Dear Mr. Kesatie;

The Division of Health Improvement/Quality Management Bureau has completed a Verification survey of the services identified above. The purpose of the survey was to determine compliance with your Plan of Correction submitted to DHI regarding the Routine Survey on May 3 – 13, 2021.

**Determination of Compliance:**
The Division of Health Improvement, Quality Management Bureau has determined your agency is now in:

**Partial Compliance with Standard Level Tags and Conditions of Participation Level Tags:**
This determination is based on noncompliance with one to five (1 – 5) Condition of Participation Level Tags *(refer to Attachment D for details)*. The attached QMB Report of Findings indicates Standard Level and Condition of Participation Level deficiencies identified and requires completion and implementation of a Plan of Correction.

The following tags are identified as Condition of Participation Level:
- Tag # 1A09 Medication Delivery Routine Medication Administration *(New / Repeat Findings)*
- Tag # 1A09.1 Medication Delivery PRN Medication Administration *(New / Repeat Findings)*

The following tags are identified as Standard Level:

---

**DIVISION OF HEALTH IMPROVEMENT**
5301 Central Avenue NE, Suite 400 • Albuquerque, New Mexico • 87108
(505) 222-8623 • FAX: (505) 222-8661 • [https://nmhealth.org/about/dhi](https://nmhealth.org/about/dhi)
• Tag # 1A09.0 Medication Delivery Routine Medication Administration (New / Repeat Findings)
• Tag # 1A09.1.0 Medication Delivery PRN Medication Administration (New Findings)

However, due to the new/repeat deficiencies your agency may be referred to the Internal Review Committee (IRC). Your agency will also be required to contact your DDSD Regional Office for technical assistance and follow up and complete the Plan of Correction document attached at the end of this report. Please respond to the Plan of Correction Coordinator within 10 business days of receipt of this letter.

Plan of Correction:
The attached Report of Findings identifies the new/repeat Standard Level deficiencies found during your agency’s verification compliance review. You are required to complete and implement a Plan of Correction. Your agency has a total of 10 business days from the receipt of this letter. The Plan of Correction must include the following:

1. Evidence your agency has contacted your DDSD Regional Office for technical assistance;
2. A Plan of Correction detailing Quality Assurance/Quality Improvement processes to prevent your agency from receiving deficiencies in the future. Please use the format provided at the end of this report;
3. Documentation verifying that newly cited deficiencies have been corrected.

Submission of your Plan of Correction:
Please submit your agency’s Plan of Correction and documentation verifying correction of survey deficiencies within 10 business days of receipt of this letter to the parties below:

1. Quality Management Bureau, Attention: Plan of Correction Coordinator
   5301 Central Ave. NE Suite 400, New Mexico 87108
   MonicaE.Valdez@state.nm.us

2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Failure to submit your POC within the allotted 10 business days may result in the imposition of a $200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

Please contact the Plan of Correction Coordinator, Monica Valdez at 505-273-1930 or email at: MonicaE.Valdez@state.nm.us if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely,

Kayla R. Benally, BSW

Department of Health, Division of Health Improvement
QMB Determination of Compliance Process

The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and other state and federal regulations. For the purpose of the LCA / CI survey the CMS waiver assurances have been grouped into four (4) Service Domains: Plan of Care (ISP Implementation); Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency’s operational policies and procedures, Quality Assurance system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified during the on-site survey process and as reported in the QMB Report of Findings. All areas reviewed by QMB have been agreed to by DDSD and DHI/QMB and are reflective of CMS requirements. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Each deficiency in your Report of Findings has been predetermined to be a Standard Level Deficiency, a Condition of Participation Level Deficiency, if below 85% compliance or a non-negotiable Condition of Participation Level Deficiency. Your Agency’s overall Compliance Determination is based on a Scope and Severity Scale which takes into account the number of Standard and Condition Level Tags cited as well as the percentage of Individuals affected in the sample.

