void/adjusts completed, etc.) This can be specific to each deficiency cited or if possible, an overall correction, i.e. all documents will be requested and filed as appropriate.

On-going Quality Assurance/Quality Improvement Processes:
• What is going to be done on an ongoing basis? (i.e. file reviews, etc.)
• How many individuals is this going to effect? (i.e. percentage of individuals reviewed, number of files reviewed, etc.)
• How often will this be completed? (i.e. weekly, monthly, quarterly, etc.)
• Who is responsible? (responsible position within your agency)
• What steps will be taken if issues are found? (i.e. retraining, requesting documents, filing RORA, etc.)
• How is this integrated in your agency’s QIS, QI Committee reviews and annual report?

Submission of your Plan of Correction:
Please submit your agency’s Plan of Correction in the available space on the two right-hand columns of the Report of Findings. (See attachment “A” for additional guidance in completing the Plan of Correction).

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

1. Quality Management Bureau, Attention: Monica Valdez, Plan of Correction Coordinator
   5301 Central Ave NE Suite 400, Albuquerque, New Mexico 87108

2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Upon notification from QMB that your Plan of Correction has been approved, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.
Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a $200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

**Billing Deficiencies:**
If you have deficiencies noted in this report of findings under the Service Domain: Medicaid Billing/Reimbursement, you must complete a “Void/Adjust” claim or remit the identified overpayment via a check within 30 calendar days of the date of this letter to HSD/OIG/PIU, *though this is not the preferred method of payment*. If you choose to pay via check, please include a copy of this letter with the payment. Make the check payable to the New Mexico Human Services Department and mail to:

Attention: Lisa Medina-Lujan  
HSD/OIG/Program Integrity Unit  
1474 Rodeo Road  
Santa Fe, New Mexico 87505

If you have questions and would like to speak with someone at HSD/OIG/PIU, please contact:

Lisa Medina-Lujan (*Lisa.medina-lujan@state.nm.us*)  
OR  
Jennifer Goble (*Jennifer.goble2@state.nm.us*)

Please be advised that there is a one-week lag period for applying payments received by check to Void/Adjust claims. During this lag period, your other claim payments may be applied to the amount you owe even though you have sent a refund, reducing your payment amount. For this reason, we recommend that you allow the system to recover the overpayment instead of sending in a check.

**Request for Informal Reconsideration of Findings (IRF):**
If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

ATTN: QMB Bureau Chief  
Request for Informal Reconsideration of Findings  
5301 Central Ave NE Suite #400  
Albuquerque, NM 87108  
Attention: IRF request/QMB

See Attachment “C” for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please call the Plan of Correction Coordinator, Monica Valdez at 505-273-1930 if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely,

*Heather Driscoll, AA*

Provider Instructions for Completing the QMB Plan of Correction (POC) Process

Introduction:
After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued deficiencies and non-compliance.

Agencies must submit their Plan of Correction within ten (10) business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days may be referred to the DDSD Regional Office for purposes of contract management or the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings. Providers who fail to complete a POC within the 45-business days allowed will be referred to the IRC for possible actions or sanctions.

If you have questions about the Plan of Correction process, call the Plan of Correction Coordinator at 505-273-1930 or email at MonicaE.Valdez@state.nm.us. Requests for technical assistance must be requested through your Regional DDSD Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment C).

Instructions for Completing Agency POC:

Required Content
Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice cited to prevent recurrence and information that ensures the regulation cited comes into and remains in compliance. The remedies noted in your POC are expected to be added to your Agency’s required, annual Quality Assurance (QA) Plan.

If a deficiency has already been corrected since the on-site survey, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

The following details should be considered when developing your Plan of Correction:

The Plan of Correction must address each deficiency cited in the Report of Findings unless otherwise noted with a “No Plan of Correction Required statement.” The Plan of Correction must address the five (5) areas listed below:

1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect those individuals in similar situations.
3. What Quality Assurance measures will be put into place and what systemic changes made to ensure the deficient practice will not recur.
4. Indicate how the agency plans to monitor its performance to make certain solutions are sustained. The agency must develop a QA plan for ensuring correction is achieved and sustained. This QA plan must be implemented, and the corrective action is evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and
5. Include dates when corrective actions will be completed. The corrective action completion dates must be acceptable to the State.

The following details should be considered when developing your Plan of Correction:
• Details about how and when Individual Served, agency personnel and administrative and service delivery site files are audited by agency personnel to ensure they contain required documents;
• Information about how medication administration records are reviewed to verify they contain all required information before they are distributed to service sites, as they are being used, and after they are completed;
• Your processes for ensuring that all required agency personnel are trained on required DDSD required trainings;
• How accuracy in billing/reimbursement documentation is assured;
• How health, safety is assured;
• For Case Management providers, how Individual Service Plans are reviewed to verify they meet requirements, how the timeliness of level of care (LOC) packet submissions and consumer visits are tracked;
• Your process for gathering, analyzing and responding to quality data indicators; and,
• Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

Note: Instruction or in-service of staff alone may not be a sufficient plan of correction. This is a good first step toward correction, but additional steps must be taken to ensure the deficiency is corrected and will not recur.

