Date: March 27, 2019

To: Shanin Arp, Area Director
Provider: The Tungland Corporation
Address: 626 E. Main Street, Suite 1
State/Zip: Farmington, New Mexico 87401

E-mail Address: shanina@tungland.com

CC: Stephen M. Barkley, Executive Director
E-Mail Address: sbarkley@tungland.com
Region: Northwest
Survey Date: October 19 – 25, 2018

Program Surveyed: Developmental Disabilities Waiver
Service Surveyed: 2007: Supported Living, Adult Habilitation, Community Access

2012 & 2018: Supported Living, Family Living, Customized In-Home Supports, Customized Community Supports and Community Integrated Employment

Survey Type: Routine
Team Leader: Lucio Hernandez, AA, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau
Team Members: Kandis Gomez, AA, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Lora Norby, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Monica Valdez, BS, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Crystal Lopez-Beck, BA, Deputy Bureau Chief, Division of Health Improvement/Quality Management Bureau

Dear Mr. Barkley and Ms. Arp;

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider agreements. Upon receipt of this letter and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

Determination of Compliance:
The Division of Health Improvement, Quality Management Bureau has determined your agency is in:

[Text continues with details of the survey findings and actions required]

Survey Report #: Q.19.2.DDW.99421381.1.RTN.01.19.086
**Non-Compliance:** This determination is based on noncompliance with 17 or more Standard Level Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any tag or any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags (refer to Attachment D for details). The attached QMB Report of Findings indicates Standard Level and Condition of Participation Level deficiencies identified and requires completion and implementation of a Plan of Correction.

The following tags are identified as Condition of Participation Level:
- Tag #LS14 Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
- Tag #1A22 Agency Personnel Competency
- Tag #1A25.1 Caregiver Criminal History Screening
- Tag #1A26.1 Consolidated On-line Registry Employee Abuse Registry
- Tag #1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- Tag #1A09 Medication Delivery Routine Medication Administration
- Tag #1A09.1 Medication Delivery PRN Medication Administration
- Tag #1A09.2 Medication Delivery Nurse Approval for PRN Medication

The following tags are identified as Standard Level:
- Tag #1A08.1 Administrative and Residential Case File: Progress Notes
- Tag #1A32.1 Administrative Case File: Individual Service Plan Implementation (Not Completed at Frequency)
- Tag #1A32.2 Individual Service Plan Implementation (Residential Implementation)
- Tag #IS04 Community Life Engagement
- Tag #1A38 LS / IS Reporting Requirements
- Tag #LS12 Person Centered Assessment (Inclusion Services)
- Tag #LS14.1 Residential Service Delivery Site Case File (Other Required Documentation)
- Tag #1A20 Direct Support Personnel Training
- Tag #1A25 Caregiver Criminal History Screening
- Tag #1A26 Consolidated On-line Registry Employee Abuse Registry
- Tag #1A37 Individual Specific Training
- Tag 1A43.1 General Events Reporting: Individual Reporting
- Tag #1A03 Continuous Quality Improvement System & Key Performance Indicators (KPIs)
- Tag #1A09.0 Medication Delivery Routine Medication Administration
- Tag #1A09.1.0 Medication Delivery PRN Medication Administration
- Tag #1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)
- Tag #1A33 Board of Pharmacy: Med. Storage
- Tag # LS25 Residential Health and Safety (Supported Living & Family Living)
- Tag #LS27 Family Living Reimbursement

**Plan of Correction:**

The attached Report of Findings identifies the deficiencies found during your agency’s on-site compliance review. You are required to complete and implement a Plan of Correction. Your agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the receipt of this letter.

You were provided information during the exit meeting portion of your on-site survey. Please refer to this information (Attachment A) for specific instruction on completing your Plan of Correction. At a minimum your Plan of Correction should address the following for each Tag cited:

**Corrective Action for Current Citation:**
- How is the deficiency going to be corrected? (i.e. obtained documents, retrain staff, individuals and/or staff no longer in service, void/adjusts completed, etc.) This can be specific to each deficiency cited or if possible an overall correction, i.e. all documents will be requested and filed as appropriate.

**On-going Quality Assurance/Quality Improvement Processes:**
- What is going to be done on an ongoing basis? (i.e. file reviews, etc.)
- How many individuals is this going to effect? (i.e. percentage of individuals reviewed, number of files reviewed, etc.)
• How often will this be completed? (i.e. weekly, monthly, quarterly, etc.)
• Who is responsible? (responsible position within your agency)
• What steps will be taken if issues are found? (i.e. retraining, requesting documents, filing RORA, etc.)
• How is this integrated in your agency’s QIS, QI Committee reviews and annual report?

Submission of your Plan of Correction:
Please submit your agency’s Plan of Correction in the available space on the two right-hand columns of the Report of Findings. (See attachment “A” for additional guidance in completing the Plan of Correction).

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

1. Quality Management Bureau, Attention: Amanda Castaneda, Plan of Correction Coordinator
   1170 North Solano Suite D Las Cruces, New Mexico 88001

2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Upon notification from QMB that your Plan of Correction has been approved, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.

Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a $200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

Billing Deficiencies:
If you have deficiencies noted in this report of findings under the Service Domain: Medicaid Billing/Reimbursement, you must complete a “Void/Adjust” claim or remit the identified overpayment via a check within 30 calendar days of the date of this letter to HSD/OIG/PIU, through this is not the preferred method of payment. If you choose to pay via check, please include a copy of this letter with the payment. Make the check payable to the New Mexico Human Services Department and mail to:

Attention: Lisa Medina-Lujan
HSD/OIG/Program Integrity Unit
1474 Rodeo Road
Santa Fe, New Mexico 87505

If you have questions and would like to speak with someone at HSD/OIG/PIU, please contact:

Lisa Medina-Lujan (Lisa.medina-lujan@state.nm.us)
OR
Jennifer Goble (Jennifer.goble2@state.nm.us)

Please be advised that there is a one-week lag period for applying payments received by check to Void/Adjust claims. During this lag period, your other claim payments may be applied to the amount you owe even though you have sent a refund, reducing your payment amount. For this reason, we recommend that you allow the system to recover the overpayment instead of sending in a check.

Request for Informal Reconsideration of Findings (IRF):
If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

Request for Informal Reconsideration of Findings
5301 Central Ave NE Suite #400
Albuquerque, NM 87108
Attention: IRF request/QMB

See Attachment “C” for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total
business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please call the Plan of Correction Coordinator Amanda Castaneda at 575-373-5716 if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely,

Crystal Lopez-Beck

Provider Instructions for Completing the QMB Plan of Correction (POC) Process

Introduction:
After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued deficiencies and non-compliance.

Agencies must submit their Plan of Correction within ten (10) business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days may be referred to the DDSD Regional Office for purposes of contract management or the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings. Providers who fail to complete a POC within the 45-business days allowed will be referred to the IRC for possible actions or sanctions.

If you have questions about the Plan of Correction process, call the Plan of Correction Coordinator at 575-373-5716 or email at AmandaE.Castaneda@state.nm.us. Requests for technical assistance must be requested through your Regional DDSD Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment C).

Instructions for Completing Agency POC:

Required Content
Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice cited to prevent recurrence and information that ensures the regulation cited comes into and remains in compliance. The remedies noted in your POC are expected to be added to your Agency’s required, annual Quality Assurance (QA) Plan.

If a deficiency has already been corrected since the on-site survey, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

The following details should be considered when developing your Plan of Correction:

The Plan of Correction must address each deficiency cited in the Report of Findings unless otherwise noted with a “No Plan of Correction Required statement.” The Plan of Correction must address the five (5) areas listed below:

1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect those individuals in similar situations.
3. What Quality Assurance measures will be put into place and what systemic changes made to ensure the deficient practice will not recur.
4. Indicate how the agency plans to monitor its performance to make certain solutions are sustained. The agency must develop a QA plan for ensuring correction is achieved and sustained. This QA plan must be implemented, and the corrective action is evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and
5. Include dates when corrective actions will be completed. The corrective action completion dates must be acceptable to the State.

The following details should be considered when developing your Plan of Correction:
• Details about how and when Individual Served, agency personnel and administrative and service delivery site files are audited by agency personnel to ensure they contain required documents;
• Information about how medication administration records are reviewed to verify they contain all required information before they are distributed to service sites, as they are being used, and after they are completed;
• Your processes for ensuring that all required agency personnel are trained on required DDSD required trainings;
• How accuracy in billing/reimbursement documentation is assured;
• How health, safety is assured;
• For Case Management providers, how Individual Service Plans are reviewed to verify they meet requirements, how the timeliness of level of care (LOC) packet submissions and consumer visits are tracked;
• Your process for gathering, analyzing and responding to quality data indicators; and,
• Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

Note: Instruction or in-service of staff alone may not be a sufficient plan of correction. This is a good first step toward correction, but additional steps must be taken to ensure the deficiency is corrected and will not recur.

Completion Dates
• The plan of correction must include a completion date (entered in the far right-hand column) for each finding. Be sure the date is realistic in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
• Direct care issues should be corrected immediately and monitored appropriately.
• Some deficiencies may require a staged plan to accomplish total correction.
• Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

Initial Submission of the Plan of Correction Requirements
1. The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
2. For questions about the POC process, call the POC Coordinator, Amanda Castaneda at 575-373-5716 or email at AmandaE.Castaneda@state.nm.us for assistance.
3. For Technical Assistance (TA) in developing or implementing your POC, contact your Regional DDSD Office.
4. Submit your POC to Amanda Castaneda, POC Coordinator in any of the following ways:
   a. Electronically at AmandaE.Castaneda@state.nm.us (preferred method)
   b. Fax to 575-528-5019, or
   c. Mail to POC Coordinator, 1170 North Solano Ste D, Las Cruces, New Mexico 88001
5. Do not submit supporting documentation (evidence of compliance) to QMB until after your POC has been approved by the QMB.
6. QMB will notify you when your POC has been “approved” or “denied.”
   a. During this time, whether your POC is “approved,” or “denied,” you will have a maximum of 45-business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
   b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45-business day limit is in effect.
   c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
   d. You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
   e. Please note that all POC correspondence will be sent electronically unless otherwise requested.
7. Failure to submit your POC within 10 business days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.