Conditions of Participation (CoPs)

CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances, in addition to the New Mexico Developmental Disability Waiver (DDW) Service Standards. The Division of Health Improvement (DHI), in conjunction with the Developmental Disability Support Division (DDSD), has identified certain deficiencies that have the potential to be a Condition of Participation Level, if the tag falls below 85% compliance based on the number of people affected. Additionally, there are what are called non-negotiable Conditions of Participation, regardless if one person or multiple people are affected. In this context, a CoP is defined as an essential / fundamental regulation or standard, which when out of compliance directly affects the health and welfare of the Individuals served. If no deficiencies within a Tag are at the level of a CoP, it is cited as a Standard Level Deficiency.

Service Domains and CoPs for Living Care Arrangements and Community Inclusion are as follows:

Service Domain: Service Plan: ISP Implementation - Services are delivered in accordance with the service plan, including type, scope, amount, duration and frequency specified in the service plan.

- Potential Condition of Participation Level Tags, if compliance is below 85%:
  - 1A08.3 – Administrative Case File: Individual Service Plan / ISP Components
  - 1A32 – Administrative Case File: Individual Service Plan Implementation
  - LS14 – Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
  - IS14 – CCS / CIES Service Delivery Site Case File (ISP and Healthcare Requirements)

Service Domain: Qualified Providers - The State monitors non-licensed/non-certified providers to assure adherence to waiver requirements. The State implements its policies and procedures for verifying that provider training is conducted in accordance with State requirements and the approved waiver.

- Potential Condition of Participation Level Tags, if compliance is below 85%:
  - 1A20 - Direct Support Personnel Training
  - 1A22 - Agency Personnel Competency
  - 1A37 – Individual Specific Training

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):
- 1A25.1 – Caregiver Criminal History Screening
- 1A26.1 – Consolidated On-line Registry Employee Abuse Registry

**Service Domain: Health, Welfare and Safety** - The State, on an ongoing basis, identifies, addresses and seeks to prevent occurrences of abuse, neglect and exploitation. Individuals shall be afforded their basic human rights. The provider supports individuals to access needed healthcare services in a timely manner.

Potential Condition of Participation Level Tags, if compliance is below 85%:
- 1A08.2 – Administrative Case File: Healthcare Requirements & Follow-up
- 1A09 – Medication Delivery Routine Medication Administration
- 1A09.1 – Medication Delivery PRN Medication Administration
- 1A15.2 – Administrative Case File: Healthcare Documentation (Therap and Required Plans)

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):
- 1A05 – General Requirements / Agency Policy and Procedure Requirements
- 1A07 – Social Security Income (SSI) Payments
- 1A09.2 – Medication Delivery Nurse Approval for PRN Medication
- 1A15 – Healthcare Coordination - Nurse Availability / Knowledge
- 1A31 – Client Rights/Human Rights
- LS25.1 – Residential Reqs. (Physical Environment - Supported Living / Family Living / Intensive Medical Living)
Attachment C

Guidelines for the Provider
Informal Reconsideration of Finding (IRF) Process

Introduction:
Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated “Document Request,” or “Administrative Needs,” etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

Instructions:
1. The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Bureau Chief within 10 business days of receipt of the final Report of Findings (Note: No extensions are granted for the IRF).
2. The written request for an IRF must be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: https://nmhealth.org/about/dhi/cbp/irf/
3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
4. The IRF request must include all supporting documentation or evidence.
5. If you have questions about the IRF process, email the IRF Chairperson, Valerie V. Valdez at valerie.valdez@state.nm.us for assistance.

The following limitations apply to the IRF process:
- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process.
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request; the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. **Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status.** If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.
QMB Determinations of Compliance

Compliance:

The QMB determination of Compliance indicates that a provider has either no deficiencies found during a survey or that no deficiencies at the Condition of Participation Level were found. The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals’ health and safety. To qualify for a determination of Compliance, the provider must have received no Conditions of Participation Level Deficiencies and have a minimal number of Individuals on the sample affected by the findings indicated in the Standards Level Tags.