Completion Dates
• The plan of correction must include a completion date (entered in the far right-hand column) for each finding. Be sure the date is realistic in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
• Direct care issues should be corrected immediately and monitored appropriately.
• Some deficiencies may require a staged plan to accomplish total correction.
• Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

Initial Submission of the Plan of Correction Requirements
1. The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
2. For questions about the POC process, call the POC Coordinator, Monica Valdez at 505-273-1930 or email at MonicaE.Valdez@state.nm.us for assistance.
3. For Technical Assistance (TA) in developing or implementing your POC, contact your Regional DDSD Office.
4. Submit your POC to Monica Valdez, POC Coordinator in any of the following ways:
   a. Electronically at MonicaE.Valdez@state.nm.us (preferred method)
   b. Fax to 505-222-8661, or
   c. Mail to POC Coordinator, 5301 Central Ave NE Suite 400, Albuquerque, New Mexico 87108
5. Do not submit supporting documentation (evidence of compliance) to QMB until after your POC has been approved by the QMB.
6. QMB will notify you when your POC has been “approved” or “denied.”
   a. During this time, whether your POC is “approved,” or “denied,” you will have a maximum of 45-business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
   b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45-business day limit is in effect.
   c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
   d. You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
   e. Please note that all POC correspondence will be sent electronically unless otherwise requested.
7. Failure to submit your POC within 10 business days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.

POC Document Submission Requirements
Once your POC has been approved by the QMB Plan of Correction Coordinator you must submit copies of documents as evidence that all deficiencies have been corrected, as follows.

1. Your internal documents are due within a maximum of 45-business days of receipt of your Report of Findings.

Survey Report #: Q.20.3/DDW.99421381.1.RTN.01.20.037
2. It is preferred that you submit your documents via USPS or other carrier (scanned and saved to CD/DVD disc, flash drive, etc.). If documents containing HIPAA Protected Health Information (PHI) documents must be submitted through S-Comm (Therap), Fax or Postal System, do not send PHI directly to NMDOH email accounts. If the documents do not contain protected Health information (PHI) then you may submit your documents electronically scanned and attached to e-mails.

3. All submitted documents **must be annotated**: please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.

4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.

5. In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.

6. When billing deficiencies are cited, you must provide documentation to justify billing and/or void and adjust forms submitted to Xerox State Healthcare, LLC for the deficiencies cited in the Report of Findings.

**Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator, prior to the due date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.**
The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and other state and federal regulations. For the purpose of the LCA / CI survey the CMS waiver assurances have been grouped into four (4) Service Domains: Plan of Care (ISP Implementation); Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency’s operational policies and procedures, Quality Assurance system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified during the on-site survey process and as reported in the QMB Report of Findings. All areas reviewed by QMB have been agreed to by DDSD and DHI/QMB and are reflective of CMS requirements. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Each deficiency in your Report of Findings has been predetermined to be a Standard Level Deficiency, a Condition of Participation Level Deficiency, if below 85% compliance or a non-negotiable Condition of Participation Level Deficiency. Your Agency’s overall Compliance Determination is based on a Scope and Severity Scale which takes into account the number of Standard and Condition Level Tags cited as well as the percentage of Individuals affected in the sample.

**Conditions of Participation (CoPs)**

CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances, in addition to the New Mexico Developmental Disability Waiver (DDW) Service Standards. The Division of Health Improvement (DHI), in conjunction with the Developmental Disability Support Division (DDSD), has identified certain deficiencies that have the potential to be a Condition of Participation Level, if the tag falls below 85% compliance based on the number of people affected. Additionally, there are what are called non-negotiable Conditions of Participation, regardless if one person or multiple people are affected. In this context, a CoP is defined as an essential / fundamental regulation or standard, which when out of compliance directly affects the health and welfare of the Individuals served. If no deficiencies within a Tag are at the level of a CoP, it is cited as a Standard Level Deficiency.

**Service Domains and CoPs for Living Care Arrangements and Community Inclusion are as follows:**

**Service Domain: Service Plan: ISP Implementation** - Services are delivered in accordance with the service plan, including type, scope, amount, duration and frequency specified in the service plan.

- Potential Condition of Participation Level Tags, if compliance is below 85%:
  - 1A08.3 – Administrative Case File: Individual Service Plan / ISP Components
  - 1A32 – Administrative Case File: Individual Service Plan Implementation
  - LS14 – Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
  - IS14 – CCS / CIES Service Delivery Site Case File (ISP and Healthcare Requirements)

**Service Domain: Qualified Providers** - The State monitors non-licensed/non-certified providers to assure adherence to waiver requirements. The State implements its policies and procedures for verifying that provider training is conducted in accordance with State requirements and the approved waiver.