POC Document Submission Requirements
Once your POC has been approved by the QMB Plan of Correction Coordinator you must submit copies of documents as evidence that all deficiencies have been corrected, as follows.

1. Your internal documents are due within a maximum of 45-business days of receipt of your Report of Findings.
2. It is preferred that you submit your documents via USPS or other carrier (scanned and saved to CD/DVD disc, flash drive, etc.). If documents containing HIPAA Protected Health Information (PHI) documents must be submitted through S-Comm (Therap), Fax or Postal System, do not send PHI directly to NMDOH email accounts. If the documents do not contain protected Health information (PHI) then you may submit your documents electronically scanned and attached to e-mails.

3. All submitted documents must be annotated: please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.

4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.

5. In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.

6. When billing deficiencies are cited, you must provide documentation to justify billing and/or void and adjust forms submitted to Xerox State Healthcare, LLC for the deficiencies cited in the Report of Findings.

Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator, prior to the due date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.
The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and other state and federal regulations. For the purpose of the LCA/CI survey the CMS waiver assurances have been grouped into four (4) Service Domains: Plan of Care (ISP Implementation); Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency’s operational policies and procedures, Quality Assurance system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified during the on-site survey process and as reported in the QMB Report of Findings. All areas reviewed by QMB have been agreed to by DDSD and DHI/QMB and are reflective of CMS requirements. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Each deficiency in your Report of Findings has been predetermined to be a Standard Level Deficiency, a Condition of Participation Level Deficiency, if below 85% compliance or a non-negotiable Condition of Participation Level Deficiency. Your Agency’s overall Compliance Determination is based on a Scope and Severity Scale which takes into account the number of Standard and Condition Level Tags cited as well as the percentage of Individuals affected in the sample.

Conditions of Participation (CoPs)

CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances, in addition to the New Mexico Developmental Disability Waiver (DDW) Service Standards. The Division of Health Improvement (DHI), in conjunction with the Developmental Disability Support Division (DDSD), has identified certain deficiencies that have the potential to be a Condition of Participation Level, if the tag falls below 85% compliance based on the number of people affected. Additionally, there are what are called non-negotiable Conditions of Participation, regardless if one person or multiple people are affected. In this context, a CoP is defined as an essential / fundamental regulation or standard, which when out of compliance directly affects the health and welfare of the Individuals served. If no deficiencies within a Tag are at the level of a CoP, it is cited as a Standard Level Deficiency.

**Service Domains and CoPs for Living Care Arrangements and Community Inclusion are as follows:**

**Service Domain: Service Plan: ISP Implementation** - Services are delivered in accordance with the service plan, including type, scope, amount, duration and frequency specified in the service plan.

- **Potential Condition of Participation Level Tags, if compliance is below 85%:**
  - 1A08.3 – Administrative Case File: Individual Service Plan / ISP Components
  - 1A32 – Administrative Case File: Individual Service Plan Implementation
  - LS14 – Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
  - IS14 – CCS / CIES Service Delivery Site Case File (ISP and Healthcare Requirements)

**Service Domain: Qualified Providers** - The State monitors non-licensed/non-certified providers to assure adherence to waiver requirements. The State implements its policies and procedures for verifying that provider training is conducted in accordance with State requirements and the approved waiver.

- **Potential Condition of Participation Level Tags, if compliance is below 85%:**
  - 1A20 - Direct Support Personnel Training
  - 1A22 - Agency Personnel Competency
  - 1A37 – Individual Specific Training
Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A25.1 – Caregiver Criminal History Screening
- 1A26.1 – Consolidated On-line Registry Employee Abuse Registry

Service Domain: Health, Welfare and Safety - The State, on an ongoing basis, identifies, addresses and seeks to prevent occurrences of abuse, neglect and exploitation. Individuals shall be afforded their basic human rights. The provider supports individuals to access needed healthcare services in a timely manner.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.2 – Administrative Case File: Healthcare Requirements & Follow-up
- 1A09 – Medication Delivery Routine Medication Administration
- 1A09.1 – Medication Delivery PRN Medication Administration
- 1A15.2 – Administrative Case File: Healthcare Documentation (Therap and Required Plans)

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A05 – General Requirements / Agency Policy and Procedure Requirements
- 1A07 – Social Security Income (SSI) Payments
- 1A09.2 – Medication Delivery Nurse Approval for PRN Medication
- 1A15 – Healthcare Documentation - Nurse Availability
- 1A31 – Client Rights/Human Rights
- LS25.1 – Residential Reqts. (Physical Environment - Supported Living / Family Living / Intensive Medical Living)
Attachment C

Guidelines for the Provider
Informal Reconsideration of Finding (IRF) Process

Introduction:
Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated “Document Request,” or “Administrative Needs,” etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

Instructions:
1. The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Deputy Bureau Chief within 10 business days of receipt of the final Report of Findings.
2. The written request for an IRF must be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: https://nmhealth.org/about/dhi/cbp/irf/
3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
4. The IRF request must include all supporting documentation or evidence.
5. If you have questions about the IRF process, email the IRF Chairperson, Crystal Lopez-Beck at Crystal.Lopez-Beck@state.nm.us for assistance.

The following limitations apply to the IRF process:
- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process.
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request; the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status. If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.
QMB Determinations of Compliance

Compliance:
The QMB determination of Compliance indicates that a provider has either no deficiencies found during a survey or has no deficiencies at the Condition of Participation Level. The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of Compliance, the provider must have received no Conditions of Participation Level Deficiencies and have a minimal number of Individuals on the sample affected by the findings indicated in the Standards Level Tags.

Partial-Compliance with Standard Level Tags:
The QMB determination of Partial-Compliance with Standard Level Tags indicates that a provider is in compliance with all Condition of Participation Level deficiencies but is out of compliance with a certain percentage of Standard Level deficiencies. This partial-compliance, if not corrected, may result in a negative outcome or the potential for more than minimal harm to individuals' health and safety. There are two ways to receive a determination of Partial Compliance with Standard Level Tags:

1. Your Report of Findings includes 16 or fewer Standards Level Tags with between 75% and 100% of the survey sample affected in any tag.
2. Your Report of Findings includes 17 or more Standard Level Tags with between 50% to 74% of the survey sample affected in any tag.

Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags:
The QMB determination of Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags indicates that a provider is out of compliance with one to five (1 – 5) Condition of Participation Level Tags. This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety.

Non-Compliance:
The QMB determination of Non-Compliance indicates a provider is significantly out of compliance with both Standard Level deficiencies and Conditions of Participation level deficiencies. This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. There are three ways an agency can receive a determination of Non-Compliance:

1. Your Report of Findings includes 17 or more Standard Level Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any tag.
2. Your Report of Findings includes any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags.

</table>

optimal health;
c. self-empowerment;
d. personalized relationships;
e. skill development and/or maintenance; and
f. social, educational, and community inclusion activities that are directly linked to the vision, Desired Outcomes and Action Plans stated in the person’s ISP.

2. Community Life Engagement (CLE) is also sometimes used to refer to “Meaningful Day” or “Adult Habilitation” activities. CLE refers to supporting people in their communities, in non-work activities. Examples of CLE activities may include participating in clubs, classes, or recreational activities in the community; learning new skills to become more independent; volunteering; or retirement activities. Meaningful Day activities should be developed with the four guideposts of CLE in mind. The four guideposts of CLE are:
   a. individualized supports for each person;
   b. promotion of community membership and contribution;
   c. use of human and social capital to decrease dependence on paid supports; and
   d. provision of supports that are outcome-oriented and regularly monitored.

3. The term “day” does not mean activities between 9:00 a.m. to 5:00 p.m. on weekdays.
4. Community Inclusion is not limited to specific hours or days of the week. These services may not be used to supplant the responsibility of the Living Supports Provider Agency for a person who receives both services.

**Chapter 19: Provider Reporting Requirements**

19.5 Semi-Annual Reporting: The semi-annual report provides status updates to life circumstances, health, and progress toward ISP goals and/or goals related to professional and clinical services provided through the DD Waiver. This report is submitted to the CM for review and may guide actions taken by the person’s IDT if necessary. Semi-annual reports may be requested by DDSD for QA activities. Semi-annual reports are required as follows:

1. DD Waiver Provider Agencies, except AT, EMSP, Supplemental Dental, PRSC, SSE and Crisis Supports, must complete semi-annual reports.
2. A Respite Provider Agency must submit a semi-annual progress report to the CM that describes progress on the Action Plan(s) and Desired Outcome(s) when Respite is the only service included in the ISP other than Case Management, for an adult age 21 or older.
3. The first semi-annual report will cover the time from the start of the person’s ISP year until the end of the subsequent six-month period (180 calendar days) and is due ten calendar days after the period ends (190 calendar days).
4. The second semi-annual report is integrated into the annual report or professional assessment/annual re-evaluation when applicable and is due 14 calendar days prior to the annual ISP meeting.
5. Semi-annual reports must contain at a minimum written documentation of:
   a. the name of the person and date on each page;
   b. the timeframe that the report covers;
   c. timely completion of relevant activities from ISP Action Plans or clinical service goals during timeframe the report is covering;
   d. a description of progress towards Desired Outcomes in the ISP related to the service provided;
   e. a description of progress toward any service specific or treatment goals when applicable (e.g. health related goals for nursing);
   f. significant changes in routine or staffing if applicable;
   g. unusual or significant life events, including significant change of health or behavioral health condition;
   h. the signature of the agency staff responsible for preparing the report; and
   i. any other required elements by service type that are detailed in these standards.

tool that is intended to be used for the service agency to get to know the person whom they are supporting. It should be used to guide services for the person. A career development plan, developed by the CIE Provider Agency, must be in place for job seekers or those already working to outline the tasks needed to obtain, maintain, or seek advanced opportunities in employment. For those who are employed, the career development plan addresses topics such as a plan to fade paid supports from the worksite or strategies to improve opportunities for career advancement. CCS and CIE Provider Agencies must adhere to the following requirements related to a PCA and Career Development Plan:

5. A person-centered assessment should contain, at a minimum:
   a. information about the person’s background and status;
   b. the person’s strengths and interests;
   c. conditions for success to integrate into the community, including conditions for job success (for those who are working or wish to work); and
   d. support needs for the individual.