Partial-Compliance with Standard Level Tags:

The QMB determination of Partial-Compliance with Standard Level Tags indicates that a provider is in compliance with all Condition of Participation Level deficiencies but is out of compliance with a certain percentage of Standard Level deficiencies. This partial-compliance, if not corrected, may result in a negative outcome or the potential for more than minimal harm to individuals’ health and safety. There are two ways to receive a determination of Partial Compliance with Standard Level Tags:

1. Your Report of Findings includes 16 or fewer Standards Level Tags with between 75% and 100% of the survey sample affected in any tag.
2. Your Report of Findings includes 17 or more Standard Level Tags with between 50% to 74% of the survey sample affected in any tag.

Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags:

The QMB determination of Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags indicates that a provider is out of compliance with one to five (1 – 5) Condition of Participation Level Tags. This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals’ health and safety.

Non-Compliance:

The QMB determination of Non-Compliance indicates a provider is significantly out of compliance with both Standard Level deficiencies and Conditions of Participation level deficiencies. This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals’ health and safety. There are three ways an agency can receive a determination of Non-Compliance:

1. Your Report of Findings includes 17 or more total Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any Condition of Participation Level tag.
2. Your Report of Findings includes any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags.

Chapter 20: Provider Documentation and Client Records 20.6 Medication Administration Record (MAR): A current Medication Administration Record (MAR) must be maintained in all settings where medications or treatments are delivered. Family Living Providers may opt not to use MARs if they are the sole provider who supports the person with medications or treatments. However, if there are services provided by unrelated DSP, ANS for Medication Oversight must be budgeted, and a MAR must be created and used by the DSP. Primary and Secondary Provider Agencies are responsible for:  
1. Creating and maintaining either an electronic or paper MAR in their service setting. Provider Agencies may use the MAR in Therap, but are not mandated to do so.  
2. Continually communicating any changes about medications and treatments between Provider Agencies to assure health and safety.  
7. Including the following on the MAR:  
   a. The name of the person, a transcription of the physician’s or licensed health care provider’s orders including the brand and generic names for all ordered routine and PRN medications or treatments, and the | After an analysis of the evidence it has been determined there is a significant potential for a negative outcome to occur.  
Medication Administration Records (MAR) were reviewed for the month of April 2021.  
Based on record review, 3 of 6 individuals had Medication Administration Records (MAR), which contained missing medications entries and/or other errors:  
Individual #5 April 2021  
Medication Administration Records contain the following medications. No Physician’s Orders were found for the following medications:  
- Citalopram 20 mg (1 time daily)  
- Divalproex 250 mg (1 time daily)  
- Fiber 2 cup (1 time daily)  
- Fish Oil (1 time daily)  
- Lorazepam 0.5 mg (1 time daily)  
- Magnesium 400 mg (1 time daily) | New/Repeat Findings:  
After an analysis of the evidence it has been determined there is a significant potential for a negative outcome to occur.  
Medication Administration Records (MAR) were reviewed for the month of August 2021.  
Based on record review, 2 of 6 individuals had Medication Administration Records (MAR), which contained missing medications entries and/or other errors:  
Individual #5 August 2021  
As indicated by the Medication Administration Records the individual is to take Colace Stool Softener 100 mg (2 times daily). According to the Physician’s Orders, Colace Stool Softener 100 mg is to be taken as needed. Medication Administration Record and Physician’s Orders do not match  
As indicated by the Medication Administration Records the individual is to take Fiber 2 Capsules (1 time daily). According to the Physician’s Orders, Fiber is to be taken as needed. |
diagnoses for which the medications or treatments are prescribed;
b. The prescribed dosage, frequency and method or route of administration; times and dates of administration for all ordered routine or PRN prescriptions or treatments; over the counter (OTC) or “comfort” medications or treatments and all self-selected herbal or vitamin therapy;
c. Documentation of all time limited or discontinued medications or treatments;
d. The initials of the individual administering or assisting with the medication delivery and a signature page or electronic record that designates the full name corresponding to the initials;
e. Documentation of refused, missed, or held medications or treatments;
f. Documentation of any allergic reaction that occurred due to medication or treatments; and
g. For PRN medications or treatments:
   i. instructions for the use of the PRN medication or treatment which must include observable signs/symptoms or circumstances in which the medication or treatment is to be used and the number of doses that may be used in a 24-hour period;
   ii. clear documentation that the DSP contacted the agency nurse prior to assisting with the medication or treatment, unless the DSP is a Family Living Provider related by affinity of consanguinity; and
   iii. documentation of the effectiveness of the PRN medication or treatment.