- Potential Condition of Participation Level Tags, if compliance is below 85%:
  - 1A20 - Direct Support Personnel Training
  - 1A22 - Agency Personnel Competency
  - 1A37 – Individual Specific Training
Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A25.1 – Caregiver Criminal History Screening
- 1A26.1 – Consolidated On-line Registry Employee Abuse Registry

Service Domain: Health, Welfare and Safety - The State, on an ongoing basis, identifies, addresses and seeks to prevent occurrences of abuse, neglect and exploitation. Individuals shall be afforded their basic human rights. The provider supports individuals to access needed healthcare services in a timely manner.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.2 – Administrative Case File: Healthcare Requirements & Follow-up
- 1A09 – Medication Delivery Routine Medication Administration
- 1A09.1 – Medication Delivery PRN Medication Administration
- 1A15.2 – Administrative Case File: Healthcare Documentation (Therap and Required Plans)

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A05 – General Requirements / Agency Policy and Procedure Requirements
- 1A07 – Social Security Income (SSI) Payments
- 1A09.2 – Medication Delivery Nurse Approval for PRN Medication
- 1A15 – Healthcare Coordination - Nurse Availability / Knowledge
- 1A31 – Client Rights/Human Rights
- LS25.1 – Residential Requests (Physical Environment - Supported Living / Family Living / Intensive Medical Living)
Guidelines for the Provider
Informal Reconsideration of Finding (IRF) Process

Introduction:
Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated “Document Request,” or “Administrative Needs,” etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

Instructions:
1. The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Bureau Chief within 10 business days of receipt of the final Report of Findings (Note: No extensions are granted for the IRF).
2. The written request for an IRF must be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: https://nmhealth.org/about/dhi/cbp/irf/.
3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
4. The IRF request must include all supporting documentation or evidence.
5. If you have questions about the IRF process, email the IRF Chairperson, Valerie V. Valdez at valerie.valdez@state.nm.us for assistance.

The following limitations apply to the IRF process:
- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process.
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request; the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status. If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.
QMB Determinations of Compliance

Compliance:
The QMB determination of Compliance indicates that a provider has either no deficiencies found during a survey or that no deficiencies at the Condition of Participation Level were found. The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals’ health and safety. To qualify for a determination of Compliance, the provider must have received no Conditions of Participation Level Deficiencies and have a minimal number of Individuals on the sample affected by the findings indicated in the Standards Level Tags.

Partial-Compliance with Standard Level Tags:
The QMB determination of Partial-Compliance with Standard Level Tags indicates that a provider is in compliance with all Condition of Participation Level deficiencies but is out of compliance with a certain percentage of Standard Level deficiencies. This partial compliance, if not corrected, may result in a negative outcome or the potential for more than minimal harm to individuals’ health and safety. There are two ways to receive a determination of Partial Compliance with Standard Level Tags:

1. Your Report of Findings includes 16 or fewer Standards Level Tags with between 75% and 100% of the survey sample affected in any tag.
2. Your Report of Findings includes 17 or more Standard Level Tags with between 50% to 74% of the survey sample affected in any tag.

Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags:
The QMB determination of Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags indicates that a provider is out of compliance with one to five (1 – 5) Condition of Participation Level Tags. This partial compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals’ health and safety.

Non-Compliance:
The QMB determination of Non-Compliance indicates a provider is significantly out of compliance with both Standard Level deficiencies and Conditions of Participation level deficiencies. This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals’ health and safety. There are three ways an agency can receive a determination of Non-Compliance:

1. Your Report of Findings includes 17 or more total Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any Condition of Participation Level tag.
2. Your Report of Findings includes any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags.

### Tag # 1A32 Administrative Case File: Individual Service Plan Implementation ( Removed by IRF )

**NMAC 7.26.5.16.C and D Development of the ISP, Implementation of the ISP.** The ISP shall be implemented according to the timelines determined by the IDT and as specified in the ISP for each stated desired outcomes and action plan.

C. The IDT shall review and discuss information and recommendations with the individual, with the goal of supporting the individual in attaining desired outcomes. The IDT develops an ISP based upon the individual’s personal vision statement, strengths, needs, interests and preferences. The ISP is a dynamic document, revised periodically, as needed, and amended to reflect progress towards personal goals and achievements consistent with the individual’s future vision. This regulation is consistent with standards established for individual plan development as set forth by the commission on the accreditation of rehabilitation facilities (CARF) and/or other program accreditation approved and adopted by the developmental disability’s division and the department of health. It is the policy of the developmental disabilities division (DDD), that to the extent permitted by funding, each individual receive supports and services are delivered in accordance with the service plan, including type, scope, amount, duration and frequency specified in the service plan.

services that will assist and encourage independence and productivity in the community and attempt to prevent regression or loss of current capabilities. Services and supports include specialized and/or generic services, training, education and/or treatment as determined by the IDT and documented in the ISP.