6. The agency must have documented evidence that the person, guardian, and family as applicable were involved in the person-centered assessment.

7. Timelines for completion: The initial PCA must be completed within the first 90 calendar days of the person receiving services. Thereafter, the Provider Agency must ensure that the PCA is reviewed and updated annually. An entirely new PCA must be completed every five years. If there is a significant change in a person’s circumstance, a new PCA may be required because the information in the PCA may no longer be
relevant. A significant change may include but is not limited to: losing a job, changing a residence or provider, and/or moving to a new region of the state.

8. If a person is receiving more than one type of service from the same provider, one PCA with information about each service is acceptable.

9. Changes to an updated PCA should be signed and dated to demonstrate that the assessment was reviewed.

10. A career development plan is developed by the CIE provider and can be a separate document or be added as an addendum to a PCA. The career development plan should have specific action steps that identify who does what and by when.

Chapter 20: Provider Documentation and Client Records: 20.2 Client Records
Requirements: All DD Waiver Provider Agencies are required to create and maintain individual client records. The contents of client records vary depending on the unique needs of the person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the location of the file, the type of service being provided, and the information necessary. DD Waiver Provider Agencies are required to adhere to the following:

15. Client records must contain all documents essential to the service being provided and essential to ensuring the health and safety of the person during the provision of the service.
### Tag # LS14  Residential Case File (ISP and Healthcare Requirements)

**Condition of Participation Level Deficiency**

After an analysis of the evidence it has been determined there is a significant potential for a negative outcome to occur.

is acceptable.

3. Provider Agencies are responsible for ensuring that all plans created by nurses, RDs, therapists or BSCs are present in all needed settings.

4. Provider Agencies must maintain records of all documents produced by agency personnel or contractors on behalf of each person, including any routine notes or data, annual assessments, semi-annual reports, evidence of training provided/received, progress notes, and any other interactions for which billing is generated.

5. Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency.

6. The current Client File Matrix found in Appendix A Client File Matrix details the minimum requirements for records to be stored in agency office files, the delivery site, or with DSP while providing services in the community.

7. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal from services.

20.5.3 Health Passport and Physician Consultation Form: All Primary and Secondary Provider Agencies must use the Health Passport and Physician Consultation form from the Therap system. This standardized document contains individual, physician and emergency contact information, a complete list of current medical diagnoses, health and safety risk factors, allergies, and information regarding insurance, guardianship, and advance directives. The Health Passport also includes a standardized form to use at medical appointments called the Physician Consultation form. The Physician Consultation form contains a list of all current medications. Requirements for the

Health Passport and Physician Consultation form are:

2. The Primary and Secondary Provider Agencies must ensure that a current copy of the Health Passport and Physician Consultation forms are printed and available at all service delivery sites. Both forms must be reprinted and placed at all service delivery sites each time the e-CHAT is updated for any reason and whenever there is a change to contact information contained in the IDF.

Chapter 13: Nursing Services:

13.2.9 Healthcare Plans (HCP):

1. At the nurse’s discretion, based on prudent nursing practice, interim HCPs may be developed to address issues that must be implemented immediately after admission, readmission or change of medical condition to provide safe services prior to completion of the e-CHAT and formal care planning process. This includes interim ARM plans for those persons newly identified at moderate or high risk for aspiration. All interim plans must be removed if the plan is no longer needed or when final HCP including CARMPs are in place to avoid duplication of plans.

2. In collaboration with the IDT, the agency nurse is required to create HCPs that address all the areas identified as required in the most current e-CHAT summary.

13.2.10 Medical Emergency Response Plan (MERP):

1. The agency nurse is required to develop a Medical Emergency Response Plan (MERP) for all conditions marked with an "R" in the e-CHAT summary report. The agency nurse should use her/his clinical judgment and input from the Interdisciplinary Team (IDT) to determine whether shown as "C" in the e-CHAT summary report or
other conditions also warrant a MERP.
2. MERPs are required for persons who have one or more conditions or illnesses that present a likely potential to become a life-threatening situation.

CHAPTER 11 (FL) 3. Agency Requirements
C. Residence Case File: The Agency must maintain in the individual’s home a complete and current confidential case file for each individual. Residence case files are required to comply with the DDSD Individual Case File Matrix policy.

State your Plan of Correction for the deficiencies cited in this tag here *(How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): →*
and Direct Support Supervisors (DSS) include staff and contractors from agencies providing the following services: Supported Living, Family Living, CIHS, IMLS, CCS, GIE and Crisis Supports.

1. DSP/DSS must successfully:
   a. Complete IST requirements in accordance with the specifications described in the ISP of each person supported and as outlined in 17.10 Individual-Specific Training below.
   b. Complete training on DOH-approved ANE reporting procedures in accordance with NMAC 7.1.14.
   c. Complete training in universal precautions. The training materials shall meet Occupational Safety and Health Administration (OSHA) requirements.
   d. Complete and maintain certification in First Aid and CPR. The training materials shall meet OSHA requirements/guidelines.
   e. Complete relevant training in accordance with OSHA requirements (if job involves exposure to hazardous chemicals).
   f. Become certified in a DDSD-approved system of crisis prevention and intervention (e.g., MANDT, Handle with Care, CPI) before using EPR. Agency DSP and DSS shall maintain certification in a DDSD-approved system if any person they support has a BCIP that includes the use of EPR.
   g. Complete and maintain certification in a DDSD-approved medication course if required to assist with medication delivery.
   h. Complete training regarding the HIPAA.

2. Any staff being used in an emergency to fill

in or cover a shift must have at a minimum the DDSD required core trainings and be on shift with a DSP who has completed the relevant IST.

### 17.1.2 Training Requirements for Service Coordinators (SC):

Service Coordinators (SCs) refer to staff at agencies providing the following services: Supported Living, Family Living, Customized In-home Supports, Intensive Medical Living, Customized Community Supports, Community Integrated Employment, and Crisis Supports.

1. A SC must successfully:
   a. Complete IST requirements in accordance with the specifications described in the ISP of each person supported, and as outlined in the 17.10 Individual-Specific Training below.
   b. Complete training on DOH-approved ANE reporting procedures in accordance with NMAC 7.1.14.
   c. Complete training in universal precautions. The training materials shall meet Occupational Safety and Health Administration (OSHA) requirements.
   d. Complete and maintain certification in First Aid and CPR. The training materials shall meet OSHA requirements/guidelines.
   e. Complete relevant training in accordance with OSHA requirements (if job involves exposure to hazardous chemicals).
   f. Become certified in a DDSD-approved system of crisis prevention and intervention (e.g., MANDT, Handle with Care, CPI) before using emergency physical restraint. Agency SC shall maintain certification in a DDSD-approved system if a person they support has a Behavioral Crisis Intervention Plan.
that includes the use of emergency physical restraint.
g. Complete and maintain certification in AWMD if required to assist with medications.
h. Complete training regarding the HIPAA.

2. Any staff being used in an emergency to fill in or cover a shift must have at a minimum the DDSD required core trainings.

</tr>
</tbody>
</table>
**Chapter 17: Training Requirement**

**17.10 Individual-Specific Training:** The following are elements of IST: defined standards of performance, curriculum tailored to teach skills and knowledge necessary to meet those standards of performance, and formal examination or demonstration to verify standards of performance, using the established DDSD training levels of awareness, knowledge, and skill.  

Reaching an **awareness level** may be accomplished by reading plans or other information. The trainee is cognizant of information related to a person’s specific condition. Verbal or written recall of basic information or knowing where to access the information can verify awareness. 

Reaching a **knowledge level** may take the form of observing a plan in action, reading a plan more thoroughly, or having a plan described by the author or their designee. Verbal or written recall or demonstration may verify this level of competence. 

Reaching a **skill level** involves being trained by a therapist, nurse, designated or experienced designated trainer. The trainer shall demonstrate the techniques according to the plan. Then they observe and provide feedback to the trainee as they implement the techniques. This should be repeated until competence is demonstrated. Demonstration of skill or observed implementation of the techniques or strategies verifies skill level competence. Trainees should be observed on more than one occasion to ensure appropriate techniques are maintained and to provide additional coaching/feedback. 

Individuals shall receive services from competent and qualified Provider Agency personnel who must successfully complete IST requirements in accordance with the ISP, the Individual requires a Speech Therapy Plan. (Individual #3)  

When DSP were asked, if they received training on the Individual’s an Occupational Therapy Plan and if so, what the plan covered, the following was reported:  

- DSP #557 stated, "No, think just Physical Therapy." According to the Individual Specific Training Section of the ISP, the Individual requires an Occupational Therapy Plan. (Individual #3)

When DSP were asked, if they received training on the Individual’s Physical Therapy Plan and if so, what the plan covered, the following was reported:  

- DSP #557 stated, "Yes, make sure she is using her walker. Balance isn't that good" According to the Individual Specific Training Section of the ISP, the Individual does not require a Physical Therapy Plan. (Individual #3)

When DSP were asked, if they knew what the Individual’s health condition/ diagnosis or when the information could be found, the following was reported:  

- DSP #557 stated, "Mental and Intellectual Disability, not sure what caused it and also a speech impediment. But not sure what else, I can find it in the book.” According to the ISP the Individual is diagnosed with a seizure disorder, cerebellar atrophy/degeneration, polyneuropathy and has history of MRSA. (Individual #3)

Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →
specifications described in the ISP of each person supported.
1. IST must be arranged and conducted at least annually. IST includes training on the ISP Desired Outcomes, Action Plans, strategies, and information about the person’s preferences regarding privacy, communication style, and routines. More frequent training may be necessary if the annual ISP changes before the year ends.
2. IST for therapy-related WDSI, HCPs, MERPs, CARMPs, PBSA, PBSP, and BCIP, must occur at least annually and more often if plans change, or if monitoring by the plan author or agency finds incorrect implementation, when new DSP or CM are assigned to work with a person, or when an existing DSP or CM requires a refresher.
3. The competency level of the training is based on the IST section of the ISP.
4. The person should be present for and involved in IST whenever possible.
5. Provider Agencies are responsible for tracking of IST requirements.
6. Provider Agencies must arrange and ensure that DSP’s are trained on the contents of the plans in accordance with timelines indicated in the Individual-Specific Training Requirements: Support Plans section of the ISP and notify the plan authors when new DSP are hired to arrange for trainings.
7. If a therapist, BSC, nurse, or other author of a plan, healthcare or otherwise, chooses to designate a trainer, that person is still responsible for providing the curriculum to the designated trainer. The author of the plan is also responsible for ensuring the designated trainer is verifying competency in alignment with their curriculum, doing periodic quality assurance checks with their designated trainer, and re-

When DSP were asked, if the Individual’s had Health Care Plans and where could they be located, the following was reported:

- DSP #557 stated, "Not at this moment." As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual requires Health Care Plans for: BMI, Supports for Hydration, Aspiration, Status of Care/Hygiene, Seizures, Constipation, Respiratory, Falls and Skin and Wound." (Individual #3)

When DSP were asked, if the Individual’s had Medical Emergency Response Plans and where could they be located, the following was reported:

- DSP #557 stated, "If she has a cut and can't stop the bleeding. Falls and stuff." As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual requires Medical Emergency Response Plans for: Aspiration, Seizures, Respiratory and Falls. (Individual #3)

When Direct Support Personnel were asked, what State Agency do you report suspected Abuse, Neglect or Exploitation, the following was reported:

- DSP #507 stated, “I'd call APS.” Staff was not able to identify the State Agency as Division of Health Improvement.
- DSP #561 stated, “I don’t know.” Staff was not able to identify the State Agency as Division of Health Improvement.
certifying the designated trainer at least annually and/or when there is a change to a person’s plan.

section, upon offer of employment or at the time of entering into a contractual relationship with the care provider. Care providers shall submit all fees and pertinent application information for all applicants, caregivers or hospital caregivers as described in Subsections D, E and F of this section. Pursuant to Section 29-17-5 NMSA 1978 (Amended) of the act, a care provider’s failure to comply is grounds for the state agency having enforcement authority with respect to the care provider] to impose appropriate administrative sanctions and penalties.

B. Exception: A caregiver or hospital caregiver applying for employment or contracting services with a care provider within twelve (12) months of the caregiver’s or hospital caregiver’s most recent nationwide criminal history screening which list no disqualifying convictions shall only apply for a statewide criminal history screening upon offer of employment or at the time of entering into a contractual relationship with the care provider. At the discretion of the care provider a nationwide criminal history screening, additional to the required statewide criminal history screening, may be requested.

C. Conditional Employment: Applicants, caregivers, and hospital caregivers who have submitted all completed documents and paid all applicable fees for a nationwide and statewide criminal history screening may be deemed to have conditional supervised employment pending receipt of written notice given by the department as to whether the applicant, caregiver or hospital caregiver has a disqualifying conviction.

F. Timely Submission: Care providers shall submit all fees and pertinent application information for all individuals who meet the definition of an applicant, caregiver or hospital caregiver as described in Subsections B, D and
K of 7.1.9.7 NMAC, no later than twenty (20) calendar days from the first day of employment or effective date of a contractual relationship with the care provider.

**G. Maintenance of Records:** Care providers shall maintain documentation relating to all employees and contractors evidencing compliance with the act and these rules.

1. During the term of employment, care providers shall maintain evidence of each applicant, caregiver or hospital caregiver’s clearance, pending reconsideration, or disqualification.

2. Care providers shall maintain documented evidence showing the basis for any determination by the care provider that an employee or contractor performs job functions that do not fall within the scope of the requirement for nationwide or statewide criminal history screening. A memorandum in an employee’s file stating “This employee does not provide direct care or have routine unsupervised physical or financial access to care recipients served by [name of care provider],” together with the employee’s job description, shall suffice for record keeping purposes.

**NMAC 7.1.9.9 CAREGIVERS OR HOSPITAL CAREGIVERS AND APPLICANTS WITH DISQUALIFYING CONVICTIONS:**

**A. Prohibition on Employment:** A care provider shall not hire or continue the employment or contractual services of any applicant, caregiver or hospital caregiver for whom the care provider has received notice of a disqualifying conviction, except as provided in Subsection B of this section.

**NMAC 7.1.9.11 DISQUALIFYING CONVICTIONS.** The following felony convictions disqualify an applicant, caregiver or
hospital caregiver from employment or contractual services with a care provider:
A. homicide;
B. trafficking, or trafficking in controlled substances;
C. kidnapping, false imprisonment, aggravated assault or aggravated battery;
D. rape, criminal sexual penetration, criminal sexual contact, incest, indecent exposure, or other related felony sexual offenses;
E. crimes involving adult abuse, neglect or financial exploitation;
F. crimes involving child abuse or neglect;
G. crimes involving robbery, larceny, extortion, burglary, fraud, forgery, embezzlement, credit card fraud, or receiving stolen property; or
H. an attempt, solicitation, or conspiracy involving any of the felonies in this subsection.

department, as a result of an investigation of a complaint, to have engaged in a substantiated registry-referred incident of abuse, neglect or exploitation of a person receiving care or services from a provider. Additions and updates to the registry shall be posted no later than two (2) business days following receipt. Only department staff designated by the custodian may access, maintain and update the data in the registry.

A. Provider requirement to inquire of registry. A provider, prior to employing or contracting with an employee, shall inquire of the registry whether the individual under consideration for employment or contracting is listed on the registry.

B. Prohibited employment. A provider may not employ or contract with an individual to be an employee if the individual is listed on the registry as having a substantiated registry-referred incident of abuse, neglect or exploitation of a person receiving care or services from a provider.

C. Applicant's identifying information required. In making the inquiry to the registry prior to employing or contracting with an employee, the provider shall use identifying information concerning the individual under consideration for employment or contracting sufficient to reasonably and completely search the registry, including the name, address, date of birth, social security number, and other appropriate identifying information required by the registry.

D. Documentation of inquiry to registry. The provider shall maintain documentation in the employee's personnel or employment records that evidences the fact that the provider made an inquiry to the registry concerning that employee prior to employment. Such documentation shall be placed in the employee's personnel file or employment records. Additions and updates to the registry shall be posted no later than two (2) business days following receipt. Only department staff designated by the custodian may access, maintain and update the data in the registry.

Documentation must include evidence, based on the response to such inquiry received from the custodian by the provider, that the employee was not listed on the registry as having a substantiated registry-referred incident of abuse, neglect or exploitation.

E. **Documentation for other staff.** With respect to all employed or contracted individuals providing direct care who are licensed health care professionals or certified nurse aides, the provider shall maintain documentation reflecting the individual’s current licensure as a health care professional or current certification as a nurse aide.

F. **Consequences of noncompliance.** The department or other governmental agency having regulatory enforcement authority over a provider may sanction a provider in accordance with applicable law if the provider fails to make an appropriate and timely inquiry of the registry, or fails to maintain evidence of such inquiry, in connection with the hiring or contracting of an employee; or for employing or contracting any person to work as an employee who is listed on the registry. Such sanctions may include a directed plan of correction, civil monetary penalty not to exceed five thousand dollars ($5000) per instance, or termination or non-renewal of any contract with the department or other governmental agency.

information of all persons who, while employed by a provider, have been determined by the department, as a result of an investigation of a complaint, to have engaged in a substantiated registry-referred incident of abuse, neglect or exploitation of a person receiving care or services from a provider. Additions and updates to the registry shall be posted no later than two (2) business days following receipt. Only department staff designated by the custodian may access, maintain and update the data in the registry.

A. Provider requirement to inquire of registry. A provider, prior to employing or contracting with an employee, shall inquire of the registry whether the individual under consideration for employment or contracting is listed on the registry.

B. Prohibited employment. A provider may not employ or contract with an individual to be an employee if the individual is listed on the registry as having a substantiated registry-referred incident of abuse, neglect or exploitation of a person receiving care or services from a provider.

C. Applicant’s identifying information required. In making the inquiry to the registry prior to employing or contracting with an employee, the provider shall use identifying information concerning the individual under consideration for employment or contracting sufficient to reasonably and completely search the registry, including the name, address, date of birth, social security number, and other appropriate identifying information required by the registry.

D. Documentation of inquiry to registry. The provider shall maintain documentation in the employee’s personnel or employment records that evidences the fact that the provider made

Employee Abuse Registry prior to employment for 14 of 61 Agency Personnel.

The following Agency personnel records contained no evidence of the Employee Abuse Registry check being completed:

Direct Support Personnel (DSP):
- #568 – Date of hire 8/01/2018.
- #507 – Date of hire 6/15/2015
- #513 – Date of hire 6/7/2010
- #514 – Date of hire 10/11/2011.
- #523 – Date of hire 9/19/2012.
- #544 – Date of hire 9/19/2012.
- #551 – Date of hire 10/28/2011.
- #560 – Date of Hire 9/7/2016.
- #561 – Date of hire 4/10/2011.
- #562 – Date of hire 4/10/2011.
- #563 – Date of hire 5/8/2012.

Substitute Care/Respite Personnel:
- #510 – Date of hire 7/1/2011.
- #569 – Date of hire 8/22/2018.

Provider:

an inquiry to the registry concerning that employee prior to employment. Such documentation must include evidence, based on the response to such inquiry received from the custodian by the provider, that the employee was not listed on the registry as having a substantiated registry-referred incident of abuse, neglect or exploitation.

E. **Documentation for other staff.** With respect to all employed or contracted individuals providing direct care who are licensed health care professionals or certified nurse aides, the provider shall maintain documentation reflecting the individual’s current licensure as a health care professional or current certification as a nurse aide.

F. **Consequences of noncompliance.** The department or other governmental agency having regulatory enforcement authority over a provider may sanction a provider in accordance with applicable law if the provider fails to make an appropriate and timely inquiry of the registry, or fails to maintain evidence of such inquiry, in connection with the hiring or contracting of an employee; or for employing or contracting any person to work as an employee who is listed on the registry. Such sanctions may include a directed plan of correction, civil monetary penalty not to exceed five thousand dollars ($5000) per instance, or termination or non-renewal of any contract with the department or other governmental agency.