Survey Report #: Q.22.1/DDW.D2601.1/5.VER.01.21.281
1. the processes identified in the DDSD AWMD training;
2. the nursing and DSP functions identified in the Chapter 13.3 Part 2- Adult Nursing Services;
3. all Board of Pharmacy regulations as noted in Chapter 16.5 Board of Pharmacy; and
4. documentation requirements in a Medication Administration Record (MAR) as described in Chapter 20.6 Medication Administration Record (MAR).

**NMAC 16.19.11.8 MINIMUM STANDARDS:**
A. MINIMUM STANDARDS FOR THE DISTRIBUTION, STORAGE, HANDLING AND RECORD KEEPING OF DRUGS:
   (d) The facility shall have a Medication Administration Record (MAR) documenting medication administered to residents, including **over-the-counter medications**. This documentation shall include:
   (i) Name of resident;
   (ii) Date given;
   (iii) Drug product name;
   (iv) Dosage and form;
   (v) Strength of drug;
   (vi) Route of administration;
   (vii) How often medication is to be taken;
   (viii) Time taken and staff initials;
   (ix) Dates when the medication is discontinued or changed;
   (x) The name and initials of all staff administering medications.

Model Custodial Procedure Manual

*D. Administration of Drugs*

Unless otherwise stated by practitioner, patients will not be allowed to administer their own medications. Document the practitioner’s order authorizing the self-administration of medications.
All PRN (As needed) medications shall have complete detail instructions regarding the administering of the medication. This shall include:

- symptoms that indicate the use of the medication,
- exact dosage to be used, and
- the exact amount to be used in a 24-hour period.

Date: November 5, 2021

To: Bill Kesatie, Executive Director

Provider: Su Vida Services Incorporated
Address: 6715 Academy Rd, Suite B
State/Zip: Albuquerque, New Mexico 87109

E-mail Address: billkesatie@suvidaservices.com

Region: Metro & Northwest
Routine Survey: May 3 - 13, 2021
Verification Survey: September 13 - 22, 2021

Program Surveyed: Developmental Disabilities Waiver

Service Surveyed: 2018: Supported Living, Family Living, Customized In-Home Supports, Customized Community Supports

Survey Type: Verification

Dear Mr. Kesatie:

The Division of Health Improvement/Quality Management Bureau has received, reviewed and approved the supporting documents you submitted for your Plan of Correction. The documents you provided verified that all previously cited survey Deficiencies have been corrected.

The Plan of Correction process is now complete.

Furthermore, your agency is now determined to be in Compliance with all Conditions of Participation.

To maintain ongoing compliance with standards and regulations, continue to use the Quality Assurance (self-auditing) processes you described in your Plan of Correction.

Consistent use of these Quality Assurance processes will enable you to identify and promptly respond to problems, enhance your service delivery, and result in fewer deficiencies cited in future QMB surveys.

Thank you for your cooperation with the Plan of Correction process, for striving to come into compliance with standards and regulations, and for helping to provide the health, safety and personal growth of the people you serve.

Sincerely,

Monica Valdez, BS

Monica Valdez, BS
Healthcare Surveyor Advanced/Plan of Correction Coordinator
Quality Management Bureau/DHI