D. The intent is to provide choice and obtain opportunities for individuals to live, work and play with full participation in their communities. The following principles provide direction and purpose in planning for individuals with developmental disabilities. [05/03/94; 01/15/97; Recompiled 10/31/01]

Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019

Chapter 6: Individual Service Plan (ISP)

6.8 ISP Implementation and Monitoring: All DD Waiver Provider Agencies with a signed SFOC are required to provide services as detailed in the ISP. The ISP must be readily accessible to Provider Agencies on the approved budget. (See Chapter 20: Provider Documentation and Client Records.) CMs facilitate and maintain communication with the person, his/her representative, other IDT members, Provider Agencies, and relevant parties to ensure that the person receives the maximum benefit of his/her services and that revisions to the ISP are made as needed. All DD Waiver Provider Agencies are required to cooperate with monitoring activities conducted by the CM and the DOH. Provider Agencies are required to respond to issues at the individual level and agency level as described in Chapter 16: Qualified Provider Agencies.

- None found regarding: Live Outcome/Action Step: “Study for written exam and driving exam” for 11/2019. Action step is to be completed 1 time per week. Note: Document maintained by the provider was blank.
- None found regarding: Live Outcome/Action Step: “…will practice driving with FLP” for 11/2019. Action step is to be completed 1 time per week. Note: Document maintained by the provider was blank.

Customized Community Supports Data Collection/Data Tracking/Progress with regards to ISP Outcomes:

Individual #1

Individual #3
- None found regarding: Fun Outcome/Action Step: “Research musical events” for 9/2019 - 11/2019. Action step is to be completed 1 time per month. Note: Document maintained by the provider was blank.
Chapter 20: Provider Documentation and Client Records

20.2 Client Records Requirements: All DD Waiver Provider Agencies are required to create and maintain individual client records. The contents of client records vary depending on the unique needs of the person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the location of the file, the type of service being provided, and the information necessary.

DD Waiver Provider Agencies are required to adhere to the following:

1. Client records must contain all documents essential to the service being provided and essential to ensuring the health and safety of the person during the provision of the service.
2. Provider Agencies must have readily accessible records in home and community settings in paper or electronic form. Secure access to electronic records through the Therap web-based system using computers or mobile devices is acceptable.
3. Provider Agencies are responsible for ensuring that all plans created by nurses, RDs, therapists or BSCs are present in all needed settings.
4. Provider Agencies must maintain records of all documents produced by agency personnel or contractors on behalf of each person, including any routine notes or data, annual assessments, semi-annual reports, evidence of training provided/received, progress notes, and any other interactions for which billing is generated.
5. Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency.

- None found regarding: Fun Outcome/Action Step: “Plan to attend” for 9/2019 – 10/2019. Action step is to be completed 1 time per month. Note: Document maintained by the provider was blank.

Individual #5

</tbody>
</table>
2. Community Life Engagement (CLE) is also sometimes used to refer to “Meaningful Day” or “Adult Habilitation” activities. CLE refers to supporting people in their communities, in non-work activities. Examples of CLE activities may include participating in clubs, classes, or recreational activities in the community; learning new skills to become more independent; volunteering; or retirement activities. Meaningful Day activities should be developed with the four guideposts of CLE in mind\(^1\). The four guideposts of CLE are:
   a. individualized supports for each person;
   b. promotion of community membership and contribution;
   c. use of human and social capital to decrease dependence on paid supports; and
   d. provision of supports that are outcome-oriented and regularly monitored.
3. The term “day” does not mean activities between 9:00 a.m. to 5:00 p.m. on weekdays.
4. Community Inclusion is not limited to specific hours or days of the week. These services may not be used to supplant the responsibility of the Living Supports Provider Agency for a person who receives both services.

Survey Report #: Q.20.3.DDW.99421381.1.RTN.01.20.037
DD Waiver Provider Agencies are required to adhere to the following:

1. Client records must contain all documents essential to the service being provided and essential to ensuring the health and safety of the person during the provision of the service.
2. Provider Agencies must have readily accessible records in home and community settings in paper or electronic form. Secure access to electronic records through the Therap web-based system using computers or mobile devices is acceptable.
3. Provider Agencies are responsible for ensuring that all plans created by nurses, RDs, therapists or BSCs are present in all needed settings.
4. Provider Agencies must maintain records of all documents produced by agency personnel or contractors on behalf of each person, including any routine notes or data, annual assessments, semi-annual reports, evidence of training provided/received, progress notes, and any other interactions for which billing is generated.
5. Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency.
6. The current Client File Matrix found in Appendix A Client File Matrix details the minimum requirements for records to be stored in agency office files, the delivery site, or with DSP while providing services in the community.
7. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal from services.
Chapter 19: Provider Reporting
Requirements 19.5 Semi-Annual Reporting:
The semi-annual report provides status updates to life circumstances, health, and progress toward ISP goals and/or goals related to professional and clinical services provided through the DD Waiver. This report is submitted to the CM for review and may guide actions taken by the person’s IDT if necessary. Semi-annual reports may be requested by DDSD for QA activities.
Semi-annual reports are required as follows:
1. DD Waiver Provider Agencies, except AT, EMSP, Supplemental Dental, PRSC, SSE and Crisis Supports, must complete semi-annual reports.
2. A Respite Provider Agency must submit a semi-annual progress report to the CM that describes progress on the Action Plan(s) and Desired Outcome(s) when Respite is the only service included in the ISP other than Case Management, for an adult age 21 or older.
3. The first semi-annual report will cover the time from the start of the person's ISP year until the end of the subsequent six-month period (180 calendar days) and is due ten calendar days after the period ends (190 calendar days).
4. The second semi-annual report is integrated into the annual report or professional assessment/annual re-evaluation when applicable and is due 14 calendar days prior to the annual ISP meeting.
5. Semi-annual reports must contain at a minimum written documentation of:
   a. the name of the person and date on each page;
   b. the timeframe that the report covers;
   c. timely completion of relevant activities from ISP Action Plans or clinical service goals during timeframe the report is covering;