**DD Waiver Provider Agencies as well as requirements for certified trainers or mentors of DDSD Core curriculum training.**

**17.1 Training Requirements for Direct Support Personnel and Direct Support Supervisors:** Direct Support Personnel (DSP) and Direct Support Supervisors (DSS) include staff and contractors from agencies providing the following services: Supported Living, Family Living, CIHS, IMLS, CCS, CIE and Crisis Supports.

1. DSP/DSS must successfully:
   a. Complete IST requirements in accordance with the specifications described in the ISP of each person supported and as outlined in 17.10 Individual-Specific Training below.
   b. Complete training on DOH-approved ANE reporting procedures in accordance with NMAC 7.1.14
   c. Complete training in universal precautions. The training materials shall meet Occupational Safety and Health Administration (OSHA) requirements
   d. Complete and maintain certification in First Aid and CPR. The training materials shall meet OSHA requirements/guidelines.
   e. Complete relevant training in accordance with OSHA requirements (if job involves exposure to hazardous chemicals).
   f. Become certified in a DDSD-approved system of crisis prevention and intervention (e.g., MANDT, Handle with Care, CPI) before using EPR. Agency DSP and DSS shall maintain certification in a DDSD-approved system if any person they support has a BCIP that includes the use of EPR.

---

Review of personnel records found no evidence of the following:

**Direct Support Personnel (DSP):**
- Individual Specific Training (#515)
g. Complete and maintain certification in a DDSD-approved medication course if required to assist with medication delivery.

h. Complete training regarding the HIPAA.

2. Any staff being used in an emergency to fill in or cover a shift must have at a minimum the DDSD required core trainings and be on shift with a DSP who has completed the relevant IST.

17.10 Individual-Specific Training: The following are elements of IST: defined standards of performance, curriculum tailored to teach skills and knowledge necessary to meet those standards of performance, and formal examination or demonstration to verify standards of performance, using the established DDSD training levels of awareness, knowledge, and skill.

Reaching an **awareness level** may be accomplished by reading plans or other information. The trainee is cognizant of information related to a person’s specific condition. Verbal or written recall of basic information or knowing where to access the information can verify awareness.

Reaching a **knowledge level** may take the form of observing a plan in action, reading a plan more thoroughly, or having a plan described by the author or their designee. Verbal or written recall or demonstration may verify this level of competence.

Reaching a **skill level** involves being trained by a therapist, nurse, designated or experienced designated trainer. The trainer shall demonstrate the techniques according to the plan. Then they observe and provide feedback to the trainee as they implement the techniques. This should be repeated until competence is
demonstrated. Demonstration of skill or observed implementation of the techniques or strategies verifies skill level competence. Trainees should be observed on more than one occasion to ensure appropriate techniques are maintained and to provide additional coaching/feedback. Individuals shall receive services from competent and qualified Provider Agency personnel who must successfully complete IST requirements in accordance with the specifications described in the ISP of each person supported.

1. IST must be arranged and conducted at least annually. IST includes training on the ISP Desired Outcomes, Action Plans, strategies, and information about the person’s preferences regarding privacy, communication style, and routines. More frequent training may be necessary if the annual ISP changes before the year ends.

2. IST for therapy-related WDSI, HCPs, MERPs, CARMPs, PBAs, PBSP, and BCIP, must occur at least annually and more often if plans change, or if monitoring by the plan author or agency finds incorrect implementation, when new DSP or CM are assigned to work with a person, or when an existing DSP or CM requires a refresher.

3. The competency level of the training is based on the IST section of the ISP.

4. The person should be present for and involved in IST whenever possible.

5. Provider Agencies are responsible for tracking of IST requirements.

6. Provider Agencies must arrange and ensure that DSP’s are trained on the contents of the plans in accordance with timelines indicated in the Individual-Specific Training Requirements: Support Plans section of the ISP and notify the plan authors when new DSP are
7. If a therapist, BSC, nurse, or other author of a plan, healthcare or otherwise, chooses to designate a trainer, that person is still responsible for providing the curriculum to the designated trainer. The author of the plan is also responsible for ensuring the designated trainer is verifying competency in alignment with their curriculum, doing periodic quality assurance checks with their designated trainer, and re-certifying the designated trainer at least annually and/or when there is a change to a person’s plan.

17.10.1 IST Training Rosters: IST Training Rosters are required for all IST trainings:

1. IST Training Rosters must include:
   a. the name of the person receiving DD Waiver services;
   b. the date of the training;
   c. IST topic for the training;
   d. the signature of each trainee;
   e. the role of each trainee (e.g., CIHS staff, CIE staff, family, etc.); and
   f. the signature and title or role of the trainer.

2. A competency based training roster (required for CARMPs) includes all information above but also includes the level of training (awareness, knowledge, or skilled) the trainee has attained. (See Chapter 5.5 Aspiration Risk Management for more details about CARMPs.)

3. A copy of the training roster is submitted to the agency employing the staff trained within seven calendar days of the training date. The original is retained by the trainer.

Survey Report #: Q.19.2.DDW.99421381.1.RTN.01.19.086
Chapter 19: Provider Reporting Requirements:

19.2 General Events Reporting (GER): The purpose of General Events Reporting (GER) is to report, track and analyze events, which pose a risk to adults in the DD Waiver program, but do not meet criteria for ANE or other reportable incidents as defined by the IMB. Analysis of GER is intended to identify emerging patterns so that preventative action can be taken at the individual, Provider Agency, regional and statewide level. On a quarterly and annual basis, DDSD analyzes GER data at the provider, regional and statewide levels to identify any patterns that warrant intervention. Provider Agency use of GER in Therap is required as follows:

1. DD Waiver Provider Agencies approved to provide Customized In-Home Supports, Family Living, IMLS, Supported Living, Customized Community Supports, Community Integrated Employment, Adult Nursing and Case Management must use GER in the Therap system.

2. DD Waiver Provider Agencies referenced above are responsible for entering specified information into the GER section of the secure website operated under contract by Therap according to the GER Reporting Requirements in Appendix B GER Requirements.

3. At the Provider Agency’s discretion additional events, which are not required by DDSD, may also be tracked within the GER section of Therap.

4. GER does not replace a Provider Agency’s obligations to report ANE or other reportable incidents as described in Chapter 18: Incident Management System.

Based on record review, the Agency did not follow the General Events Reporting requirements as indicated by the policy for 6 of 11 individuals.

The following General Events Reporting records contained evidence that indicated the General Events Report was not entered and / or approved within the required timeframe:

Individual #2
- General Events Report (GER) indicates on 12/29/2017 the Individual fell and was transported to the emergency room (Hospital). GER was approved on 1/4/2018.

Individual #3
- General Events Report (GER) indicates on 11/2/2017 the Individual lost her balance and fell (Fall without Injury). GER was approved on 11/7/2017.
- General Events Report (GER) indicates on 11/29/2017 the Individual lost her balance and fell (Fall without Injury). GER was approved on 12/6/2017.
- General Events Report (GER) indicates on 12/5/2017 the Individual was taken to urgent care (Hospital). GER was approved on 12/11/2017.
- General Events Report (GER) indicates on 12/8/2017 the Individual slipped and fell on the bathroom rug (Fall without Injury). GER was approved on 12/12/2017.

Provider:
State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): →

Provider:
Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →
5. GER does not replace a Provider Agency’s obligations related to healthcare coordination, modifications to the ISP, or any other risk management and QI activities.

**Appendix B GER Requirements:** DDSD is pleased to introduce the revised General Events Reporting (GER) requirements. There are two important changes related to medication error reporting:

1. **Effective immediately,** DDSD requires ALL medication errors be entered into Therap GER with the exception of those required to be reported to Division of Health Improvement- Incident Management Bureau.
2. No alternative methods for reporting are permitted.

**The following events need to be reported in the Therap GER:**

<table>
<thead>
<tr>
<th>Entry Guidance: Provider Agencies must complete the following sections of the GER with detailed information: profile information,</th>
<th>General Events Report (GER) indicates on 8/7/2018 the Individual fell while trying to get her glasses off the table (Fall without Injury). GER was approved on 8/15/2018.</th>

as the Individual Quality Review (IQR) or other DOH review or oversight activities; and
d. recommendations made through a Healthcare Plan (HCP), including a Comprehensive Aspiration Risk Management Plan (CARMP), or another plan.

2. When the person/guardian disagrees with a recommendation or does not agree with the implementation of that recommendation, Provider Agencies follow the DCP and attend the meeting coordinated by the CM. During this meeting:
   a. Providers inform the person/guardian of the rationale for that recommendation, so that the benefit is made clear. This will be done in layman’s terms and will include basic sharing of information designed to assist the person/guardian with understanding the risks and benefits of the recommendation.
   b. The information will be focused on the specific area of concern by the person/guardian. Alternatives should be presented, when available, if the guardian is interested in considering other options for implementation.
   c. Providers support the person/guardian to make an informed decision.
   d. The decision made by the person/guardian during the meeting is accepted; plans are modified; and the IDT honors this health decision in every setting.

Chapter 20: Provider Documentation and Client Records: 20.2 Client Records

completed on 7/16/2017. Follow-up was to be completed in 1 year. No evidence of follow-up found. (Note: Exam scheduled for 11/6/2018)

PCP Follow-up:
- Individual #11 - As indicated by collateral documentation reviewed, exam was completed on 7/16/2018. Follow-up was to be completed in 3 months. No evidence of follow-up found.

Chapter 20: Provider Documentation and Client Records: 20.2 Client Records
**Requirements:** All DD Waiver Provider Agencies are required to create and maintain individual client records. The contents of client records vary depending on the unique needs of the person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the location of the file, the type of service being provided, and the information necessary.

