ACRONYMS:
AWMD = Assisting With Medication Delivery
CM/SC = Case Managers/Service Coordinators
DS/DSS = Direct Support/Direct Support Supervisors
FHW = Foundations for Health and Wellness
PBSS = Positive Behavior Support Strategies
PCCM = Participatory Communication and Choice-Making
PCP = Person-Centered Planning
TSS = Teaching and Support Strategies

*If it has been several years since a potential trainer has taken the base class in which they are attempting to certify, the mentor may (at their discretion) require the potential trainer to re-take that particular training as part of their pre-requisites. This would be to ensure that person has experienced the most current version of the relevant training and has the course fresh in their memory.