**Chapter 11: Community Inclusion:**

**11.1 General Scope and Intent of Services:** Community Inclusion (CI) is the umbrella term used to describe services in this chapter. In general, CI refers to opportunities for people with I/DD to access and participate in activities and functions of community life. The DD waiver program offers Customized Community Supports (CCS), which refers to non-work activities and Community Integrated Employment (CIE) which refers to paid work experiences or activities to obtain paid work. CCS and CIE services are mandated to be provided in the community to the fullest extent possible.

**11.4 Person Centered Assessments (PCA) and Career Development Plans:** Agencies who are providing CCS and/or CIE to people with I/DD are required to complete a person-centered assessment. A person-centered assessment (PCA) is an instrument used to identify individual needs and strengths to be addressed in the person’s ISP. A PCA is a PCP tool that is intended to be used for the service agency to get to know the person whom they are supporting. It should be used to guide services for the person. A career development plan, developed by the CIE Provider Agency, must be in place for job seekers or those already working to outline the tasks needed to obtain, maintain, or seek advanced opportunities in employment. For those who are employed, the career development plan addresses topics such as a plan to fade paid supports from the worksite or strategies to improve opportunities for career.

Based on record review, the Agency did not maintain a confidential case file for Individuals receiving Inclusion Services for 1 of 9 individuals.

Review of the Agency individual case files revealed the following items were not found, incomplete, and/or not current:

- Annual Review - Person Centered Assessment (Individual #1 4)

*(Note: #1 removed and #4 added by IRF on 3/31/2020).*

Provider:
State your Plan of Correction for the deficiencies cited in this tag here *(How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): →

Provider:
Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here *(What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →
advancement. CCS and CIE Provider Agencies must adhere to the following requirements related to a PCA and Career Development Plan:

5. A person-centered assessment should contain, at a minimum:
   a. information about the person’s background and status;
   b. the person’s strengths and interests;
   c. conditions for success to integrate into the community, including conditions for job success (for those who are working or wish to work); and
   d. support needs for the individual.

6. The agency must have documented evidence that the person, guardian, and family as applicable were involved in the person-centered assessment.

7. Timelines for completion: The initial PCA must be completed within the first 90 calendar days of the person receiving services. Thereafter, the Provider Agency must ensure that the PCA is reviewed and updated annually. An entirely new PCA must be completed every five years. If there is a significant change in a person’s circumstance, a new PCA may be required because the information in the PCA may no longer be relevant. A significant change may include but is not limited to losing a job, changing a residence or provider, and/or moving to a new region of the state.

8. If a person is receiving more than one type of service from the same provider, one PCA with information about each service is acceptable.

9. Changes to an updated PCA should be signed and dated to demonstrate that the assessment was reviewed.

10. A career development plan is developed by the CIE provider and can be a separate
document or be added as an addendum to a PCA. The career development plan should have specific action steps that identify who does what and by when.

Chapter 20: Provider Documentation and Client Records: 20.2 Client Records Requirements: All DD Waiver Provider Agencies are required to create and maintain individual client records. The contents of client records vary depending on the unique needs of the person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the location of the file, the type of service being provided, and the information necessary. DD Waiver Provider Agencies are required to adhere to the following: 15. Client records must contain all documents essential to the service being provided and essential to ensuring the health and safety of the person during the provision of the service.

5. Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency.

6. The current Client File Matrix found in Appendix A Client File Matrix details the minimum requirements for records to be stored in agency office files, the delivery site, or with DSP while providing services in the community.

7. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal from services.

**20.5.3 Health Passport and Physician Consultation Form:** All Primary and Secondary Provider Agencies must use the Health Passport and Physician Consultation form from the Therap system. This standardized document contains individual, physician and emergency contact information, a complete list of current medical diagnoses, health and safety risk factors, allergies, and information regarding insurance, guardianship, and advance directives. The Health Passport also includes a standardized form to use at medical appointments called the Physician Consultation form. The Physician Consultation form contains a list of all current medications. Requirements for the Health Passport and Physician Consultation form are:

2. The Primary and Secondary Provider Agencies must ensure that a current copy of the Health Passport and Physician Consultation forms are printed and available at all service delivery sites. Both forms must be reprinted and placed at all service delivery sites each time the e-CHAT is updated for any
reason and whenever there is a change to contact information contained in the IDF.