DD Waiver Provider Agencies are required to adhere to the following:

1. Client records must contain all documents essential to the service being provided and essential to ensuring the health and safety of the person during the provision of the service.
2. Provider Agencies must have readily accessible records in home and community settings in paper or electronic form. Secure access to electronic records through the Therap web-based system using computers or mobile devices is acceptable.
3. Provider Agencies are responsible for ensuring that all plans created by nurses, RDs, therapists or BSCs are present in all needed settings.
4. Provider Agencies must maintain records of all documents produced by agency personnel or contractors on behalf of each person, including any routine notes or data, annual assessments, semi-annual reports, evidence of training provided/received, progress notes, and any other interactions for which billing is generated.
5. Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency.
6. The current Client File Matrix found in
Appendix A Client File Matrix details the minimum requirements for records to be stored in agency office files, the delivery site, or with DSP while providing services in the community.

7. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal from services.

20.5.3 **Health Passport and Physician Consultation Form:** All Primary and Secondary Provider Agencies must use the *Health Passport* and *Physician Consultation* form from the Therap system. This standardized document contains individual, physician and emergency contact information, a complete list of current medical diagnoses, health and safety risk factors, allergies, and information regarding insurance, guardianship, and advance directives. The *Health Passport* also includes a standardized form to use at medical appointments called the *Physician Consultation* form. The *Physician Consultation* form contains a list of all current medications.

### Chapter 10: Living Care Arrangements (LCA)

#### Living Supports-Supported Living: 10.3.9.6.1 Monitoring and Supervision

4. Ensure and document the following:
   a. The person has a Primary Care Practitioner.
   b. The person receives an annual physical examination and other examinations as recommended by a Primary Care Practitioner or specialist.
   c. The person receives annual dental check-ups and other check-ups as
recommended by a licensed dentist.
d. The person receives a hearing test as recommended by a licensed audiologist.
e. The person receives eye examinations as recommended by a licensed optometrist or ophthalmologist.

5. Agency activities occur as required for follow-up activities to medical appointments (e.g. treatment, visits to specialists, and changes in medication or daily routine).

10.3.10.1 Living Care Arrangements (LCA) Living Supports-IMLS:
10.3.10.2 General Requirements: 9. Medical services must be ensured (i.e., ensure each person has a licensed Primary Care Practitioner and receives an annual physical examination, specialty medical care as needed, and annual dental checkup by a licensed dentist).

Chapter 13 Nursing Services: 13.2.3 General Requirements:
1. Each person has a licensed primary care practitioner and receives an annual physical examination and specialty medical/dental care as needed. Nurses communicate with these providers to share current health information.

Chapter 6 (CCS) 3. Agency Requirements:
G. Consumer Records Policy: All Provider Agencies shall maintain at the administrative office a confidential case file for each individual.
Provider agency case files for individuals are required to comply with the DDSD Individual Case File Matrix policy.

**Chapter 7 (CIHS) 3. Agency Requirements:**
**E. Consumer Records Policy:** All Provider Agencies must maintain at the administrative office a confidential case file for each individual. Provider agency case files for individuals are required to comply with the DDSD Individual Case File Matrix policy.

**Chapter 11 (FL) 3. Agency Requirements:**
**D. Consumer Records Policy:** All Family Living Provider Agencies must maintain at the administrative office a confidential case file for each individual. Provider agency case files for individuals are required to comply with the DDSD Individual Case File Matrix policy.

**DEVELOPMENTAL DISABILITIES SUPPORTS DIVISION (DDSD): Director’s Release:**
**Consumer Record Requirements eff. 11/1/2012**
**III. Requirement Amendments(s) or Clarifications:**
A. All case management, living supports, customized in-home supports, community integrated employment and customized community supports providers must maintain records for individuals served through DD Waiver in accordance with the Individual Case File Matrix incorporated in this director’s release.

H. Readily accessible electronic records are accessible, including those stored through the Therap web-based system.
### 22.2 QI Plan and Key Performance Indicators (KPI)

Findings from a discovery process should result in a QI plan. The QI plan is used by an agency to continually determine whether the agency is performing within program requirements, achieving goals, and identifying opportunities for improvement. The QI plan based on record review, interview and observation, the Agency did not maintain or implement a Quality Improvement System (QIS), as required by standards.

- Review of the findings identified during the on-site survey (October 19 – 25, 2019) and as reflected in this report of findings, the Agency had multiple deficiencies noted, including Conditions of Participation out of compliance, which indicates the QI plan provided by the Agency was not being used to successfully identify and improve systems within the agency.

#### Provider:

- State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): →

- Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →
describes the processes that the Provider Agency uses in each phase of the QIS: discovery, remediation, and sustained improvement. It describes the frequency of data collection, the source and types of data gathered, as well as the methods used to analyze data and measure performance. The QI plan must describe how the data collected will be used to improve the delivery of services and must describe the methods used to evaluate whether implementation of improvements is working. The QI plan shall address, at minimum, three key performance indicators (KPI). The KPI are determined by DOH-DDSQI) on an annual basis or as determined necessary.

22.3 Implementing a QI Committee:
A QI committee must convene on at least a quarterly basis and more frequently if needed. The QI Committee convenes to review data; to identify any deficiencies, trends, patterns, or concerns; to remedy deficiencies; and to identify opportunities for QI. QI Committee meetings must be documented and include a review of at least the following:
1. Activities or processes related to discovery, i.e., monitoring and recording the findings;
2. The entities or individuals responsible for conducting the discovery/monitoring process;
3. The types of information used to measure performance;
4. The frequency with which performance is measured; and
5. The activities implemented to improve performance.

22.4 Preparation of an Annual Report:
The Provider Agency must complete an annual report based on the quality assurance (QA) activities and the QI Plan that the
agency has implemented during the year.
The annual report shall:
1. Be submitted to the DDSD PEU by February 15th of each calendar year.
2. Be kept on file at the agency, and made available to DOH, including DHI upon request.
3. Address the Provider Agency’s QA or compliance with at least the following:
   a. compliance with DDSD Training Requirements;
   b. compliance with reporting requirements, including reporting of ANE;
   c. timely submission of documentation for budget development and approval;
   d. presence and completeness of required documentation;
   e. compliance with CCHS, EAR, and Licensing requirements as applicable; and
   f. a summary of all corrective plans implemented over the last 24 months, demonstrating closure with any deficiencies or findings as well as ongoing compliance and sustainability. Corrective plans include but are not limited to:
      i. IQR findings;
      ii. CPA Plans related to ANE reporting;
      iii. POCs related to QMB compliance surveys; and
      iv. PIPs related to Regional Office Contract Management.
4. Address the Provider Agency QI with at least the following:
   a. data analysis related to the DDSD required KPI; and
   b. the five elements required to be discussed by the QI committee each
NMAC 7.1.14.8 INCIDENT MANAGEMENT SYSTEM REPORTING REQUIREMENTS FOR COMMUNITY-BASED SERVICE PROVIDERS:

F. Quality assurance/quality improvement program for community-based service providers: The community-based service provider shall establish and implement a quality improvement program for reviewing alleged complaints and incidents of abuse, neglect, or exploitation against them as a provider after the division's investigation is complete. The incident management program shall include written documentation of corrective actions taken. The community-based service provider shall take all reasonable steps to prevent further incidents. The community-based service provider shall provide the following internal monitoring and facilitating quality improvement program:

1. Community-based service providers shall have current abuse, neglect, and exploitation management policy and procedures in place that comply with the department's requirements;

2. Community-based service providers providing intellectual and developmental disabilities services must have a designated incident management coordinator in place; and

3. Community-based service providers providing intellectual and developmental disabilities services must have an incident management committee to identify any deficiencies, trends, patterns, or concerns as well as opportunities for quality improvement, address internal and external incident reports for the purpose of examining internal root causes, and to take action on identified issues.

| Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Eff Date: 3/1/2018 Chapter 20: Provider Documentation and Client Records: 20.2 Client Records Requirements: All DD Waiver Provider Agencies are required to create and maintain individual client records. The contents of client records vary depending on the unique needs of the person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the | Based on record review, the Agency did not maintain the required documentation in the Individuals Agency Record as required by standard for 1 of 11 individuals served. Review of the administrative individual case files revealed the following items were not found, incomplete, and/or not current: 

**Nutritional Plan:** |
| Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): → |
location of the file, the type of service being provided, and the information necessary.

DD Waiver Provider Agencies are required to adhere to the following:
1. Client records must contain all documents essential to the service being provided and essential to ensuring the health and safety of the person during the provision of the service.
2. Provider Agencies must have readily accessible records in home and community settings in paper or electronic form. Secure access to electronic records through the Therap web-based system using computers or mobile devices is acceptable.
3. Provider Agencies are responsible for ensuring that all plans created by nurses, RDs, therapists or BSCs are present in all needed settings.
4. Provider Agencies must maintain records of all documents produced by agency personnel or contractors on behalf of each person, including any routine notes or data, annual assessments, semi-annual reports, evidence of training provided/received, progress notes, and any other interactions for which billing is generated.
5. Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency.
6. The current Client File Matrix found in Appendix A Client File Matrix details the minimum requirements for records to be stored in agency office files, the delivery site, or with DSP while providing services in the community.
7. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider

- Individual #2 - As indicated by the IST section of ISP the individual is required to have a plan.

agreement, or upon provider withdrawal from services.

**Chapter 3 Safeguards: 3.1.1 Decision Consultation Process (DCP):** Health decisions are the sole domain of waiver participants, their guardians or healthcare decision makers. Participants and their healthcare decision makers can confidently make decisions that are compatible with their personal and cultural values. Provider Agencies are required to support the informed decision making of waiver participants by supporting access to medical consultation, information, and other available resources according to the following:

2. The DCP is used when a person or his/her guardian/healthcare decision maker has concerns, needs more information about health-related issues, or has decided not to follow all or part of an order, recommendation, or suggestion. This includes, but is not limited to:

   a. medical orders or recommendations from the Primary Care Practitioner, Specialists or other licensed medical or healthcare practitioners such as a Nurse Practitioner (NP or CNP), Physician Assistant (PA) or Dentist;

   b. clinical recommendations made by registered/licensed clinicians who are either members of the IDT or clinicians who have performed an evaluation such as a video-fluoroscopy;

   c. health related recommendations or suggestions from oversight activities such as the Individual Quality Review (IQR) or other DOH review or oversight activities; and

   d. recommendations made through a Healthcare Plan (HCP), including a Comprehensive Aspiration Risk
Management Plan (CARMP), or another plan.

2. When the person/guardian disagrees with a recommendation or does not agree with the implementation of that recommendation, Provider Agencies follow the DCP and attend the meeting coordinated by the CM. During this meeting:
   a. Providers inform the person/guardian of the rationale for that recommendation, so that the benefit is made clear. This will be done in layman’s terms and will include basic sharing of information designed to assist the person/guardian with understanding the risks and benefits of the recommendation.
   b. The information will be focused on the specific area of concern by the person/guardian. Alternatives should be presented, when available, if the guardian is interested in considering other options for implementation.
   c. Providers support the person/guardian to make an informed decision.
   d. The decision made by the person/guardian during the meeting is accepted; plans are modified; and the IDT honors this health decision in every setting.

Chapter 13 Nursing Services:
13.2.5 Electronic Nursing Assessment and Planning Process: The nursing assessment process includes several DDSD mandated tools: the electronic Comprehensive Nursing Assessment Tool (e-CHAT), the Aspiration Risk Screening Tool (ARST) and the Medication Administration Assessment Tool (MAAT) . This process includes developing and training Health
Care Plans and Medical Emergency Response Plans.
The following hierarchy is based on budgeted services and is used to identify which Provider Agency nurse has primary responsibility for completion of the nursing assessment process and related subsequent planning and training. Additional communication and collaboration for planning specific to CCS or CIE services may be needed.
The hierarchy for Nursing Assessment and Planning responsibilities is:
1. Living Supports: Supported Living, IMLS or Family Living via ANS;
2. Customized Community Supports - Group; and
3. Adult Nursing Services (ANS):
   a. for persons in Community Inclusion with health-related needs; or
   b. if no residential services are budgeted but assessment is desired and health needs may exist.

13.2.6 The Electronic Comprehensive Health Assessment Tool (e-CHAT)
1. The e-CHAT is a nursing assessment. It may not be delegated by a licensed nurse to a non-licensed person.
2. The nurse must see the person face-to-face to complete the nursing assessment. Additional information may be gathered from members of the IDT and other sources.
3. An e-CHAT is required for persons in FL, SL, IMLS, or CCS-Group. All other DD Waiver recipients may obtain an e-CHAT if needed or desired by adding ANS hours for assessment and consultation to their budget.
4. When completing the e-CHAT, the nurse is required to review and update the electronic record and consider the diagnoses,
medications, treatments, and overall status of the person. Discussion with others may be needed to obtain critical information.

5. The nurse is required to complete all the e-CHAT assessment questions and add additional pertinent information in all comment sections.

### 13.2.7 Aspiration Risk Management Screening Tool (ARST)

### 13.2.8 Medication Administration Assessment Tool (MAAT):

1. A licensed nurse completes the DDSD Medication Administration Assessment Tool (MAAT) at least two weeks before the annual ISP meeting.
2. After completion of the MAAT, the nurse will present recommendations regarding the level of assistance with medication delivery (AWMD) to the IDT. A copy of the MAAT will be sent to all the team members two weeks before the annual ISP meeting and the original MAAT will be retained in the Provider Agency records.
3. Decisions about medication delivery are made by the IDT to promote a person’s maximum independence and community integration. The IDT will reach consensus regarding which criteria the person meets, as indicated by the results of the MAAT and the nursing recommendations, and the decision is documented in the ISP.

### 13.2.9 Healthcare Plans (HCP):

1. At the nurse’s discretion, based on prudent nursing practice, interim HCPs may be developed to address issues that must be implemented immediately after admission, readmission or change of medical condition to
provide safe services prior to completion of the e-CHAT and formal care planning process. This includes interim ARM plans for those persons newly identified at moderate or high risk for aspiration. All interim plans must be removed if the plan is no longer needed or when final HCP including CARMPs are in place to avoid duplication of plans.

2. In collaboration with the IDT, the agency nurse is required to create HCPs that address all the areas identified as required in the most current e-CHAT summary report which is indicated by “R” in the HCP column. At the nurse’s sole discretion, based on prudent nursing practice, HCPs may be combined where clinically appropriate. The nurse should use nursing judgment to determine whether to also include HCPs for any of the areas indicated by “C” on the e-CHAT summary report. The nurse may also create other HCPs plans that the nurse determines are warranted.

13.2.10 Medical Emergency Response Plan (MERP):
1. The agency nurse is required to develop a Medical Emergency Response Plan (MERP) for all conditions marked with an “R” in the e-CHAT summary report. The agency nurse should use her/his clinical judgment and input from the Interdisciplinary Team (IDT) to determine whether shown as “C” in the e-CHAT summary report or other conditions also warrant a MERP.

2. MERPs are required for persons who have one or more conditions or illnesses that present a likely potential to become a life-threatening situation.

Chapter 20: Provider Documentation and Client Records: 20.5.3 Health Passport and Physician Consultation Form: All Primary and
Secondary Provider Agencies must use the Health Passport and Physician Consultation form from the Therap system. This standardized document contains individual, physician and emergency contact information, a complete list of current medical diagnoses, health and safety risk factors, allergies, and information regarding insurance, guardianship, and advance directives. The Health Passport also includes a standardized form to use at medical appointments called the Physician Consultation form.

**Chapter 6 (CCS) 2. Service Requirements. E.**
The agency nurse(s) for Customized Community Supports providers must provide the following services: 1. Implementation of pertinent PCP orders; ongoing oversight and monitoring of the individual’s health status and medically related supports when receiving this service;

**3. Agency Requirements: Consumer Records Policy:** All Provider Agencies shall maintain at the administrative office a confidential case file for each individual. Provider agency case files for individuals are required to comply with the DDSD Individual Case File Matrix policy.

**Chapter 7 (CIHS) 3. Agency Requirements: E. Consumer Records Policy:** All Provider Agencies must maintain at the administrative office a confidential case file for each individual. Provider agency case files for individuals are required to comply with the DDSD Individual Case File Matrix policy.

**Chapter 11 (FL) 3. Agency Requirements: D. Consumer Records Policy:** All Family Living Provider Agencies must maintain at the
administrative office a confidential case file for each individual. Provider agency case files for individuals are required to comply with the DDSD Individual Case File Matrix policy.

I. Health Care Requirements for Family Living: 5. A nurse employed or contracted by the Family Living Supports provider must complete the e-CHAT, the Aspiration Risk Screening Tool, (ARST), and the Medication Administration Assessment Tool (MAAT) and any other assessments deemed appropriate on at least an annual basis for each individual served, upon significant change of clinical condition and upon return from any hospitalizations. In addition, the MAAT must be updated for any significant change of medication regime, change of route that requires delivery by licensed or certified staff, or when an individual has completed training designed to improve their skills to support self-administration.

a. For newly-allocated or admitted individuals, assessments are required to be completed within three (3) business days of admission or two (2) weeks following the initial ISP meeting, whichever comes first.

b. For individuals already in services, the required assessments are to be completed no more than forty-five (45) calendar days and at least fourteen (14) calendar days prior to the annual ISP meeting.

c. Assessments must be updated within three (3) business days following any significant change of clinical condition and within three (3) business days following return from hospitalization.
d. Other nursing assessments conducted to determine current health status or to evaluate a change in clinical condition must be documented in a signed progress note that includes time and date as well as subjective information including the individual complaints, signs and symptoms noted by staff, family members or other team members; objective information including vital signs, physical examination, weight, and other pertinent data for the given situation (e.g., seizure frequency, method in which temperature taken); assessment of the clinical status, and plan of action addressing relevant aspects of all active health problems and follow up on any recommendations of medical consultants.

e. Develop any urgently needed interim Healthcare Plans or MERPs per DDSD policy pending authorization of ongoing Adult Nursing services as indicated by health status and individual/guardian choice.

1. Prescription drugs will be stored in a locked cabinet and the key will be in the care of the administrator or designee.
2. Drugs to be taken by mouth will be separate from all other dosage forms.
3. A locked compartment will be available in the refrigerator for those items labeled “Keep in Refrigerator.” The temperature will be kept in the 36°F - 46°F range. An accurate thermometer will be kept in the refrigerator to verify temperature.
4. Separate compartments are required for each resident's medication.
5. All medication will be stored according to their individual requirements or in the absence of temperature and humidity requirements, controlled room temperature (68-77°F) and protected from light. Storage requirements are in effect 24 hours a day.
6. Medication no longer in use, unwanted, outdated, or adulterated will be placed in a quarantine area in the locked medication cabinet and held for destruction by the consultant pharmacist.

8. References
A. Adequate drug references shall be available for facility staff

H. Controlled Substances (Perpetual Count Requirement)
1. Separate accountability or proof-of-use sheets shall be maintained, for each controlled substance, indicating the following information:
   a. date
   b. time administered
   c. name of patient
   d. dose
   e. practitioner’s name

Observation included:

Individual #2
- Ketoconazole Cream 2% is topical and was not kept separate from all other dosage forms.
- Fluticasone Propionate nasal spray 50mcg was not kept separate from all other dosage forms.

Individual #10
- Triamcinolone Cream 0.1% is topical and was not kept separate from all other dosage forms.
f. signature of person administering or assisting with the administration the dose  
g. balance of controlled substance remaining.

**NMAC 16.19.11 DRUG CONTROL**

(a) All state and federal laws relating to storage, administration and disposal of controlled substances and dangerous drugs shall be complied with.

(b) Separate sheets shall be maintained for controlled substances records indicating the following information for each type and strength of controlled substances: date, time administered, name of patient, dose, physician’s name, signature of person administering dose, and balance of controlled substance in the container.

(c) All drugs shall be stored in locked cabinets, locked drug rooms, or state of the art locked medication carts.

(d) Medication requiring refrigeration shall be kept in a secure locked area of the refrigerator or in the locked drug room.

(e) All refrigerated medications will be kept in separate refrigerator or compartment from food items.