Chapter 13: Nursing Services: 13.2.9 Healthcare Plans (HCP):
1. At the nurse’s discretion, based on prudent nursing practice, interim HCPs may be developed to address issues that must be implemented immediately after admission, readmission or change of medical condition to provide safe services prior to completion of the e-CHAT and formal care planning process. This includes interim ARM plans for those persons newly identified at moderate or high risk for aspiration. All interim plans must be removed if the plan is no longer needed or when final HCP including CARMPs are in place to avoid duplication of plans.
2. In collaboration with the IDT, the agency nurse is required to create HCPs that address all the areas identified as required in the most current e-CHAT summary.

13.2.10 Medical Emergency Response Plan (MERP):
1. The agency nurse is required to develop a Medical Emergency Response Plan (MERP) for all conditions marked with an "R" in the e-CHAT summary report. The agency nurse should use her/his clinical judgment and input from the Interdisciplinary Team (IDT) to determine whether shown as "C" in the e-CHAT summary report or other conditions also warrant a MERP.
2. MERPs are required for persons who have one or more conditions or illnesses that present a likely potential to become a life-threatening situation.

<td>Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019 Chapter 20: Provider Documentation and Client Records: 20.2 Client Records Requirements: All DD Waiver Provider Agencies are required to create and maintain individual client records. The contents of client records vary depending on the unique needs of the person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the location of the file, the type of service being provided, and the information necessary. DD Waiver Provider Agencies are required to adhere to the following: 1. Client records must contain all documents essential to the service being provided and essential to ensuring the health and safety of the person during the provision of the service. 2. Provider Agencies must have readily accessible records in home and community settings in paper or electronic form. Secure access to electronic records through the Therap web-based system using computers or mobile devices is acceptable. 3. Provider Agencies are responsible for ensuring that all plans created by nurses, RDs, therapists or BSCs are present in all needed settings. 4. Provider Agencies must maintain records of all documents produced by agency personnel or contractors on behalf of each person, including any routine notes or data, annual assessments, semi-annual reports, evidence of training provided/received, progress notes, and any other interactions for which billing is generated.</td>
<td>Based on record review, the Agency did not maintain a complete and confidential case file in the residence for 1 of 9 Individuals receiving Living Care Arrangements. Review of the residential individual case files revealed the following items were not found, incomplete, and/or not current: <strong>Positive Behavioral Supports Plan:</strong> • Not Current (#1)</td>
<td>Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?):</td>
</tr>
</tbody>
</table>
5. Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency.

6. The current Client File Matrix found in Appendix A Client File Matrix details the minimum requirements for records to be stored in agency office files, the delivery site, or with DSP while providing services in the community.

7. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal from services.
Service Domain: Qualified Providers – The State monitors non-licensed/non-certified providers to assure adherence to waiver requirements. The State implements its policies and procedures for verifying that provider training is conducted in accordance with State requirements and the approved waiver.

</tr>
<tr>
<td></td>
<td>Chapter 13: Nursing Services 13.2.11 Training and Implementation of Plans:</td>
<td>When DSP were asked, if the Individual had a Behavioral Crisis Intervention Plan (BCIP), have you been trained on the BCIP and, what does the plan cover, the following was reported:</td>
</tr>
<tr>
<td></td>
<td>1. RNs and LPNs are required to provide Individual Specific Training (IST) regarding HCPs and MERPs.</td>
<td>• DSP #540 stated, “No, just a Positive Behavior Support Plan” According to the Positive Behavior Support Plan, the individual has Behavioral Crisis Intervention Plan. (Individual #5)</td>
</tr>
<tr>
<td></td>
<td>2. The agency nurse is required to deliver and document training for DSP/DSS regarding the healthcare interventions/strategies and MERPs that the DSP are responsible to implement, clearly indicating level of competency achieved by each trainee as described in Chapter 17.10 Individual-Specific Training.</td>
<td></td>
</tr>
</tbody>
</table>

Chapter 17: Training Requirement 17.10 Individual-Specific Training: The following are elements of IST: defined standards of performance, curriculum tailored to teach skills and knowledge necessary to meet those standards of performance, and formal examination or demonstration to verify standards of performance, using the established DDSD training levels of awareness, knowledge, and skill.

Reaching an awareness level may be accomplished by reading plans or other information. The trainee is cognizant of information related to a person’s specific condition. Verbal or written recall of basic information or knowing where to access the information can verify awareness.