(f) Medications for each patient shall be kept and stored in their originally received containers, and stored in separate compartments. Transfer between containers is forbidden, waiver shall be allowed for oversize containers and controlled substances at the discretion of the drug inspector.

(g) Prescription medications for external use shall be kept in a locked cabinet separate from other medications.

(h) No drug samples shall be stocked in the licensed facility.

(i) All drugs shall be properly labeled with the following information:

Chapter 10: Living Care Arrangements (LCA)

10.3.6 Requirements for Each Residence:
Provider Agencies must assure that each residence is clean, safe, and comfortable, and each residence accommodates individual daily living, social and leisure activities. In addition, the Provider Agency must ensure the residence:
1. has basic utilities, i.e., gas, power, water, and telephone;
2. has a battery operated or electric smoke detectors or a sprinkler system, carbon monoxide detectors, and fire extinguisher;
3. has a general-purpose first aid kit;
4. has accessible written documentation of evacuation drills occurring at least three times a year overall, one time a year for each shift;
5. has water temperature that does not exceed a safe temperature (110°F);
6. has safe storage of all medications with dispensing instructions for each person that are consistent with the Assistance with Medication (AWMD) training or each person’s ISP;
7. has an emergency placement plan for relocation of people in the event of an emergency evacuation that makes the residence unsuitable for occupancy;
8. has emergency evacuation procedures that address, but are not limited to, fire, chemical and/or hazardous waste spills, and flooding;
9. supports environmental modifications and assistive technology devices, including modifications to the bathroom (i.e., shower chairs, grab bars, walk in shower, raised toilets, etc.) based on the unique needs of the individual in consultation with the IDT;
10. has or arranges for necessary equipment for bathing and transfers to support health and

Based on observation, the Agency did not ensure that each individuals’ residence met all requirements within the standard for 3 of 7 Living Care Arrangement residences.

Review of the residential records and observation of the residence revealed the following items were not found, not functioning or incomplete:

Family Living Requirements:
- Carbon monoxide detectors (#2, 3)
- General-purpose first aid kit (#2)
- Emergency evacuation procedures that address, but are not limited to, fire, chemical and/or hazardous waste spills, and flooding (#3)
- Emergency placement plan for relocation of people in the event of an emergency evacuation that makes the residence unsuitable for occupancy (#2, 8)

safety with consultation from therapists as needed;
11. has the phone number for poison control within line of site of the telephone;
12. has general household appliances, and kitchen and dining utensils;
13. has proper food storage and cleaning supplies;
14. has adequate food for three meals a day and individual preferences; and
15. has at least two bathrooms for residences with more than two residents.

CHAPTER 11 (FL) Living Supports – Family Living Agency Requirements G. Residence Requirements for Living Supports- Family Living Services: 1. Family Living Services providers must assure that each individual’s residence is maintained to be clean, safe and comfortable and accommodates the individuals’ daily living, social and leisure activities. In addition, the residence must:

a. Maintain basic utilities, i.e., gas, power, water and telephone;

b. Provide environmental accommodations and assistive technology devices in the residence including modifications to the bathroom (i.e., shower chairs, grab bars, walk in shower, raised toilets, etc.) based on the unique needs of the individual in consultation with the IDT;

c. Have a battery operated or electric smoke detectors, carbon monoxide detectors, fire extinguisher, or a sprinkler system;

d. Have a general-purpose first aid kit;

e. Allow at a maximum of two (2) individuals to share, with mutual consent, a bedroom and
each individual has the right to have his or her own bed;
f. Have accessible written documentation of actual evacuation drills occurring at least three (3) times a year;
g. Have accessible written procedures for the safe storage of all medications with dispensing instructions for each individual that are consistent with the Assisting with Medication Delivery training or each individual’s ISP; and
h. Have accessible written procedures for emergency placement and relocation of individuals in the event of an emergency evacuation that makes the residence unsuitable for occupancy. The emergency evacuation procedures must address, but are not limited to, fire, chemical and/or hazardous waste spills, and flooding.

**Chapter 21: Billing Requirements: 21.4 Recording Keeping and Documentation Requirements:** DD Waiver Provider Agencies must maintain all records necessary to demonstrate proper provision of services for Medicaid billing. At a minimum, Provider Agencies must adhere to the following:

1. The level and type of service provided must be supported in the ISP and have an approved budget prior to service delivery and billing.
2. Comprehensive documentation of direct service delivery must include, at a minimum:
   a. the agency name;
   b. the name of the recipient of the service;
   c. the location of the service;
   d. the date of the service;
   e. the type of service;
   f. the start and end times of the service;
   g. the signature and title of each staff member who documents their time; and
   h. the nature of services.
3. A Provider Agency that receives payment for treatment, services, or goods must retain all medical and business records for a period of at least six years from the last payment date, until ongoing audits are settled, or until involvement of the state Attorney General is completed regarding settlement of any claim, whichever is longer.
4. A Provider Agency that receives payment for treatment, services, or goods must retain all medical and business records relating to any of the following for a period of at least six years:

**Individual #11**

**July 2018**

- The Agency billed 31 units of Family Living (T2033 HB) from 7/1/2018 through 7/31/2018. Documentation received accounted for 29.5 units.
- Documentation on 7/23/2018 did not include a description of what occurred during the encounter or service interval;
- Progress notes on 7/17/2018 did not document at least 12 hours of service in a 24-hour period in order to bill a complete unit;

**August 2018**

- The Agency billed 31 units of Family Living (T2033 HB) from 8/1/2018 through 8/31/2018. Documentation received accounted for 27 units.
- Documentation on 8/6 and 9, 2018 did not include a description of what occurred during the encounter or service interval;
- Progress notes on 8/20, 23, 24 and 27, 2018 did not document at least 12 hours of service in a 24-hour period in order to bill a complete unit.

**Provider:**

State your Plan of Correction for the deficiencies cited in this tag here *(How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?)*: →

from the payment date:
   a. treatment or care of any eligible recipient;
   b. services or goods provided to any eligible recipient;
   c. amounts paid by MAD on behalf of any eligible recipient; and
   d. any records required by MAD for the administration of Medicaid.

21.9 Billable Units: The unit of billing depends on the service type. The unit may be a 15-minute interval, a daily unit, a monthly unit or a dollar amount. The unit of billing is identified in the current DD Waiver Rate Table. Provider Agencies must correctly report service units.

21.9.1 Requirements for Daily Units: For services billed in daily units, Provider Agencies must adhere to the following:
1. A day is considered 24 hours from midnight to midnight.
2. If 12 or fewer hours of service are provided, then one-half unit shall be billed. A whole unit can be billed if more than 12 hours of service is provided during a 24-hour period.
3. The maximum allowable billable units cannot exceed 340 calendar days per ISP year or 170 calendar days per six months.
4. When a person transitions from one Provider Agency to another during the ISP year, a standard formula to calculate the units billed by each Provider Agency must be applied as follows:
   a. The discharging Provider Agency bills the number of calendar days that services were provided multiplied by .93 (93%).
   b. The receiving Provider Agency bills the remaining days up to 340 for the ISP year.
21.9.2 Requirements for Monthly Units: For services billed in monthly units, a Provider Agency must adhere to the following:
1. A month is considered a period of 30 calendar days.
2. At least one hour of face-to-face billable services shall be provided during a calendar month where any portion of a monthly unit is billed.
3. Monthly units can be prorated by a half unit.
4. Agency transfers not occurring at the beginning of the 30-day interval are required to be coordinated in the middle of the 30-day interval so that the discharging and receiving agency receive a half unit.

21.9.3 Requirements for 15-minute and hourly units: For services billed in 15-minute or hourly intervals, Provider Agencies must adhere to the following:
1. When time spent providing the service is not exactly 15 minutes or one hour, Provider Agencies are responsible for reporting time correctly following NMAC 8.302.2.
2. Services that last in their entirety less than eight minutes cannot be billed.

CHAPTER 11 (FL) 5. REIMBURSEMENT
A. Family Living Services Provider Agencies must maintain all records necessary to fully disclose the type, quality, quantity and clinical necessity of services furnished to individuals who are currently receiving services. The Family Living Services Provider Agency records must be sufficiently detailed to substantiate the date, time, individual name, servicing provider,
nature of services, and length of a session of service billed. Providers are required to comply with the New Mexico Human Services Department Billing Regulations

1. From the payments received for Family Living services, the Family Living Agency must:

   a. Provide a minimum payment to the contracted primary caregiver of $2,051 per month; and

   b. Provide or arrange up to seven hundred fifty (750) hours of substitute care as sick leave or relief for the primary caregiver. Under no circumstances can the Family Living Provider agency limit how these hours will be used over the course of the ISP year. It is not allowed to limit the number of substitute care hours used in a given time period, other than an ISP year.

B. Billable Units:
1. The billable unit for Family Living is based on a daily rate. A day is considered 24 hours from midnight to midnight. If 12 or less hours of service, are provided then one half unit shall be billed. A whole unit can be billed if more than 12 hours of service is provided during a 24 hour period.
2. The maximum allowable billable units cannot exceed three hundred forty (340) days per ISP year or one hundred seventy (170) days per six (6) months.

Dear Mr. Barkley and Ms. Arp:

The Division of Health Improvement Quality Management Bureau received and reviewed the documents you submitted for your Plan of Correction. Your Plan of Correction is not closed.

**Your Plan of Correction will be considered for closure when a Verification survey confirms that you have corrected all survey deficiencies and sustained all corrections.**

The Quality Management Bureau will need to conduct a verification survey to ensure previously cited deficiencies have been corrected and that systemic Quality Improvement and Quality Assurance processes have been effective at sustaining corrections.

If the Verification survey determines survey deficiencies have been corrected and corrective measures have effectively maintained compliance with DDW Standards, your Plan of Correction will be considered for closure.

If the Verification survey identifies repeat deficiencies, the Plan of Correction process will continue and your case may be referred to the Internal Review Committee for discussion of possible civil monetary penalties possible monetary fines and/or other sanctions.

Thank you for your cooperation with the Plan of Correction process.
Sincerely,

Amanda Castañeda
Health Program Manager/Plan of Correction Coordinator
Quality Management Bureau/DHI