Reaching a knowledge level may take the form of observing a plan in action, reading a plan.
more thoroughly, or having a plan described by
the author or their designee. Verbal or written
recall or demonstration may verify this level of
competence.
Reaching a **skill level** involves being trained by
a therapist, nurse, designated or experienced
designated trainer. The trainer shall demonstrate
the techniques according to the plan. Then they
observe and provide feedback to the trainee as
they implement the techniques. This should be
repeated until competence is demonstrated.
Demonstration of skill or observed
implementation of the techniques or strategies
verifies skill level competence. Trainees should
be observed on more than one occasion to
ensure appropriate techniques are maintained
and to provide additional coaching/feedback.
Individuals shall receive services from
competent and qualified Provider Agency
personnel who must successfully complete IST
requirements in accordance with the
specifications described in the ISP of each
person supported.
1. **IST** must be arranged and conducted at
least annually. IST includes training on the ISP
Desired Outcomes, Action Plans, strategies, and
information about the person’s preferences
regarding privacy, communication style, and
routines. More frequent training may be
necessary if the annual ISP changes before the
year ends.
2. **IST** for therapy related WDSI, HCPs,
MERPs, CARMPs, PBSA, PBSP, and BCIP,
must occur at least annually and more often if
plans change, or if monitoring by the plan author
or agency finds incorrect implementation, when
new DSP or CM are assigned to work with a
person, or when an existing DSP or CM requires
a refresher.
3. The competency level of the training is
based on the IST section of the ISP.
4. The person should be present for and involved in IST whenever possible.
5. Provider Agencies are responsible for tracking of IST requirements.
6. Provider Agencies must arrange and ensure that DSP’s are trained on the contents of the plans in accordance with timelines indicated in the Individual-Specific Training Requirements: Support Plans section of the ISP and notify the plan authors when new DSP are hired to arrange for trainings.
7. If a therapist, BSC, nurse, or other author of a plan, healthcare or otherwise, chooses to designate a trainer, that person is still responsible for providing the curriculum to the designated trainer. The author of the plan is also responsible for ensuring the designated trainer is verifying competency in alignment with their curriculum, doing periodic quality assurance checks with their designated trainer, and re-certifying the designated trainer at least annually and/or when there is a change to a person’s plan.

<tr>
<td>Chapter 19: Provider Reporting Requirements: 19.2 General Events Reporting (GER): The purpose of General Events Reporting (GER) is to report, track and analyze events, which pose a risk to adults in the DD Waiver program, but do not meet criteria for ANE or other reportable incidents as defined by the IMB. Analysis of GER is intended to identify emerging patterns so that preventative action can be taken at the individual, Provider Agency, regional and statewide level. On a quarterly and annual basis, DDSD analyzes GER data at the provider, regional and statewide levels to identify any patterns that warrant intervention. Provider Agency use of GER in Therap is required as follows: 1. DD Waiver Provider Agencies approved to provide Customized In-Home Supports, Family Living, IMLS, Supported Living, Customized Community Supports, Community Integrated Employment, Adult Nursing and Case Management must use GER in the Therap system. 2. DD Waiver Provider Agencies referenced above are responsible for entering specified information into the GER section of the secure website operated under contract by Therap according to the GER Reporting Requirements in Appendix B GER Requirements. 3. At the Provider Agency’s discretion additional events, which are not required by DDSD, may also be tracked within the GER section of Therap. 4. GER does not replace a Provider Agency’s obligations to report ANE or other reportable incidents as described in Chapter 18:</td>

Incident Management System.
5. GER does not replace a Provider Agency’s obligations related to healthcare coordination, modifications to the ISP, or any other risk management and QI activities.

Appendix B GER Requirements: DDSD is pleased to introduce the revised General Events Reporting (GER), requirements. There are two important changes related to medication error reporting:
1. **Effective immediately**, DDSD requires ALL medication errors be entered into Therap GER with the exception of those required to be reported to Division of Health Improvement- Incident Management Bureau.
2. No alternative methods for reporting are permitted.

**The following events need to be reported in the Therap GER:**
- Emergency Room/Urgent Care/Emergency Medical Services
- Falls Without Injury
- Injury (including Falls, Choking, Skin Breakdown and Infection)
- Law Enforcement Use
- Medication Errors
- Medication Documentation Errors
- Missing Person/Elopement
- Out of Home Placement- Medical: Hospitalization, Long Term Care, Skilled Nursing or Rehabilitation Facility Admission
- PRN Psychotropic Medication
- Restraint Related to Behavior
- Suicide Attempt or Threat

**Entry Guidance:** Provider Agencies must complete the following sections of the GER with detailed information: profile information,

- General Events Report (GER) indicates on 3/4/2019 the Individual ran into the elevator in his power chair and hit his left foot. (ER). GER was approved 3/7/2019.
- General Events Report (GER) indicates on 8/27/2019 the Individual was running a low-grade temperature. (ER). GER was approved 9/3/2019.

**Individual #6**
- General Events Report (GER) indicates on 3/8/2019 the Individual had a sore throat. (Urgent Care). GER was approved 3/13/2019.
event information, other event information, general information, notification, actions taken or planned, and the review follow up comments section. Please attach any pertinent external documents such as discharge summary, medical consultation form, etc. Provider Agencies must enter and approve GERs within 2 business days with the exception of Medication Errors which must be entered into GER on at least a monthly basis.

| Chapter 21: Billing Requirements: 21.4 Recording Keeping and Documentation Requirements: DD Waiver Provider Agencies must maintain all records necessary to demonstrate proper provision of services for Medicaid billing. At a minimum, Provider Agencies must adhere to the following: 1. The level and type of service provided must be supported in the ISP and have an approved budget prior to service delivery and billing. 2. Comprehensive documentation of direct service delivery must include, at a minimum: a. the agency name; b. the name of the recipient of the service; c. the location of the service; d. the date of the service; e. the type of service; f. the start and end times of the service; g. the signature and title of each staff member who documents their time; and h. the nature of services. 3. A Provider Agency that receives payment for treatment, services, or goods must retain all medical and business records for a period of at least six years from the last payment date, until ongoing audits are settled, or until involvement of the state Attorney General is completed regarding settlement of any claim, whichever is longer. 4. A Provider Agency that receives payment for treatment, services or goods must retain all | Individual #3 September 2019  
- The Agency billed 96 units of Customized Community Supports (Individual) (H2021 HB U1) from 9/1/2019 through 9/30/2019. Documentation received accounted for 73 units.  
Individual #4 November 2019  
- The Agency billed 125 units of Customized Community Supports (Individual) (H2021 HB U1) from 11/1/2019 through 11/30/2019. Documentation received accounted for 92 units.  
Individual #5 September 2019  
- The Agency billed 88 units of Customized Community Supports (Individual) (H2021 HB U1) from 9/1/2019 through 9/21/2019. Documentation received accounted for 56 units.  
- The Agency billed 8 units of Customized Community Supports (Individual) (H2021 HB U1) from 9/22/2019 through 9/30/2019. Documentation received accounted for 2 units. |

medical and business records relating to any of the following for a period of at least six years from the payment date:
   a. treatment or care of any eligible recipient;
   b. services or goods provided to any eligible recipient;
   c. amounts paid by MAD on behalf of any eligible recipient; and
   d. any records required by MAD for the administration of Medicaid.

21.9 Billable Units: The unit of billing depends on the service type. The unit may be a 15-minute interval, a daily unit, a monthly unit or a dollar amount. The unit of billing is identified in the current DD Waiver Rate Table. Provider Agencies must correctly report service units.

21.9.1 Requirements for Daily Units: For services billed in daily units, Provider Agencies must adhere to the following:
1. A day is considered 24 hours from midnight to midnight.
2. If 12 or fewer hours of service are provided, then one-half unit shall be billed. A whole unit can be billed if more than 12 hours of service is provided during a 24-hour period.
3. The maximum allowable billable units cannot exceed 340 calendar days per ISP year or 170 calendar days per six months.
4. When a person transitions from one Provider Agency to another during the ISP year, a standard formula to calculate the units billed by each Provider Agency must be applied as follows:
   a. The discharging Provider Agency bills the number of calendar days that services were provided multiplied by .93 (93%).
   b. The receiving Provider Agency bills the

November 2019
- The Agency billed 149 units of Customized Community Supports (Individual) (H2021 HB U1) from 11/1/2019 through 11/31/2019. Documentation received accounted for 136 units.

(Note: #3, 4 upheld by IRF on 3/31/2020).
remaining days up to 340 for the ISP year.

**21.9.2 Requirements for Monthly Units:** For services billed in monthly units, a Provider Agency must adhere to the following:
1. A month is considered a period of 30 calendar days.
2. At least one hour of face-to-face billable services shall be provided during a calendar month where any portion of a monthly unit is billed.
3. Monthly units can be prorated by a half unit.
4. Agency transfers not occurring at the beginning of the 30-day interval are required to be coordinated in the middle of the 30-day interval so that the discharging and receiving agency receive a half unit.

**21.9.3 Requirements for 15-minute and hourly units:** For services billed in 15-minute or hourly intervals, Provider Agencies must adhere to the following:
1. When time spent providing the service is not exactly 15 minutes or one hour, Provider Agencies are responsible for reporting time correctly following NMAC 8.302.2.
2. Services that last in their entirety less than eight minutes cannot be billed.

Dear Ms. Arp:

The Division of Health Improvement/Quality Management Bureau has received, reviewed and approved the supporting documents you submitted for your Plan of Correction. The documents you provided verified that all previously cited survey Deficiencies have been corrected.

The Plan of Correction process is now complete.

Furthermore, your agency is now determined to be in Compliance with all Conditions of Participation.

To maintain ongoing compliance with standards and regulations, continue to use the Quality Assurance (self-auditing) processes you described in your Plan of Correction.

Consistent use of these Quality Assurance processes will enable you to identify and promptly respond to problems, enhance your service delivery, and result in fewer deficiencies cited in future QMB surveys.

Thank you for your cooperation with the Plan of Correction process, for striving to come into compliance with standards and regulations, and for helping to provide the health, safety and personal growth of the people you serve.

Sincerely,

Monica Valdez, BS
